about convicts their immediate interlocutors and their contexts however but about how together these open a window into the history of social uplift projects within the neo colonial societies of the Caribbean There is no book like this in Caribbean historiography few examine these themes in the larger literature on the history of prisons Obstinate Star Rafael Bernabe,2024-09-23 Obstinate Star is a history of Puerto Rico s independence struggle against Spanish and U S colonialism From the time of the Napoleonic Wars it traces the movement s currents within and beyond the island linking them to ongoing social conflicts and international trends and conjunctures Beginning with the radical democratic fight against Spanish control it moves on to the early reactions to U S rule the role of Nationalism Communism and New Deal currents during the Great Depression and the Second World War the rise of new forces in the wake of the Cuban revolution and recent struggles in the epoch of capitalist globalisation Contemporary Caribbean Cultures and Societies in a Global Context Franklin W. Knight,Teresita Martínez-Vergne,2006-05-18 The Caribbean ranks among the earliest and most completely globalized regions in the world From the first moment Europeans set foot on the islands to the present products people and ideas have made their way back and forth between the region and other parts of the globe with unequal but inexorable force An inventory of some of these unprecedented multidirectional exchanges this volume provides a measure of as well as a model for new scholarship on globalization in the region Ten essays by leading scholars in the field of Caribbean studies identify and illuminate important social and cultural aspects of the region as it seeks to maintain its own identity against the unrelenting pressures of globalization These essays examine cultural phenomena in their creolized forms from sports and religion to music and drink as well as the Caribbean manifestations of more universal trends from racial inequality and feminist activism to indebtedness and economic uncertainty Throughout the volume points to the contending forces of homogeneity and differentiation that define globalization and highlights the growing agency of the Caribbean peoples in the modern world Contributors Antonio Benitez Rojo 1931 2004 Alex Dupuy Wesleyan University Juan Flores City University of New York Graduate Center Jorge L Giovannetti University of Puerto Rico Aline Helg University of Geneva Franklin W Knight The Johns Hopkins University Anthony P Maingot Florida International University Teresita Martinez Vergne Macalester College Helen McBain Economic Commission for Latin America the Caribbean Trinidad Frances Negron Muntaner Columbia University Valentina Peguero University of Wisconsin Stevens Point Raquel Romberg Temple University Caribbean Currents Peter Manuel,Kenneth Bilby,Michael Largey,2012-06-20 The classic introduction to the Caribbean s popular music brought up to date Smoker beyond the Sea Juan José Baldrich,2022-10-21 In this groundbreaking volume Juan Jos Baldrich traces the deep changes affecting Puerto Rican tobacco growers and manufacturers and their export markets from the Spanish colonization of the island to the present Based on more than twenty years of research in the United States and Puerto Rico the book sheds light on the important history of tobacco in Puerto Rico while highlighting the people and practices that have indelibly shaped Puerto Rico and its culture Smoker beyond the Sea The Story of Puerto Rican Tobacco is

a work of recovery that examines tobacco's transitions from medicinal use to rolls fit for chewing and pipe smoking followed by the appropriation of the Cuban paradigm for cigars and cigarettes and finally to the US models after the 1898 invasion. This pioneering volume also offers the only history of the US tobacco monopoly in local agriculture and manufacture from its beginning in 1899 to the bankruptcy of its last successor company forty years later. Baldrich's extensive research documents the organization of the cigar and cigarette manufacturing sectors and the resulting development of trade unions and socialist ideals. This multidisciplinary investigation gives due attention to the modifications that farmers made to tobacco planting and harvesting techniques in fine tuning plants to the expected aromas and tastes of the manufactured commodities. In addition, Baldrich pays considerable attention to gender relations in the labor process not only in the manufacturing sector but also in tobacco agriculture. The book also provides the only narrative of the rise and maturity of the Hermanos Cheos, a powerful apocalyptic movement that began and spread in the tobacco growing regions. Ultimately, this encompassing volume fills a major gap in the histories of tobacco producing islands in the Caribbean.

The Expressive Lives of Elders Jon Kay, 2018-09-20. Can traditional arts improve an older adult's quality of life? Are arts interventions more effective when they align with an elder's cultural identity? In *The Expressive Lives of Elders*, Jon Kay and contributors from a diverse range of public institutions argue that such mediations work best when they are culturally, socially, and personally relevant to the participants. From quilting and canning to weaving and woodworking, this book explores the role of traditional arts and folklore in the lives of older adults in the United States, highlighting the critical importance of ethnographic studies of creative aging for both understanding the expressive lives of elders and for designing effective arts therapies and programs. Each case study in this volume demonstrates how folklore and traditional practices help elders maintain their health and wellness, providing a road map for initiatives to improve the lives and well-being of America's aging population.
