The book is organized as a series of walking tours. The 6th edition features more than thirty new structures and updated maps.      **Writing Signs** Irene A. Bierman, 1998-12-16 Irene Bierman explores the complex relationship between alphabet and language as well as the ways the two elements are socially defined by time and place. She focuses her exploration on the Eastern Mediterranean in the sixth through twelfth centuries, notably Cairo's Fatimid dynasty of 969-1171. Examining the inscriptions on Fatimid architecture and textiles, Bierman offers insight into all elements of that society, from religion to the economy and the enormous changes the dynasty underwent during that period. Bierman addresses fundamental issues of what buildings mean, how inscriptions affect that meaning, and the role of written messages and the ceremonies into which they are incorporated in service of propagandist goals. Her method and conclusions provide a pioneering model for studying public writing in other societies and offer powerful evidence to show that writing is a highly charged and deeply embedded social practice.      **AIA Guide to the Architecture of Washington, D.C.** G. Martin Moeller Jr., 2012-06-04 Third Place Winner Design and Effectiveness Award of the Washington Publishers. This lively and informative guide offers tourists, residents, and architecture aficionados alike insights into more than 400 of Washington D.C.'s most important landmarks. Organized into 19 discrete tours, this thoroughly redesigned and updated edition includes 45 new entries encompassing the House of Sweden and the U.S. Institute of Peace, classic buildings that epitomize the city, the White House, the Capitol, Union Station, and a number of private buildings off the beaten path. G. Martin Moeller Jr. blends informed, concise descriptions with engaging commentary on each landmark, revealing often surprising details of the buildings' history and design. Every entry is accompanied by a photograph and includes the structure's location, its architects and designers, and the corresponding dates of completion. Each entry is keyed to an easy-to-read map at the beginning of the tour. From the imposing monuments of Capitol Hill and the
