The Healing Wisdom of Mary Magdalene Jack Angelo,2015-02-22 An in depth study of the heart centered teachings of Mary Magdalene Explains how the Fourth Gospel of the New Testament specifically the Gospel of Signs is actually a direct transcription of Mary Magdalene s oral teachings Reveals Mary Magdalene as a gifted visionary teacher and the best qualified disciple to lead the Jesus movement after his death Details how the Gospel of Signs outlines 7 key steps for personal transformation and healing The discovery and translation of the Gnostic Gospels have revealed Mary Magdalene to be a gifted visionary teacher and the best qualified disciple to lead the Jesus movement following his death Yet according to most scholars only a few fragments of her actual teachings have survived Sharing more than 20 years of research inspired by a profound experience at the cave in southern France where Mary Magdalene is reputed to have spent her final years Jack Angelo reveals that the Fourth Gospel of the New Testament traditionally attributed to John is actually a direct transcription of Mary Magdalene s oral teachings He explains how the Fourth Gospel was recast by more conservative members of the Jesus movement such as Peter and Andrew to hide Mary s authorship and suppress her role as head disciple Delving deeply into the many layers of meaning within the Gospel of Signs the first 11 chapters of the Fourth Gospel which describe seven of Jesus miracles he shows how Mary s teachings outline seven key steps for personal transformation and profound healing For example the sixth sign describes the shamanic healing of a blind man when Jesus spits on clay and smears the paste over the man s eyes Angelo explains how the deeper meaning of this sign is about perceiving with the eyes of the heart Beyond the beauty and simplicity of Mary s wisdom for personal transformation and healing Angelo also shows how Mary s heart centered teachings embody the resurgence of feminine energy that is vitally needed to restore balance to the psyche and health of humanity as well as to Earth
