Handbook On Critical Sexual Issues:

Handbook on Critical Sexual Issues Donald G. McCarthy, Edward J. Bayer, John A. Leies, 1989 **Handbook on Critical Sexual Issues** Donald G. McCarthy, Edward J. Bayer, 1984-01-01 Examines the teachings of the Catholic Church concerning marriage and sexuality and discusses the morality of birth control reproductive technology and homosexuality **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), **Sexuality and Medicine** E.E. Shelp, 2012-12-06 It may be unnecessary to some to publish a text on sexuality in 1986 since the popular press speaks of the sexual revolution as if it were over and was possibly a mistake Some people characterize society as too sexually obsessed and there is an undercurrent of desire for a return to a supposedly simpler and happier time when sex was not openly discussed displayed taught or even presumedly contemplated Indeed we are experiencing something of a backlash against open sexuality and sexual liberation For example during the 60s and 70s tolerance of homosexual persons and homosexuality increased Of late there has been a conservative backlash against gay rights laws Sexual intercourse before marriage which had been considered healthy and good has been of late characterized as promiscuous In fact numerous articles have appeared about the growing popularity of sexual abstinence There is a renewed vigor in the fight against sex education in the schools and an anti pornography battle being waged by those on the right and those on the left who organize under the guise of such worthy goals as deterring child abuse and rape but who are basically uncomfortable with diverse expressions of sexuality One would hope that such trends and the ignorance about sex and sexuality that they reflect would not touch medical professionals That Dr The Routledge Handbook of Disability and Sexuality Russell Shuttleworth, Linda Mona, 2020-12-29 This handbook provides a much needed holistic overview of disability and sexuality research and scholarship With authors from a wide range of disciplines and representing a diversity of nationalities it provides a multi perspectival view that fully captures the diversity of issues and outlooks Organised into six parts the contributors explore long standing issues such as the psychological interpersonal social political and cultural barriers to sexual access that disabled people face and their struggle for sexual rights and participation The volume also engages issues that have been on the periphery of the discourse such as sexual accommodations and support aimed at facilitating disabled people's sexual well being the socio sexual tensions confronting disabled people with intersecting stigmatised identities such as LGBTBI or asexual and the sexual concerns of disabled people in the Global South It interrogates disability and sexuality from diverse perspectives from more traditional psychological and sociological models to various subversive and post theoretical perspectives and queer theory This handbook examines the cutting edge and sometimes ethically contentious concerns that have been repressed in the field With current international and comprehensive content this book is essential reading for students academics and researchers in the areas of disability gender and sexuality as well as applied disciplines such as healthcare practitioners counsellors
