

Texte 2 Gargantua instruit par Ponocrates

L'enseignement des professeurs sorbonniques était insatisfaisante. Gargantua est finalement formé par Ponocrates, qui modifie totalement son mode de vie en commençant par lui faire oublier tout ce qu'il sait déjà à l'aide d'un médicament. Il le soumet ensuite à son rythme de travail intensif et à une hygiène de vie irréprochable.

Chapitre 23

Comment Gargantua fut éduqué par Ponocrates,
selon une méthode telle qu'il ne perdait aucune heure de la journée

[...] Gargantua se réveillait donc vers quatre heures du matin. Pendant qu'on le frictionnait, on lui lisait quelque page des saintes Écritures, à voix haute et claire, avec la bonne prononciation. Un jeune page nommé Anagnostes¹, natif de Basché², était chargé de cette tâche.

Selon le thème et la leçon de cette lecture, il arrivait souvent à Gargantua de révéler, adorer, prier et implorer le bon Dieu, lorsque le passage lu en montrait la majesté et l'extraordinaire jugement. Puis il se rendait aux toilettes afin d'éliminer le produit des digestions naturelles. Là, son précepteur répétait ce qui avait été lu en lui expliquant les points les plus obscurs et difficiles.

À leur retour, ils considéraient l'état du ciel et vérifiaient s'il se trouvait tel qu'ils l'avaient observé la veille au soir. Ils se demandaient aussi dans quels signes le soleil et la lune entraient ce jour-là.

Cela fait, il était habillé, peigné, apprêté, préparé et parfumé. Pendant ce temps, on lui répétait les leçons de la veille. Lui-même les récitait par cœur et y appliquait quelque exemple concret sur la condition humaine, parfois durant deux ou trois heures. Mais, ordinairement, ils s'interrompaient lorsqu'il était complètement habillé. Alors, durant trois bonnes heures, on lui faisait la lecture.

Cela fait, ils sortaient, toujours en discutant des enseignements de la lecture, et se rendaient à la Bracque³ ou sur un pré, pour jouer à la balle, à la paume, à la pile trigone⁴. Ils s'exerçaient ainsi gaillardement le corps, comme auparavant ils s'étaient exercé l'esprit. Tous leurs jeux ne se faisaient qu'en liberté, car ils quittaient la partie quand bon leur plaisait. Habituellement, ils s'interrompaient quand ils étaient en sueur ou fatigués. Alors ils étaient très bien essuyés et frottés, ils changeaient de chemise et, sans se hâter, tout en se promenant, allaient voir si le repas était prêt. Là, ils attendaient en récitant clairement et avec éloquence quelques vérités tirées de leurs lectures.

Pendant ce temps arrivait Monsieur l'Appétit. Au moment le plus opportun, ils se mettaient à table. [...]

Bad Education Lee Edelman, 2022-12-05 Long awaited after No Future and making queer theory controversial again Lee Edelman's *Bad Education* proposes a queerness without positive identity a queerness understood as a figural name for the void itself unnamable around which the social order takes shape Like Blackness woman incest and sex queerness as Edelman explains it designates the antagonism the structuring negativity preventing that order from achieving coherence But when certain types of persons get read as literalizing queerness the negation of their negativity can seem to resolve the social antagonism and totalize community By translating the nothing of queerness into the something of the queer the order of meaning defends against the senselessness that undoes it thus mirroring Edelman argues education's response to queerness its sublimation of irony into the meaningfulness of a world Putting queerness in relation to Lacan's *ab sens* and in dialogue with feminist and Afropessimist thought Edelman reads works by Shakespeare Jacobs Almod var Lemmons and Haneke among others to show why queer theory's engagement with queerness necessarily results in a bad education that is destined to teach us nothing

Fénelon's Traité de L'éducation Des Filles Sister Sainte Florine Eden, 1925 The Dynamics of Gender in Early Modern France Domna C. Stanton, 2016-03-23 In its six case studies *The Dynamics of Gender in Early Modern France* works out a model for early modern gender which is articulated in the introduction The book comprises essays on the construction of women three in texts by male and three by female writers including Racine Fénelon Poulain de la Barre in the first part La Guette La Fayette and S vign in the second These studies thus also take up different genres satire tragedy and treatise memoir novella and letter writing Since gender is a relational construct each chapter considers as well specific textual and contextual representations of men In every instance Stanton looks for signs of conformity to and deviations from normative gender scripts *The Dynamics of Gender* adds a new dimension to early modern French literary and cultural studies it incorporates a dynamic shifting theory of gender and it engages both contemporary critical theory and literary historical readings of primary texts and established concepts in the field This book emphasizes the central importance of historical context and close reading from a feminist perspective which it also interrogates as a practice The Afterword examines some of the meanings of reading as a feminist

Hybrid Genres / L'Hybridité des genres, 2018-02-12 The essays collected in this volume explore the ways in which hybridity functions in a wide variety of visual musical and written texts from France the Francophone world and beyond Hybridity is defined here as an unexpected interaction or combination between two or more forms whether literary filmic ethnic generic or gendered The volume covers works ranging from the 16th to the 20th centuries from Pierre de Ronsard to Woody Allen The essays demonstrate that rather than being a uniquely postmodern or postcolonial phenomenon hybridity may be integral to creativity itself leading to the conclusion that hybrid forms tend to challenge authority by proposing alternatives to existing power structures or questioning conventional ways of thinking and viewing the world

