San Miguel,2006-05-18 In a landmark study of history power and identity in the Caribbean Pedro L San Miguel examines the historiography of Hispaniola the West Indian island shared by Haiti and the Dominican Republic He argues that the national identities of and often the tense relations between citizens of these two nations are the result of imaginary contrasts between the two nations drawn by historians intellectuals and writers Covering five centuries and key intellectual figures from each country San Miguel bridges literature history and ethnography to locate the origins of racial ethnic and national identity on the island He finds that Haiti was often portrayed by Dominicans as the other first as a utopian slave society then as a barbaric state and enemy to the Dominican Republic Although most of the Dominican population is mulatto and black Dominican citizens tended to emphasize their Spanish white roots essentially silencing the political voice of the Dominican majority San Miguel argues This pioneering work in Caribbean and Latin American historiography originally published in Puerto Rico in 1997 is now available in English for the first time **Blacks, Mulattos, and the Dominican Nation**

Despres, 2011-06-03 No detailed description available for Ethnicity and Resource Competition in Plural Societies 300 cuentos de buenas noches. Tomo 2 Jorge Eduardo Bustamante, 2023-09-22 En pandemia Jorge le narra a su nieto de siete años los cuentos por WhatsApp. Con ellos lo acompaña durante 300 noches. En esos relatos Jorge jugó con personajes tomados de las historias más tradicionales y de otras más actuales y así nacieron estos nuevos relatos inventados por él. Con todo eso buscó achicar distancias aunque también sin quererlo fue armando un tesoro. Los audios con estos cuentos empezaron a circular y luego llegaron a Spotify. Ahora después de una cuidadosa adaptación y acompañados de divertidas ilustraciones integran estos tres tomos que conforman una obra monumental de casi mil quinientas páginas para que puedan ser leídos y vueltos a leer en infinitas noches Hispanic Caribbean Literature of Migration Vanessa Pérez Rosario, 2010-06-21 This collection explores the literary tradition of Caribbean Latino literature written in the U.S. beginning with José Martí and concluding with 2008 Pulitzer Prize winning novelist Junot Díaz. The contributors consider the way that spatial migration in literature serves as a metaphor for gender, sexuality, racial identity, linguistic and national migrations Women in Contemporary Latin American Novels Beatriz L. Botero, 2017-11-16 This book explores the relationship between psychoanalysis, literary criticism and contemporary literature. Focusing on Latin America and using examples from Brazilian, Colombian, Chilean, Puerto Rican and Mexican literature, it provides an important account of why gendered violence occurs and how it is portrayed. In the novels discussed, the protagonists express similar fears, passions and illnesses that are present in contemporary Latin America. Psychoanalysis and literary criticism offer us an interpretative framework to understand these voices, especially those that are in the margin. Women, particularly as part of a globalized labor force, express through their bodies social problems that range from the erotic use of the body in a hypersexualized world to the body as a receptacle of violence that expresses the death drive. This book is a fascinating contribution to literary, gender and cultural studies *Only the Road / Solo el Camino* Margaret Randall, 2016-09-22 Featuring the work of more than fifty poets writing across the last eight decades, *Only the Road / Solo el Camino* is the most complete bilingual anthology of Cuban poetry available to an English readership. It is distinguished by its stylistic breadth and the diversity of its contributors, who come from throughout Cuba and its diaspora and include luminaries, lesser-known voices and several Afro-Cuban and LGBTQ poets. Nearly half of the poets in the collection are women. *Only the Road* paints a full and dynamic picture of modern Cuban life and poetry, highlighting their unique features and idiosyncrasies, the changes across generations and the ebbs and flows between repression and freedom following the Revolution. Poet Margaret Randall, who translated each poem, contributes extensive biographical notes for each poet and a historical introduction to twentieth-century Cuban poetry *Cuban Studies* 37 Louis A. Pérez, 2006-10-17 *Cuban Studies* has been published annually by the University of Pittsburgh Press since 1985. Founded in 1970, it is the preeminent journal for

scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field Widely praised for its interdisciplinary approach and trenchant analysis of an array of topics each volume features the best scholarship in the humanities and social sciences Cuban Studies 37 includes articles on environmental law economics African influence in music irreverent humor in postrevolutionary fiction international education flow between the United States and Cuba and poetry among others Beginning with volume 34 2003 the publication is available electronically through Project MUSE an award winning online database of full text scholarly journals More information can be found at http://muse.jhu.edu/publishers/pitt_press Making New York Dominican Christian Krohn-Hansen, 2012-12-18 Large scale emigration from the Dominican Republic began in the early 1960s with most Dominicans settling in New York City Since then the growth of the city's Dominican population has been staggering now accounting for around 7 percent of the total populace How have Dominicans influenced New York City And conversely how has the move to New York affected their lives In Making New York Dominican Christian Krohn Hansen considers these questions through an exploration of Dominican immigrants economic and political practices and through their constructions of identity and belonging Krohn Hansen focuses especially on Dominicans in the small business sector in particular the bodega and supermarket and taxi and black car industries While studies of immigrant business and entrepreneurship have been predominantly quantitative using survey data or public statistics this work employs business ethnography to demonstrate how Dominican enterprises work how people find economic openings and how Dominicans who own small commercial ventures have formed political associations to promote and defend their interests The study shows convincingly how Dominican businesses over the past three decades have made a substantial mark on New York neighborhoods and the city's political economy Making New York Dominican is not about a Dominican enclave or a parallel sociocultural universe It is instead about connections between Dominican New Yorkers economic and political practices and ways of thinking and the much larger historical political economic and cultural field within which they operate Throughout Krohn Hansen underscores that it is crucial to analyze four sets of processes the immigrants forms of work their everyday life their modes of participation in political life and their negotiation and building of identities Making New York Dominican offers an original and significant contribution to the scholarship on immigration the Latinization of New York and contemporary forms of globalization Apuntes para la geografía del departamento de Rocha Benjamin Sierra y Sierra, 1895 Pablo Neruda and the U.S. Culture Industry Teresa Longo, 2013-08-21 In this compelling collection Teresa Longo gathers a diverse group of critical and poetic voices to analyze the politics of packaging and marketing Neruda and Latin American poetry in general in the United States **Writing Secrecy in Caribbean Freemasonry** Jossianna Arroyo, 2013-04-24 Addressing the transnational relationships of Freemasonry politics and culture in the field of Latin American and Caribbean literatures and cultures Writing Secrecy provides insight into Pan Caribbean transnational and diasporic formations of these Masonic lodges

and their influences on political and cultural discourses in the Americas **Wise Latinas** Jennifer De Leon, 2014-03-01 Wise Latinas is a collection of personal essays addressing the varied landscape of the Latina experience in higher education back cover *Legal Identity, Race and Belonging in the Dominican Republic* Eve Hayes de Kalaf, 2021-11-02 This book offers a critical perspective into social policy architectures primarily in relation to questions of race national identity and belonging in the Americas It is the first to identify a connection between the role of international actors in promoting the universal provision of legal identity in the Dominican Republic with arbitrary measures to restrict access to citizenship paperwork from populations of largely but not exclusively Haitian descent The book highlights the current gap in global policy that overlooks the possible alienating effects of social inclusion measures promulgated by international organisations particularly in countries that discriminate against migrant descended populations It also supports concerns regarding the dangers of identity management noting that as administrative systems improve new insecurities and uncertainties can develop Crucially the book provides a cautionary tale over the rapid expansion of identification practices offering a timely critique of global policy measures which aim to provide all people everywhere with a legal identity in the run up to the 2030 UN Sustainable Development Goals SDGs *Diccionario geográfico-estadístico-histórico de España y sus posesiones de ultramar, 16 tom* Pascual Madoz, 1847
