Divided Borders Juan Flores, 1992-01-01 *Divided Borders: Essays on Puerto Rican Identity* is a collection of essays on history, literature, and culture by the celebrated commentator on Puerto Rican and Caribbean culture in the United States, Juan Flores. He is the recipient of the prestigious Casa de las Américas award for his monograph on Puerto Rican identity. Included are: Puerto Rican Literature in the United States; Stages and Perspectives: The Insular Vision; Pedreira and the Puerto Rican Misère; National Culture and Migration; Perspectives of the Puerto Rican Working Class; Living Borders; Buscando América; Languages of Latino Self-Formation; and many others. *Puerto Rican Jam* Frances Negrón-Muntaner, Ramón Grosfoguel, 1997 Challenges the framing of Puerto Rican cultural politics as a dichotomy between nationalism and colonialism. Discussions of Puerto Rican cultural politics usually fall into one of two categories: nationalist or colonialist. *Puerto Rican Jam* moves beyond this narrow dichotomy, elaborating alternatives to dominant postcolonial theories and includes essays written from the perspectives of groups that are not usually represented, such as gays and lesbians, youth, blacks, and women. Among the topics discussed are the limitations of nationalism as a transformative and democratizing political discourse; the contradictory impact of American colonialism; language politics; and the 1928 U.S. congressional hearings on women's suffrage in Puerto Rico.

Killer Books Aníbal González, 2010-07-05 Writing and violence have been inextricably linked in Spanish America from the Conquest onward. Spanish authorities used written edicts; laws permit regulations; logbooks and account books to control indigenous peoples whose cultures were predominantly oral, giving rise to a mingled awe and mistrust of the power of the written word that persists in Spanish American culture to the present day. In this masterful study, Aníbal González traces and describes how Spanish American writers have reflected ethically in their works about writing's relation to violence and about their own relation to writing. Using an approach that owes much to the recent turn to ethics in deconstruction and to the works of Jacques Derrida and Emmanuel Levinas, he examines selected short stories and novels by major Spanish American authors from the late nineteenth through the twentieth centuries: Manuel Gutiérrez Nájera, Manuel Zeno Gandía, Teresa de la Parra, Jorge Luis Borges, Alejo Carpentier, Gabriel García Márquez, and Julio Cortázar. He shows how these authors frequently display an attitude he calls graphophobia: an intense awareness of the potential dangers of the written word.

Au Naturel Lara Anderson, J. P. Spicer-Escalante, 2010-03-08 Literary naturalism within the Hispanic context has traditionally been read as a graphic realist school or movement linked predominantly to late nineteenth-century literary production. The essays in *Au*

Naturel Re Reading Hispanic Naturalism written by scholars from different generations nationalities and ideological backgrounds propose a major revisionist contribution to the study of Hispanic naturalism Based on a theoretical proposal that re semanticizes naturalismo as a diachronic counter metanarrative phenomenon that transcends the chronological and geographic limitations imposed by traditional criticism on naturalism the collection provides new readings of traditional naturalist fare as well as re readings of works that have not been read within the bounds of conventional criticism as naturalist Re read within the proposed theoretical framework its essays demonstrate the countless ways in which Hispanic naturalist texts literary and more recently filmic continue to frankly engage the societal problematics that has impeded true social political economic and cultural progress from taking place in the Hispanic world from the turbulent fin de si cle period of the nineteenth century through the present day globalized context Au Naturel Re Reading Hispanic Naturalism is thus also an open invitation to the scholarly community to re consider other socio critical works within the Hispanic naturalist context that observe and reflection upon social issues that continue to plague Hispanic society today
