Fatimid History and Ismaili Doctrine Paul E. Walker, 2023-05-31 The thirteen studies in this volume explore critical problems in Fatimid history and historiography many specifically focused on the content of doctrinal writings produced by the Ismaili supporters and agents of this caliphate who worked on behalf of the dynasty both within the empire and outside Several concern issues in disputes that separated the various factions of Medieval Islam and served to distinguish the Ismailis from the rest often branding the Fatimids with the charge of heterodoxy Others deal with the consequence of Shiite rule over a largely non Shiite populace Yet others involve the relationship between religious ideology and the administration of government Among the themes featured in this collection there are separate investigations of institutions of learning of succession to the imamate the *da wa* the judiciary relations with the Byzantines and with the Abbasids and works on heresiography doctrines of time and the accusation that the Ismailis upheld the metempsychosis of the human soul The latter topics help to situate the Ismailis and hence the Fatimids within the broader context of Islamic thought **Short History of**

the Ismailis Farhad Daftary, 2020-03-31 No detailed description available for A Short History of the Ismailis The Isma'ilis: Their History And Doctrine Farhad Daftary, **Ismaili History and Intellectual Traditions** Farhad Daftary, 2017-08-07 The Ismailis represent an important Shi'i Muslim community with rich intellectual and literary traditions The complex history of the Ismailis dates back to the second eighth century when they separated from other Shi'i groups under the leadership of their own imams Soon afterwards the Ismailis organised a dynamic revolutionary movement known as the *da wa* or mission for uprooting the Sunni regime of the Abbasids and establishing a new Shi'i caliphate headed by the Ismaili imam By the end of the third ninth century the Ismaili *d s* operating secretly on behalf of the movement were active in

almost every region of the Muslim world from Central Asia and Persia to Yemen Egypt and the Maghrib This book brings together a collection of the best works from Farhad Daftary one of the foremost authorities in the field The studies cover a range of specialised topics related to Ismaili history historiography institutions theology law and philosophy amongst other intellectual traditions elaborated by the Ismailis The collation of these invaluable studies into one book will be of great interest to the Ismaili community as well to anyone studying Islam in general or Shi'i Islam in particular **The Ismā'īlīs: Their History and Doctrines**, 1990

Knowledge and Power in the Philosophies of Ḥamid al-Dīn Kirmānī and Mullā Ṣadrā Shīrāzī Sayeh Meisami, 2018-03-23 This book is a comparative study of two major Shi'ite thinkers from the Fatimid Egypt and Mullā Ṣadrā from the Safavid Iran demonstrating the mutual empowerment of discourses on knowledge formation and religious political authority in certain Ismaili and Twelver contexts The book investigates concepts narratives and arguments that have contributed to the generation and development of the discourse on the absolute authority of the imam and his representatives To demonstrate this key passages from primary texts in Arabic and Persian are translated and closely analyzed to highlight the synthesis of philosophical Sufi theological and scriptural discourses The book also discusses the discursive influence of Naṣr al-Dīn as a key to the transmission of Ismaili narratives of knowledge and authority to later Shi'ite philosophy and its continuation to modern and contemporary times particularly in the narrative of the guardianship of the jurist in the Islamic Republic of Iran

The Ismailis in the Middle Ages Shafique N. Virani, 2007-04-19 None of that people should be spared not even the babe in its cradle With these chilling words the Mongol warlord Genghis Khan declared his intention to destroy the Ismailis one of the most intellectually and politically significant Muslim communities of medieval Islamdom The massacres that followed convinced observers that this powerful voice of Shi'i Islam had been forever silenced Little was heard of these people for centuries until their recent and dramatic emergence from obscurity Today they exist as a dynamic and thriving community established in over twenty five countries Yet the interval between what appeared to have been their total annihilation and their modern seemingly phoenix like renaissance has remained shrouded in mystery Drawing on an astonishing array of sources gathered from many countries around the globe ***The Ismailis in the Middle Ages A History of Survival A Search for Salvation*** is a richly nuanced and compelling study of the murkiest portion of this era In probing the period from the dark days when the Ismaili fortresses in Iran fell before the marauding Mongol hordes to the emergence at Anjuman of the Ismaili Imams who provided a spiritual centre to a scattered community this work explores the motivations passions and presumptions of historical actors With penetrating insight Shafique N. Virani examines the rich esoteric thought that animated the Ismailis and enabled them to persevere A work of remarkable erudition this landmark book is essential reading for scholars of Islamic history and spirituality Shi'ism and Iran Both specialists and informed lay readers will take pleasure not only in its scholarly perception but in its lively anecdotes quotations of delightful poetry and gripping narrative style This is an extraordinary book of historical beauty and spiritual vision

