'Race', Sport and British Society Ben Carrington, Ian McDonald, 2002-01-04 Contrary to the popular belief that sport is an arena largely free from the corrosive effects of racism this book argues that racism is evident throughout British sport From playing fields and boardrooms of sports organisations to the offices of sports policy makers and the media this book breaks new ground in showing how discourses of race and nation continue to pervade our sporting life Looking at a range of sports including football rugby league and cricket this book covers key topics such as British nationalism and nationalist ideology racial science and the images of Asian and black physicality sport racism and the

law black feminism and the issues of race gender and sport the role of the media in perpetuating and challenging racial stereotypes Challenging the prevailing liberal view that sport is one area of society where good race relations are developed this book offers a wealth of research material and a strong theoretical perspective on contemporary British sport It will therefore be of vital interest to sociologists sports studies students sport policy makers and anyone with an interest in contemporary British sport Sydney University Sport 1852-2007 Geoffrey Sherington, Steve Georgakis, 2008 Sydney University Sport 1852 2007 More than a Club offers a fascinating and highly informative overview of the development of sport at the University of Sydney over the past century and a half **Northernness, Northern Culture and Northern Narratives** Gabby Riches, Karl Spracklen, Spencer Swain, 2018-10-18 Northernness Northern culture and Northern narratives are a common aspect of popular culture and the North of England like other Northernnesses in Europe is a collection of narratives myths stereotypes and symbols In politics and everyday culture Northern culture is paradoxically a site of resistance against an inauthentic South a source of working class identity and a source of elite marginalisation This book provides a key to theorising about Northernness and a platform to scholars working away at exposing the North in different aspects of culture The aims of this book are twofold to re theorise the North and Northern culture and to highlight the ways in which constructions of Northernness and Northern culture are constituted alongside other gender racial and regional identities The contributions presented here theorise Northernness in relation to space leisure gender race class social realism and everyday embodied practices A main thematic thread that weaves the whole book together is the notion that Northernness and the North is both an imagined discursive construct and an embodied subjectivity thus creating a paradox between the reality of North and its representation This book was originally published as a special issue of the Journal for Cultural Research Sports Betting Nicolae Sfetcu, 2014-05-04 Sports betting is the general activity of predicting sports results by making a wager on the outcome of a sporting event Aside from simple wagers betting a friend that one's favorite baseball team will win its division for instance or buying a football square for the Super Bowl sports betting is commonly done through a bookmaker Bookmakers generally offer two types of wagers on the winner of a sporting event a straight up or money line bet or a point spread wager Moneylines and straight up prices are used to set odds on sports such as soccer baseball and hockey the scoring nature of which renders point spreads impractical as well as individual vs individual matches like boxing **The Sports Book** DK, 2024-03-26 Do you want to improve your knowledge of sports like football and basketball or maybe even jianzi and kendo The ultimate guide to over 200 of the world's greatest sports The Sports Book is the go to reference for sports buffs or those expanding their knowledge of sport This book contains information on every type of sport from athletics and gymnastics to extreme games and motorsports Discover the history and players of nearly any sport you can think of and many you may not have even heard of yet This amazing resource features facts and statistics world and Olympic records and tactics of the world's best competitors Learn about the history of the Summer and Winter Olympics
