Engaging in Social Interventions (Volume 2) Rajalakshmi Sriram, 2014-01-01 Engaging in Social Interventions by Professor Rajalakshmi Sriram is a product of her years of involved, sensitive, and empathetic engagement in the field as a highly competent scholar and professional. The book provides a roadmap to fieldwork in social settings by presenting a balanced blend of theoretical exposition and inputs for practicum. The book sets a benchmark for competent scholarship and presents its content in an extremely well-organized manner for those students and professionals who are seeking to engage in meaningful social intervention in a variety of institutional, community, and family settings as well as for their supervisors and mentors. Besides helping one understand the nature of fieldwork and one's role as a professional, the book also helps in understanding communication issues, tools, and methods, planning, implementation, and reporting. Further, it guides aspiring social intervention professionals in developing self-awareness and reflective skills and in transitioning to competence. The book is so comprehensive in its coverage that it leaves very little untouched for the inquisitive and apprehensive learner about entering complex field settings and confronting the diverse challenges that such settings entail. Typical FAQs are addressed, and the book proves to be a lucid, easily readable, one-stop resource that is conducive and motivational for learning. A great value addition comes in the form of boxes, figures, and exercises constructed from reflections of experts. These are based on their experience and provide useful insights for effectively navigating one's learning path.
