How to Do Public Policy Anke Hassel,Kai Wegrich,2022-03-15 How to Do Public Policy offers a guide to students and practitioners on how to improve problem solving with policies in a political world It integrates insights from applied policy analysis and studies of the policy process to develop a framework that conceives policy making as structured by two spheres of action the engine room of specialists and experts in government agencies NGOs research organizations etc on the one hand and the political superstructure of politicians key public stakeholders and the public on the other hand Understanding the different logics of the engine room and the superstructure is key for successful policy making The dual structure of policy making provides a perspective on policy analysis interactive policy analysis and policy making actor centred policy making that moves from the focus on individual and specific measures towards understanding and shaping the relation and interaction between policy interventions the institutional context and the stakeholders involved or affected Part I of the book presents the basic analytical concepts needed to understand the policy process and the structures and dynamics involved in it as well as to understand how and why actors behave the way they do and how to engage with different types of actors Part II moves further into the nuts and bolts of policy making including policy design implementation and evaluation Part III introduces and explores three key aspects of the capacity to make good policies engagement with stakeholders the process of policy coordination in a context of interdependence and the role of institutions

The Future of Evaluation

Wolfgang Meyer,Reinhard Stockmann,2016-01-26 Evaluation has become an important instrument for rational governance and is used in an increasing number of countries and policy fields Recent developments at the global national and local level are changing the conditions and functions of evaluation worldwide This book examines current global development trends and changing demands for evaluation It addresses issues surrounding professionalisation and globalisation examining the need to strengthen accountability for social development in various different policy fields regions and countries to improve governance and its impacts on social betterment It also considers issues of quality utility and further education and the upgrading of evaluation in a broad variety of different organisations such as multilateral donor organisations national public administrations private consultancies civil society organisations universities and research institutes With contributions from 30 different countries this book combines a broad variety of viewpoints to examine the global future of evaluation

Responsibility and Governance David Crowther,Shahla Seifi,Tracey Wond,2018-07-02 This book examines various aspects of changes to business behavior through the lenses of the twin pillars of sustainability responsibility and governance It discusses whether the focus of corporate social responsibility has changed so much that we need to think about redefinitions of key concepts in the field and analyses both the theory and practice in a variety of ways to enable conclusions to be drawn about the changes needed to any definitions This approach is based on the tradition of the Social Responsibility Research Network which in its 15 year history has sought to broaden the discourse and to treat all research as inter related and

relevant to business This book consists of the best contributions from the 16th International Conference on Corporate Social Responsibility and 7th Organisational Governance Conference held in Derby United Kingdom in August September 2017

Introduction to Comparative Public Administration Sabine Kuhlmann, Hellmut Wollmann, Renate Reiter, 2025-02-12 This updated third edition of the *Introduction to Comparative Public Administration* explores the cultural organizational personnel and financial aspects of public administration across a wide range of European countries The authors provide country profiles comparative reform assessments and case studies to highlight the similarities and differences among European public administrations with key learning objectives highlighted for each chapter

The Routledge Handbook of Waste, Resources and the Circular Economy Terry Tudor, Cleber JC. Dutra, 2020-12-27 The Handbook introduces contextualises critiques and discusses a range of perspectives associated with the concept of the circular economy These perspectives span an array of subjects including economics environmental policymaking sociology environmental science environmental and industrial engineering management international development and human geography A fundamental underpinning of the Handbook is that it takes account of a wide range of sectors as well as geographical perspectives that incorporate both a Global North and Global South world context This approach is crucial because it is only within such a holistic perspective that the circular economy concept can truly be examined In addition these issues are examined both from a theoretical as well as a practical perspective using real world case studies for illustration Given its wide subject sectoral and geographical areas of focus the Handbook should be of value not only for those undertaking research in the field of circular economy but also stakeholders involved in policymaking as well as decision making on the front line

Understanding Canadian Public Administration Gregory J. Inwood, 2025-03-07 *Understanding Canadian Public Administration* introduces students to both the theory and the practice of public administration in Canada It surveys the basic elements of the field in a historical context but with close attention to contemporary issues and developments to emphasize the real day to day impacts of public administration The text provides an overview of the field in the context of democratic government including a comparison of the roles of the private and public sectors The real world of government is examined with a focus on how theoretical ideas are translated into practice This fifth edition features updates on topical issues and new developments in the field including the impact of the Covid 19 pandemic on governmental policy and action as well as new and updated sections on Aboriginal self government human resources accountability financial management and intergovernmental administrative relations *Understanding Canadian Public Administration* invites students to examine the issues of public administration from their own viewpoints and through their own experiences bringing the field to life and making it immediately relevant to their current context
