## **Hanged Mans Story:**

*The Hanged Man* Robert Bartlett, 2013-07-17 Seven hundred years ago executioners led a Welsh rebel named William Cragh to a wintry hill to be hanged They placed a noose around his neck dropped him from the gallows and later pronounced him dead But was he dead While no less than nine eyewitnesses attested to his demise Cragh later proved to be very much alive his resurrection attributed to the saintly entreaties of the defunct Bishop Thomas de Cantilupe The Hanged Man tells the story of this putative miracle why it happened what it meant and how we know about it The nine eyewitness accounts live on in the transcripts of de Cantilupe's canonization hearings and these previously unexamined documents contribute not only to an enthralling mystery but to an unprecedented glimpse into the day to day workings of medieval society While unraveling the haunting tale of the hanged man Robert Bartlett leads us deeply into the world of lords rebels churchmen papal inquisitors and other individuals living at the time of conflict and conquest in Wales In the process he reconstructs voices that others have failed to find We hear from the lady of the castle where the hanged man was imprisoned the laborer who watched the execution the French bishop charged with investigating the case and scores of other members of the medieval citizenry Brimming with the intrigue of a detective novel *The Hanged Man* will appeal to both scholars of medieval history and general readers alike

**The Hanging Man's Ballad** Pasquale De Marco, 2025-07-13 In the heart of the Australian outback where the land stretches endlessly and the sky meets the earth a tale of life death and redemption unfolds *The Hanging Man's Ballad* is a poignant and thought provoking novel that explores the complexities of human nature and the power of human connection It tells the story of two men bound by fate and circumstance who find themselves locked in a dance of life and death Jack Dolan a condemned bushranger awaits his final day on earth haunted by the choices that led him to this desolate place Constable Thomas Barrett a man of the law is tasked with overseeing the execution burdened by the weight of his profession and the ghosts of past hangings As the clock ticks inexorably towards dawn these two men find themselves confined within the walls of a small hut a microcosm of their stark reality With each passing hour the boundary between them begins to blur as they share their stories their fears and their hopes Jack speaks of a life marked by poverty injustice and the desperate choices that led him to a life of crime Thomas listens his heart torn between duty and compassion seeing a reflection of himself in the condemned man As the night wears on the hut transforms into a confessional a sanctuary where two souls find solace in the face of darkness They discover a common ground a shared humanity that transcends their differences In the flickering light of the dying fire they find a momentary respite from the harsh realities of their existence But as the first rays of dawn pierce through the window they know that their time together is drawing to a close The clock has stopped ticking and the dance of life and death reaches its inevitable conclusion *The Hanging Man's Ballad* is a powerful and moving story that explores the themes of justice redemption and the indomitable spirit of the human soul It is a tale that will linger in your mind long after you finish reading it If you like this book write a review

**Medieval and Early Modern Representations of Authority in Scotland and the British Isles** Kate Buchanan, Lucinda H.S. Dean, 2016-05-20

What use is it to be given authority over men and lands if others do not know about it Furthermore what use is that authority if those who know about it do not respect it or recognise its jurisdiction And what strategies and language written and spoken visual and auditory material cultural and political did those in authority throughout the medieval and early modern era use to project and make known their power These questions have been crucial since regulations for governance entered society and are found at the core of this volume In order to address these issues from an historical perspective this collection of essays considers representations of authority made by a cross section of society within the British Isles Arranged in thematic sections the 14 essays in the collection bridge the divide between medieval and early modern to build up understanding of the developments and continuities that can be followed across the centuries in question Whether crown or noble government or church burgh or merchant all desired power and influence but their means of representing authority were very different These essays encompass a myriad of methods demonstrating power and disseminating the image of authority including material culture art literature architecture and landscapes saintly cults speeches and propaganda martial posturing and strategic alliances music liturgy and ceremonial display Thus this interdisciplinary collection illuminates the variable forms in which authority was presented by key individuals and institutions in Scotland and the British Isles By placing these within the context of the European powers with whom they interacted this volume also underlines the unique relationships developed between the people and those who exercised authority over them

distinguishes itself from others by bringing together journalism crowds lynching spectatorship and literature in new and innovative ways that uncover how American literature at the turn of the twentieth century confronted and pushed beyond passive observation and static visual performances which are traditionally associated with the terms spectator and spectacle. The crowds in fictional lynch mob scenes clash with the idea of positive collective action because the crowd's vigilantism defies legitimate legal and democratic processes. Lynch mobs in contrast to other crowds like strikes or political rallies do not reclaim the democratic process from the control of the powerful and wealthy but rather oppose those practices violently without regard to justice. As a figure who is simultaneously within and outside the crowd, the spectator often in the form of a reporter character is in a unique position to express the fractures occurring between the individual and the collective in American society. Racial conflicts are a key aspect of the crowd scenes examined. American writers contended with these issues by using the spectator to observe, question, and challenge readers to consider the impact on the structure of American society.