The Oxford Handbook of

the History of Terrorism Carola Dietze, Claudia Verhoeven, 2022 The Oxford Handbook of the History of Terrorism presents a re evaluation of the major narratives in the history of terrorism exploring the emergence and the use of terrorism in world history from antiquity up to the twenty first century The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe where it interacted with and was transformed in accordance with local conditions It offers cogent arguments and well documented case studies that support a reading of terrorism as a modern phenomenon as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non Western parts of the world both for historical actors and academic commentators

The History of Central Asia Christoph Baumer, 2016-05-30 Between the ninth and the fifteenth centuries Central Asia was a major political economic and cultural hub on the Eurasian continent In the first half of the thirteenth century it was also the pre eminent centre of power in the largest land based empire the world has ever seen This third volume of Christoph Baumer s extensively praised and lavishly illustrated new history of the region is above all a story of invasion when tumultuous and often brutal conquest profoundly shaped the later history of the globe The author explores the rise of Islam and the remarkable victories of the Arab armies which inspired by their vital austere and egalitarian desert faith established important new dynasties like the Seljuks Karakhanids and Ghaznavids A golden age of artistic literary and scientific innovation came to a sudden end when between 1219 and 1260 Genghiz Khan and his successors overran the Chorasmian Abbasid lands Dr Baumer shows that the Mongol conquests while shattering to their enemies nevertheless resulted in much greater mercantile and cultural contact between Central Asia and Western Europe

Voices of Islam Virginia G. Blakemore-Henry, Vincent J. Cornell, Omid Safi, 2006-12-30 Despite frequent and extensive publications on Islam very few Americans indeed very few non Muslims truly understand the faith or the more than one billion adherents who live it This set presents the diversity and richness of Islam filling in the blanks and expanding our knowledge and understanding Portraying Muslims in all their humanity and diversity balances the images that have bombarded society and presents the reader with a fuller and more accurate picture of the Islamic faith and what it means to live as a Muslim in Muslim communities and as part of a broader tapestry of pluralism in the nations of the world What does it mean to share Muslim concerns To experience Muslim spirituality What is the difference between Sunni and Shiite sects Why do Muslims pray so frequently What is the reality of Muslim marriage and gender relations What is the meaning of jihad and martyrdom to a practicing Muslim What role do the arts and humanities play in modern Muslim life How are Islamic children raised These questions and others are answered in these volumes which bring together Muslim voices from around the world including men and women scholars and laypersons fundamentalists and progressives and others from various cultural political and Islamic backgrounds Personal experiences and poetry are included to illustrate the many different expressions of Islam

Islam in Historical Perspective Alexander Knysh, 2015-09-30. Islam in Historical Perspective integrates history of Islamic societies with discussion of how Muslim scriptures laws moral values and myths have shaped lives and thought of individual Muslims and various Muslim communities from the rise of Islam until today. It provides carefully selected historical and scriptural evidence that enables readers to form a comprehensive balanced vision of Islam's evolution. Author Alexander Knysh shows Muslims have made sense of their life experiences by constantly interpreting and re interpreting Islam's foundational ideas in accordance with ever changing social and political conditions. In addition to the combined historical and chronological approach the author offers in depth discussions of intellectual dialogues and struggles within Islamic tradition. He shows Islam to be a social and political force while addressing Muslim devotional practices artistic creativity and structures of everyday life and provides a wealth of historical anecdotes and quotations from original sources that are designed to illustrate principal points.

Minority Rights in the Middle East Joshua Castellino, Kathleen A. Cavanaugh, 2013-04-25. Within the Middle East there are a wide range of minority groups outside the mainstream religious and ethnic culture. This book provides a detailed examination of their rights as minorities within this region and their changing status throughout the twentieth and twenty first centuries. The rights of minorities in the Middle East are subject to a range of legal frameworks having developed in part from Islamic law and in recent years subject to international human rights law and institutional frameworks. The book examines the context in which minority rights operate within this conflicted region investigating how minorities engage with or are excluded from various sites of power and how state practice in dealing with minorities often ostensibly based on Islamic authority intersects with and informs modern constitutionalism and international law. The book identifies who exactly can be classed as a minority group analysing in detail the different religious and ethnic minorities across the region. The book also pays special attention to the plight of minorities who are spread between various states often as the result of conflict. It assesses the applicable domestic legislative instruments within the three countries investigated as case studies: Iraq Syria and Lebanon and highlights key domestic remedies that could serve as models for ensuring greater

