Handel And His Autographs

Alexander Hyatt King

Handel And His Autographs:

Handel and His Autographs Alec Hyatt King, British Museum, 1967 **Handel and His Autographs. [Mit Portr.]** Alexander Hyatt King, 1967 A Catalogue of Handel's Musical Autographs Donald Burrows, Martha J. Ronish, 1994 This catalogue presents a complete survey of the surviving autographs of Handel's music more than 7 500 leaves in the composer's hand written over a period of nearly fifty years Works and movements for which autographs survive are identified and essential information about the physical characteristics are recorded including the watermark type for each leaf of paper the types of rastra employed and the presence of pencil annotations All watermark types are illustrated with full size diagrams

Handel's Messiah Amanda Babington, 2024-06-07 The soundtrack of the Christmas season for many music lovers Messiah is performed annually by choral societies across the world And so perhaps unsurprisingly many aspects of it have been explored by scholars over the years The work is the subject of several listeners guides and there are a number of books and articles of various lengths that describe the biographical circumstances of the work's formation and details of its many performances many including lists of singers for each performance an area that has itself spawned a whole field of research There has been no extensive study of the creative process of Messiah however since 1969 This book seeks to redress this imbalance by providing a thorough investigation of the work's creative process Beginning with the creative process of the libretto it examines the earliest sketches Handel's use of pre-existent material alterations made to the autograph score and the latest versions of movements Each stage of composition is examined via primary source material with particular reference to the autograph score and conducting score Each chapter is formed as a case study and contains related discussion points for use in teaching or study settings **Autograph Prices Current ...**, 1916 Being a complete alphabetical and chronological record of all autograph letters documents manuscripts sold by auction in London with the date and place of sale name of purchaser and price of each lot together with a comprehensive reference index *New Perspectives on Handel's Music* David Vickers, 2022 Much like a baroque dramma per musica this book is divided into a three parts Part I introduces the principal characters Handel's musical works in different genres and diverse aspects of his musical style and creative practices Part II develops complications to the plot there is new information about the authenticity and chronology of works and analysis of musical literary and documentary sources Part III brings all of these scholarly strands together and leads to a set of outcomes a fresh examination of the broader context of Handel's music in relation to his contemporaries and collaborators sits alongside reception studies This collection will be essential reading for baroque music admirers performers experts and students David Vickers is Lecturer in Academic Studies at Royal Northern College of Music Manchester and Council Member of the Handel Institute *Catalogue* Sotheby, Wilkinson & Hodge, 1917 Operatic Pasticcios in 18th-Century Europe Berthold Over, Gesa zur Nieden, 2021-04-16 In Early Modern times techniques of assembling compiling and arranging pre-existing material were part of the established working methods in many arts In the

world of 18th century opera such practices ensured that operas could become a commercial success because the substitution or compilation of arias fitting the singer's abilities proved the best recipe for fulfilling the expectations of audiences. Known as pasticcios since the 18th century, these operas have long been considered inferior patchwork. The volume collects essays that reconsider the pasticcio, contextualize it, define its preconditions, look at its material aspects, and uncover its aesthetical principles.

Dance in Handel's London Operas Sarah Yuill McCleave, 2013 Examines the pivotal role of dance in the Italian operas of Handel, perhaps the greatest opera composer between Monteverdi and Mozart. George Frideric Handel set himself apart from his contemporaries by employing choreographed instrumental music to complement and reinforce the emotional impact of his operas. Of his fifty-three operas, no fewer than fourteen, including ten written for the London stage, feature dances. *Dance in Handel's London Operas* explores the relationship between music, drama, and dance in these London works, dispelling the notion that dance was a largely peripheral element in Italian language operas prior to those of Gluck. Taking a chronological approach, Sarah McCleave examines operas written throughout various periods in Handel's life, beginning with his early London operas, including his time at the Royal Music Academy and the *Sall* operas of the 1730s, and concluding with his unstaged dramatic opera *Alceste* (1750). In considering the various influences on Handel, particularly the London stage, McCleave blends analysis of information from eighteenth-century treatises with that found in more modern studies, offering an informed and imaginative understanding of the role dance played in the work of this major figure, one who remained responsive throughout his career to the vital and innovative theatrical environment in which he worked. Sarah McCleave is a lecturer at The School of Creative Arts at Queen's University Belfast.

Addresses and Lectures George Alexander Macfarren, 1888

Companion to Contemporary Musical Thought John Paynter, 1992

Reader's Guide to Music Murray Stein, 2013-12-02 The *Reader's Guide to Music* is designed to provide a useful single-volume guide to the ever-increasing number of English language book-length studies in music. Each entry consists of a bibliography of some 3-20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic. The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked, from early chant to rock and roll, and topics important to the various disciplines of music scholarship, from aesthetics to gay/lesbian musicology.

The Monthly Musical Record, 1891

The Recorder Richard W. Griescom, David Lasocki, 2013-06-17 A Choice Best Academic book in its first edition, *The Recorder* remains an essential resource for anyone who wants to know about this instrument. This new edition is thoroughly redone, takes account of the publishing activity of the years since its first publication, and still follows the original organization.

Performance Practice Roland Jackson, 2013-10-23 *Performance practice* is the study of how music was performed over the centuries, both by its originators, the composers and performers who introduced the works, and later by revivalists. This first of its kind Dictionary offers entries on composers, musicians, performers, technical terms, performance centers, musical instruments, and genres, all

aimed at elucidating issues in performance practice This A Z guide will help students scholars and listeners understand how musical works were originally performed and subsequently changed over the centuries Compiled by a leading scholar in the field this work will serve as both a point of entry for beginners as well as a roadmap for advanced scholarship in the field

Handel's Oratorios and Eighteenth-Century Thought Ruth Smith,1995-05-04 In this wide ranging and challenging book Ruth Smith claims that the words to Handel s oratorios reflect the events and ideas of their time and have far greater meaning than has hitherto been realised She explores eighteenth century literature music aesthetics politics and religion to reveal Handel s texts as conduits for the thought and sensibility of their time The book thus enriches our understanding of Handel his times and the close relationship between music and its intellectual contexts *The Crystal palace magazine* 1857 ,1857 **Handel** Donald Burrows,2012-06-15 Handel was a defining figure of the late Baroque era perhaps best known for bringing the oratorio form to an English speaking audience This insightful study brings to life the glory of his artistry his elusive personality and the flavour of his time The Saturday Review of Politics, Literature, Science, Art, and Finance ,1912 Autographs & documents illustrative chiefly of English history and literature, exhibited in the Manuscript saloon.- pt. II. Manuscripts (palaeographical and Biblical series and chronicles) charters and seals, exhibited in the Manuscript saloon.- pt. III. Illuminated manuscripts and bindings of manuscripts exhibited in the Grenville Library British Museum. Department of Manuscripts,1912
