many young Americans are highly trained to be skilled soldiers they have little or no training in dealing with the realities of combat They have not been trained to deal with the consequences of war namely psychological injuries deaths of close friends and the betrayal of what is morally right All this has lead to soldiers experiencing a spiritual death and emotional numbness The church and the government have ignored the soldiers who have been acting out Silencing the survivor is not working too many soldiers are suffering and it is time for the church and government to aid these heroic warriors This is a personal story of my struggle with my conscience and what I was asked to do It is a story of my battle with the psychological consequences of war and the spiritual battle that took place within my soul as I tried to recover from the horrors of war I in hope that it will help other young men and women deal with the realities of war **Harper's New Monthly Magazine**

I Do-Do Not Believe (This Book is for You) Craig J. Radford,2023-02-09 Does science prove God s existence or provide more reasons to doubt Does God truly exist That is the age old seemingly unanswerable question But what if there was an answer What if the answer has been staring us right in the face for centuries but we ve been too busy missing the forest for the trees This book invites you to take a step back and look at the broader picture It offers anecdotes observations and most importantly scientific evidence of the universal all encompassing culture transcending purpose that connects us all In that purpose we find many paths to a knowledge that has eluded humankind for as long as we have had the ability to wonder proof that God does indeed exist We find this knowledge in the stars in the nature of time in the laws of physics in our own bodies and in equations as complex as advanced calculus and unconditional love It s just a matter of knowing where and how to look In a centuries old debate that has always placed science in an adversarial role with faith this book brings the two camps together using logic and reason to prove the existence of God For the atheist these pages eschew scriptural references in favor of evolutionary philosophical cultural and natural evidence For the believer this book enhances your faith with affirmative arguments steeped in mathematics particle physics and a host of other scientific and real world observations And for anyone who has ever looked up at the sky and wondered what might lie beyond this book provides a clear compelling life affirming answer Desire is the starting point of all achievement not a hope not a wish but a keen pulsating desire which transcends everything Napoleon Hill As a secularist and humanist who doesn t share the same conclusions I was surprised with what an enjoyable read this is This is the strongest summary to date that I ve seen for the Theist position Jeremy Runnells author of the CES Letter Written through a Euro centric philosophical and western science lens one has the opportunity to consider not only the argument for and against the belief in a God but to contemplate a middle ground where the dualities of such sit squarely within the most important part of the equation the one who asks the question This book is a worthwhile read particularly for those seeking to dive more deeply into the self Jonathan Webb Dr of Theology      **Orange Coast Magazine** ,1988-08 Orange Coast Magazine is the oldest continuously published lifestyle magazine in the region bringing together Orange County s most affluent coastal communities through smart fun and timely editorial content as well as compelling photographs and design Each issue features an award winning blend of celebrity and newsmaker profiles service journalism and authoritative articles on dining fashion home design and travel As Orange County s only paid subscription lifestyle magazine with circulation figures guaranteed by the Audit Bureau of Circulation Orange Coast is the definitive guidebook into the county s luxe lifestyle      *The Horseless Age* ,1917      **World Englishes** Elena Seoane,Cristina Suárez-Gómez,2016-05-25 This book provides a collection of articles that reflect the
