**Best Advice on Starting a Happy Marriage** Stacia Ragolia, 2003-05-12. More than 2,300,000 couples get married every year in America. And as each of these couples embarks on a new marriage, there's an almost universal hope for years of happiness. As any couple that's been married for longer than a week will tell you, achieving that dream takes work on the part of both partners. *Best Advice on Starting a Happy Marriage* presents real solutions from women who've navigated the course of marriage over the years and covers such topics as communication, fighting fair, and keeping the romantic flame alive. This book will inspire and help newlyweds as they build their union and serve as a wonderful engagement, bridal shower, or wedding gift. If your goal is to achieve a solution to a problem, then two heads really are better than one. But if there is a need for one person to always be right, then the problem will just continue. Put the egos aside. Remember that romance and making up after a fight is not just about flowers or sweet talk. Do thoughtful, practical things for your spouse to show you're sorry or that you care: pick up a special treat for him at the grocery store or fill up a tank of gas when you know he'll be pressed for time. Remember that you are best friends. ***Building a Successful Marriage*** Judson Taylor Landis, Mary G. Landis, 1973.

**American Book Publishing Record**, 2001. **Definitive Guide on Financial Planning in Marriage** Joseph N. Iwuala, CPA, FCA, 2023-11-22. The purpose of this book is to help couples to build solid marriages devoid of financial conflicts and marital dissolutions due to money arguments in marriage by understanding financial planning in marriage, God's design for marriage, commitment in marriage, and the need to put one's spouse above the love for money. This book will help rescue couples teetering on the edges of separation and divorce because of money arguments in marriage. Scholarly research has found that thousands of couples are separated or divorced yearly because of money arguments in marriage. The enemy of the family knows that once couples are separated, those under their care, such as their children, will be vulnerable to all kinds of social vices such as drug use, dropping out of school, ending up in jail, prostitution, and having children as single parents. Children raised in broken homes do not perform well in a society like those born and raised in two-parent homes. ***How to Handle Your Human Relations*** Lois Haines Sargent, 2006-11.
