**Lacan and Narration** Robert Con Davis,1985      **Housing Characteristics for Selected Metropolitan Areas** ,1980

Jacques Lacan and the Adventure of Insight Shoshana Felman,1987 Felman analyzes Lacan s investigation of psychoanalysis not as dogma but as an ongoing self critical process of discovery By focusing on Lacan s singular way of making Freud s thought new again Felman shows how this moment of illumination has become crucial to contemporary thinking and has redefined insight as such      **Routledge Encyclopedia of Narrative Theory** David Herman,Manfred Jahn,Marie-Laure Ryan,2010-06-10

The past several decades have seen an explosion of interest in narrative with this multifaceted object of inquiry becoming a central concern in a wide range of disciplinary fields and research contexts As accounts of what happened to particular people in particular circumstances and with specific consequences stories have come to be viewed as a basic human strategy for coming to terms with time process and change However the very predominance of narrative as a focus of interest across multiple disciplines makes it imperative for scholars teachers and students to have access to a comprehensive reference resource      **An Introductory Dictionary of Lacanian**

**Psychoanalysis** Dylan Evans,2006-06-19 Jacques Lacan s thinking revolutionised the theory and practice of psychoanalysis and had a major impact in fields as diverse as film studies literary criticism feminist theory and philosophy Yet his writings are notorious for their complexity and idiosyncratic style Emphasising the clinical basis of Lacan s work An Introductory Dictionary of Lacanian Psychoanalysis is an ideal companion to his ideas for readers in every discipline where his influence is felt The Dictionary features over 200 entries explaining Lacan s own terminology and his use of common psychoanalytic expressions details of the historical and institutional context of Lacan s work reference to the origins of major concepts in the work of Freud Saussure Hegel and other key thinkers a chronology of Lacan s life and works      **Jacques Lacan (Volume I)**

**(RLE: Lacan)** Michael P. Rabaté,2003-07-31 This collection of specially commissioned essays by academics and practising psychoanalysts first published in 2003 explores key dimensions of Jacques Lacan s life and works Lacan is renowned as a theoretician of psychoanalysis whose work is still influential in many countries He refashioned psychoanalysis in the name of philosophy and linguistics at the time when it underwent a certain intellectual decline Advocating a return to Freud by which he meant a close reading in the original of Freud s works he stressed the idea that the unconscious functions like a language All essays in this Companion focus on key terms in Lacan s often difficult and idiosyncratic developments of psychoanalysis This volume

will bring fresh accessible perspectives to the work of this formidable and influential thinker These essays supported by a useful chronology and guide to further reading will prove invaluable to students and teachers alike

**Narrative Theory: Interdisciplinarity** Mieke Bal, 2004 **Jacques Lacan (Volume I) (RLE: Lacan)** Michael Clark, 2014-02-05 This bibliography in two volumes originally published in 1988 lists and describes works by and about Jacques Lacan published in French English and seven other languages including Japanese and Russian It incorporates and corrects where necessary all information from earlier published bibliographies of Lacan's work Also included as background works are books and essays that discuss Lacan in the course of a more general study as well as all relevant items in various bibliographic sources from many fields

**Psychoanalytic Literary Criticism** Maud Ellmann, 2014-01-14 This collection of essays provides students of literary critical theory with an introduction to Freudian methods of interpretation and shows how those methods have been transformed by recent developments in French psychoanalysis particularly by the influence of Jacques Lacan It explains how classical Freudian criticism tended to focus on the thematic content of the literary text whereas Lacanian criticism focuses on its linguistic structure redirecting the reader to the words themselves Concepts and methods are defined by tracing the role played by the drama of Oedipus in the development of psychoanalytic theory and criticism The essays cover a wide generic scope and are divided into three parts drama narrative and poetry Each is accompanied by explanatory headnotes giving clear definitions of complex terms

**Postmodernism and the Environmental Crisis** Arran Gare, 2006-08-21 Postmodernism and the Environmental Crisis is the only book to combine cultural theory and environmental philosophy In it Arran Gare analyses the conjunction between the environmental crisis the globalisation of capitalism and the disintegration of the culture of modernity It explains the paradox of growing concern for the environment and the paltry achievements of environmental movements Through a critique of the philosophies underlying approaches to the environmental crisis Arran Gare puts forward his own controversial theory of a new postmodern world view This would be the foundation for the environmental movement to succeed Arran Gare's work will be a vital reading for advanced students of environmental studies as well as for environmental philosophers and cultural theorists

