**The Men with the Movie Camera** Philip Cavendish,2013-12-01 Unlike previous studies of the Soviet avant garde during the silent era which have regarded the works of the period as manifestations of directorial vision this study emphasizes the collaborative principle at the heart of avant garde filmmaking units and draws attention to the crucial role of camera operators in creating the visual style of the films especially on the poetics of composition and lighting In the Soviet Union of the 1920s and early 1930s owing to the fetishization of the camera as an embodiment of modern technology the cameraman was an iconic figure whose creative contribution was encouraged and respected Drawing upon the film literature of the period Philip Cavendish describes the culture of the camera operator charts developments in the art of camera operation and studies the mechanics of key director cameraman partnerships He offers detailed analysis of Soviet avant garde films and draws comparisons between the visual aesthetics of these works and the modernist experiments taking place in the other spheres of the visual arts

**Mexico Through Russian Eyes, 1806-1940** William Harrison Richardson, 2010-11-23 In this unique book William Richardson analyzes the descriptions given of Mexico by an assortment of Russian visitors from the employees of the Russian American Company who made their first contacts in the early nineteenth century to the artists diplomats and exiles of the twentieth century He explores the biases they brought with them and the interpretations they relayed back to readers at home Richardson finds that Russians had a particular empathy for the Mexicans sharing a perceived similarity in their histories conquest by a foreign power a long period of centralized authoritarian rule an attempt at liberal reform followed by revolution [A Knight at the Movies](#) John Aberth, 2012-10-02 Imagining the Middle Ages is an unprecedented examination of the historical content of films depicting

the medieval period from the 11th to the 15th centuries Historians increasingly feel the need to weigh in on popular depictions of the past since so much of the public's knowledge of history comes from popular mediums Aberth dissects how each film interpreted the period offering estimations of the historical accuracy of the works and demonstrating how they project their own contemporary era's obsessions and fears onto the past **Andrei Tarkovsky's Poetics of Cinema**

Thomas Redwood,2010-05-11 If you look for a meaning you'll miss everything that happens Almost twenty five years after the death of Andrei Tarkovsky the mystery of his films remains alive and well Recent years have witnessed an ever increasing number of film theorists critics and philosophers taking up the challenge to decipher what these films actually mean But what do these films actually show us In this study Thomas Redwood undertakes a close formal analysis of Tarkovsky's later films Charting the stylistic and narrative innovations in *Mirror* *Stalker* *Nostalgia* and *The Sacrifice* Redwood succeeds in shedding new light on these celebrated but often misunderstood masterpieces of narrative film Tarkovsky is revealed here both as a cinematic thinker and as an artistic practitioner a filmmaker of immense poetic significance for the history of cinema **Composing for the Red Screen**

Kevin Bartig,2013-04-04 Sound film captivated Sergey Prokofiev during the final two decades of his life he considered composing for nearly two dozen pictures eventually undertaking eight of them all Soviet productions Hollywood luminaries such as Gloria Swanson tempted him with commissions and arguably more people heard his film music than his efforts in all other genres combined Films for which Prokofiev composed in particular those of Sergey Eisenstein are now classics of world cinema Drawing on newly available sources *Composing for the Red Screen* examines for the first time the full extent of this prodigious cinematic career Author Kevin Bartig examines how Prokofiev's film music derived from a self imposed challenge to compose serious music for a broad audience The picture that emerges is of a composer seeking an individual film music voice shunning Hollywood models and objecting to his Soviet colleagues ideologically expedient film songs Looking at Prokofiev's film music as a whole with well known blockbusters like *Alexander Nevsky* considered alongside more obscure or aborted projects reveals that there were multiple solutions to the challenge each with varying degrees of success Prokofiev carefully balanced his own populist agenda the perceived aesthetic demands of the films themselves and later on Soviet bureaucratic demands for accessibility Hypermodern Cinematic Audiovisuality

Jarmo Valkola,2025-06-23 The hypermodern sense of audiovisuality relates to the proliferation of new media technologies in ordering ideas and orchestrating a plurality of media devices particularly for educational purposes We are dealing with the emergence of an increased sensibility towards hypermodern intentions in the sectors of cinema media and arts Offering the concept of media literacy we can approach the educational challenges that are brought within This book calls for a new patterned focus of our intentions in the middle of a wide variety of choices and new calculated devices that are brought in to increase our capability to control the rise of new media Among these discourses and efforts that paved the way to illustrate and control our historical and cultural visions in the poignancy of our hypermodern times we can open historicise and expand

our views towards the necessary proliferation of a sense of audiovisuality The approach adopted is broad and extensive covering and ranging from psychology cognitive and phenomenological studies to neuroscience as well as to art film media and cultural studies Hypermodern perspectives constitute and comprise a problematic reiterative field for academic and intellectual forward thinking There is no single definition of hypermodern and its several standpoints may have semantic and other overlaps