An Essay on Female Education ... With a memoir of the authoress,

translated by Lord Brougham. Fr. & Eng Countess C. de BRUNETIÈRE, 1840 Rousseauism and Education in Eighteenth-century France Jean Bloch, 1995 This volume examines the evolving reputation of Rousseau as an authority on education in France from the publication of *Emile* in 1762 to the fall of the Jacobins in 1794 It takes as its focus the centrality of the debate over private and public education The author argues that what unites Rousseau and the Revolutionaries is their holistic approach which perceives an organic relationship between the internal constitution of the person as a moral and emotional being and what are normally thought of as external public matters such as politics Education is in fact the key to Rousseau's philosophy and it is also the key to revolutionary change The Revolutionaries may start by looking at the necessary reform of the monarchy or the taxation system but as things develop they realise that if the Revolution is to last education must be appropriate to it In this way the Revolutionaries are obliged to consider education as a tool for thinking about the very problem Rousseau had perceived the connection between the inner self and society and its institutions The study examines the way in which the early revolutionaries are faced by Rousseau's already established reputation as an authority on private education and how this poses problems for them Linked too emphatically with individualism and the private sphere Rousseau represents an ambiguous symbol for those concerned with the reform of public education Yet his reputation in the field of child care the developing cult of him as inspiration and symbol of the Revolution make him an almost obligatory reference point for educational reformers The author's analysis traces the progression of the Revolutionaries attitudes The volume demonstrates how the first thirty to thirty five years of the fortunes of Rousseau's reputation as an educationist have arguably more to do with politics than pedagogy Two major phases of the intermeshing of education and politics around the figure of Rousseau can be seen the first in the years following the publication of *Emile* when the supporters of absolute monarchy show their suspicion of the radical implications of *Emile* and the second in mid Revolution when the association of Rousseau and his political doctrine spills over into the plans of educational reform This volume charts the progress of these developments and casts new light on the vexed question of the relationship of Rousseau to the French Revolution **French Reader**, 1905 **The Wild Girl, Natural Man, and the Monster** Julia V. Douthwaite, 2010-11-15 This study looks at the lives of the most famous wild children of eighteenth century Europe showing how they open a window onto European ideas about the potential and perfectibility of mankind Julia V Douthwaite recounts reports of feral children such as the wild girl of Champagne captured in 1731 and baptized as Marie Ang lique Leblanc offering a fascinating glimpse into beliefs about the difference between man and beast and the means once used to civilize the uncivilized A variety of educational experiments failed to tame these feral children by the standards of the day After telling their stories Douthwaite turns to literature that reflects on similar experiments to perfect human subjects Her examples range from utopian schemes for progressive childrearing to philosophical tales of animated statues from revolutionary theories of regenerated men to Gothic tales of scientists run amok Encompassing thinkers such as Rousseau

Sade Defoe and Mary Shelley Douthwaite shows how the Enlightenment conceived of mankind as an infinitely malleable entity first with optimism then with apprehension Exposing the darker side of eighteenth century thought she demonstrates how advances in science gave rise to troubling ethical concerns as parents scientists and politicians tried to perfect mankind with disastrous results

Prelude to the Enlightenment Geoffroy Atkinson,Abraham C. Keller,2023-03-08 First published in 1971 Prelude to the Enlightenment is a study of the attitudes of French writers during the transition from the Classical Age to the Enlightenment Professors Atkinson and Keller investigate the increasing vogue for emotionalism weeping and confession and attitudes towards love and morality On a more intellectual plane the approaches of authors of the time to literary questions and their treatment of the world of reality This book presents wide range of quotations from many writers of the period 1690 to 1740 among them Mativaux l Abb Pr vost Saint Evremond the novelists Robert Chasles Mme Aubin Mme de Tencin and la Comtesse d Aulnoy the remarkable and little known writer Jean Buvat who worked as a copyist in the Royal Library and wrote the Journal de la R gence and l Abb Pluche author of Le Spectacle de la Nature Some of these are well known some virtually unheard of but all provide clues to the character of the age By combining their own comments with contemporary quotations Professors Atkinson and Keller give modern readers a feeling for the atmosphere of the period that followed the Golden Age and a deeper appreciation of the literature of the Enlightenment itself

Family Dynasty, Revolutionary Society Laurence H. Winnie,2001-10-30 This study analyzes the family life and public careers of six generations of a notable Parisian family the Cochins Bourgeois merchants in the 17th and 18th centuries the Cochins earned nobility through the office of alderman D echevin of Paris Their family ethos fostered a much needed element in French public life a cautious critical liberal reform that reflected an independence from the Left the Legitimist and later nationalist Right as well as the Catholic Church Still even these reforming conservatives however liberal ultimately found themselves opposing the Third Republic Winnie highlights the contributions made by the Cochins and the opposition of the Third Republic He approaches this task not by looking at a mere series of political crises but rather by examining the cultural background and the family ethos that sustained them from the Old Regime to World War I Like much of the latest work in modern French social history this book finds a significant cultural divide between revolutionary republicanism and even liberal notables from the Old Regime It demonstrates how these tensions continued through the 19th and into the 20th century This reflects the fundamental incompatibility between France
