Israel's Laws and Legal Precedents Charles Foster Kent, 1907 **The Student's Old Testament: Israel's laws and legal precedents from the days of Moses to the closing of the legal canon** Charles Foster Kent, 1907 **Israel's Laws and Legal Precedents** Charles Foster Kent, 1907 **Israel's Laws and Legal Precedents** Charles Foster Kent, 2016-06-16

Excerpt from *Israel's Laws and Legal Precedents* From the Days of Moses to the Closing of the Legal Canon That inner history however is almost completely obscured by the confused order in which the laws at present are found Civil and ceremonial criminal and humane secular and religious ancient and late laws and legal precedents are all mingled together with little trace of systematic classification The one who seeks to read or study them is constantly distracted as in the book of Proverbs by the sudden transitions if he desires to determine the teaching of the Old Testament on a given theme it is only after the most laborious research that he is able to bring similar laws together Even when this preliminary work has been done the result is often perplexing for many of the laws contradict each other The present confused order is the inevitable result of the complex process of collecting editing and supplementing through which each of the legal books has passed The laws of many ancient and modern nations present close analogies Since law through gradual growth is adapted to the varying needs of succeeding generations there is an inevitable lack of order unless the whole body of enactments is frequently and thoroughly codified The first requisite therefore if the Old Testament legal literature is to be studied intelligently and profitably is that similar laws be grouped together and then that those in each resulting group be arranged in their chronological order For practical purposes it is important that all the regulations relating to a given subject be reproduced even at the cost of occasional repetitions It is also desirable to follow as far as it can be discovered the original Hebrew order of classification In Exodus 21:1-23:19 which contains the oldest collection of laws in the Old Testament About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