social cohesion and greater inclusion of minorities in the political life of these countries *Realm of the Saint* Vincent J. Cornell, 2010-06-28 In premodern Moroccan Sufism sainthood involved not only a closeness to the Divine presence *walaya* but also the exercise of worldly authority *wilaya* The Moroccan Jazuliyya Sufi order used the doctrine that the saint was a substitute of the prophets and personification of a universal Muhammadan Reality to justify nearly one hundred years of Sufi involvement in Moroccan political life which led to the creation of the sharifian state This book presents a systematic history of Moroccan Sufism through the fifteenth and sixteenth centuries C E and a comprehensive study of Moroccan Sufi doctrine focusing on the concept of sainthood Vincent J Cornell engages in a sociohistorical analysis of Sufi institutions a critical examination of hagiography as a source for history a study of the Sufi model of sainthood in relation to social and political life and a sociological analysis of more than three hundred biographies of saints He concludes by identifying eight indigenous ideal types of saint that are linked to specific forms of authority Taken together they define sainthood as a socioreligious institution in Morocco

Islamic Law and International Human Rights Law Anver M. Emon, Mark Ellis, Benjamin Glahn, 2012-10-11 The relationship between Islamic law and international human rights law has been the subject of considerable and heated debate in recent years The usual starting point has been to test one system by the standards of the other asking is Islamic law compatible with international human rights standards or vice versa This approach quickly ends in acrimony and accusations of misunderstanding By overlaying one set of norms on another we overlook the deeply contextual nature of how legal rules operate in a society and meaningful comparison and discussion is impossible In this volume leading experts in Islamic law and international human rights law attempt to deepen the understanding of human rights and Islam paving the way for a more meaningful debate Focusing on central areas of controversy such as freedom of speech and religion gender equality and minority rights the authors examine the contextual nature of how Islamic law and international human rights law are legitimately formed interpreted and applied within a community They examine how these fundamental interests are recognized and protected within the law and what restrictions are placed on the freedoms associated with them By examining how each system recognizes and limits fundamental freedoms this volume clears the ground for exploring the relationship between Islamic law and international human rights law on a sounder footing In doing so it offers a challenging and distinctive contribution to the literature on the subject and will be an invaluable reference for students academics and policy makers engaged in the legal and religious debates surrounding Islam and the West

History of Central Asia, The: 4-volume set Christoph Baumer, 2018-04-18 This set includes all four volumes of the critically acclaimed History of Central Asia series The epic plains and arid deserts of Central Asia have witnessed some of the greatest migrations as well as many of the most transformative developments in the history of civilization Christoph Baumer's ambitious four volume treatment of the region charts the 3000 year drama of Scythians and Sarmatians Soviets and transcontinental Silk Roads trade routes and the transmission of ideas across the steppes and the breathless and brutal conquests of Alexander the Great and Chinghiz

Khan Masterfully interweaving the stories of individuals and peoples the author's engaging prose is richly augmented throughout by colour photographs taken on his own travels This set includes The Age of the Steppe Warriors Volume 1 The Age of the Silk Roads Volume 2 The Age of Islam and the Mongols Volume 3 and The Age of Decline and Revival Volume 4

The Nuṣayrī-ʿAlawī Religion Me'ir Mikha'el Bar-Asher, Arie Kofsky, 2002-01-01 The Nusayr s also known as cAlaw s have been in power in Syria for the past three decades Little is known of their origins or their long history while their religious creeds and thought are somewhat better known The main reason for our fragmentary knowledge of the Nusayr religion is that since its beginnings it has always been the secret faith of a self conscious elite that zealously guarded its sectarian literature The Nusayr cAlaw faith is a clear example of a syncretistic religion It combines and fuses elements of cults and creeds of very disparate and remote origins Among these are various pagan beliefs residues of ancient Mesopotamian and Syrian cults as well as Persian Christian Gnostic and Muslim both Sunn and Sh c religious precepts and practices All these components have been brought together in a syncretistic religious system that has assumed a heterodox Sh c garb The present volume presents a mosaic of fundamental aspects of Nusayr theology and liturgy It demonstrates the complexity of Nusayr theology and the diversity of religious thought within the Nusayr fold
