

A 3D illustration of a person carrying a large box towards a staircase made of boxes. The person is a small figure, seen from behind, carrying a large, light-brown rectangular box on their back. They are walking on a light-colored, textured ground. To their right is a staircase made of many similar light-brown rectangular boxes, arranged in a series of steps that ascend towards the right. The staircase is composed of several rows of boxes, with the number of boxes per row increasing as the steps go up. The person's shadow is cast long and dark on the ground, following their path. The overall scene suggests a journey or a process of building up something, with the person carrying a heavy load towards a goal represented by the staircase.
