**Handbook of Successful Franchising** Mark P. Friedlander, Gene Gurney, 1990      **The Franchising Handbook** Carl Reader, 2016-07-14 Most small business books focus on what it takes to start a small business and not what it takes to start a franchise At best these books might allocate a single chapter to the concept of franchising and at worst the author presumes that franchises are the same as any other business start up The world of franchising has its own nuances and advice that works for 99% of start ups would not apply to franchising In fact well meaning advice can often be detrimental to potential franchisees This book is focused on making sure that potential franchisees are aware of the specific journey ahead of them As franchising is a two way business arrangement it includes exactly what franchisors are looking for what can or cannot be negotiated with a franchisor and how best to present yourself to ensure that you win the franchise you want      **Franchise Opportunities Handbook** , 1994 This is a directory of companies that grant franchises with detailed information for each listed franchise      *Franchise Opportunities Handbook* United States.