**Between Exile and Return** Anne Golomb Hoffman, 2012-02-01 This innovative study of the modern Hebrew writer S Y Agnon offers new insight into his literary transformations of Jewish themes and sources With particular attention to Kafka Hoffman situates Agnon in the context of twentieth century literature and examines such central issues in Agnon's art as the relationship of the literary text to traditions of sacred writings the place of the book in culture and the relationship of writing to the body Agnon's writing moves between exile and return enacting dramas of presence and absence and attachment and loss From the images of sacred texts found in some of his short fiction to the ideological conflicts that inform his larger novels this book traces the geographical cultural sweep of Agnon's writing as it moves through Eastern and Western Europe positioning the Diaspora in relation to a Jerusalem that is both mundane and spiritual Hoffman examines the ways in which Agnon's writing produces an autobiographical myth that joins the figure of the writer to the life history of the larger community of Israel Moving from stories of writer and writing to the broader cultural canvas of several major novels the author concludes with an analysis of the ways in which the fiction prompts interrogation of major cultural constructions concerning gender the formative passage of the subject through the Oedipus complex and the dissociation of culture from the body

*Engendered Trope in Joyce's Dubliners* Earl G. Ingersoll, 1996 Earl G Ingersoll convincingly argues that his study is a return to Lacan just as Lacan himself believed his own work to be a return to Freud In this study of trope and gender in *Dubliners* Ingersoll follows Lacan's example by returning to explore more fully the usefulness of the earlier Lacanian insights stressing the importance of language Returning to the semiotic as opposed to the more traditional psychoanalytic Lacan Ingersoll opts for the Lacan who follows Roman Jakobson back to early Freud texts in which Freud happened upon the major structuring principles of similarity and displacement Jakobson interprets these principles as metaphor and metonymy Lacan employs these two tropes as the means of representing transformation and desire Thus psychic functions meet literary texts in the space of linguistic representation through the signifier metaphor is a signifier for a repressed signified while metonymy is a signifier that displaces another Rejecting traditional psychoanalytic readings of *Dubliners* Ingersoll's New Psychoanalytic Criticism embraces Shoshana Felman's view that psychoanalysis is not a body of truths to be applied to

literature but rather a literature in itself to be read intertextually with what we more conventionally consider literary texts In its theoretical framework this study is Lacanian not by following Lacan as the traditional psychoanalytic critic would follow Freud or Jung as the master explicator of the literary text but by doing Lacan Ingersoll credits Lacan not as the scientist Freud tried and failed to become but as the poet Freud was especially in his earlier period Basing his idea of the connections between gender and the tropes in the writings of feminist theorists and critics such as Luce Irigaray Jane Gallop and Barbara Johnson Ingersoll argues that sex and gender are not necessarily linked In Dublin the capital of a patriarchal society Joyce reveals the relevance of the opposition between metaphor motion empowerment as the masculine and metonymy confinement vulnerability as the feminine In this context metaphor must be privileged over metonymy as masculinity is privileged over femininity not because what is is right but because Joyce is describing a world that readers have always recognized as morally and spiritually deficient

of Power Elizabeth J. Bellamy, 2019-06-07 Elizabeth J. Bellamy here casts new theoretical light on the Renaissance genre of the dynastic epic. Drawing upon Freudian and Lacanian psychoanalysis to illuminate the emergence of an epic subjecthood, she focuses on Virgil's *Aeneid*, Ariosto's *Orlando furioso*, Tasso's *Gerusalemme liberata*, and Spenser's *Faerie Queene* in an attempt to demonstrate how the operations of the unconscious may be interpreted within narrative history. Bellamy first evaluates the psychoanalytic approach to epic as a possible alternative to the new historicism. Turning to the *Aeneid*, she discusses Freud's neurotic relation to Rome as a founding image for a historical unconscious. She then interweaves a genealogy of epic subjecthood with the motif of the *translatio imperii*, likening the translations of power that constitute the *translatio imperii* to extended meditations on the fate of Troy throughout literary history. According to Bellamy, the epic genre manifests a repeated displacement and repression of its Trojan origins, and the doomed city of Troy represents the locus of epic's own narrative narcissism. Offering provocative analyses of epic temporality and of the function of the death drive in epic narrative, she concludes that dynastic epic may be seen as a structure of narcissistic desire which undermines the capacity of the epic to embody a fully articulated historical subject. *Translations of Power* will enliven current debates among scholars and students of Renaissance culture, literary theory, gender studies, and psychoanalytic criticism. **New Critical**

**Approaches to the Short Stories of Ernest Hemingway** Jackson J. Benson, 2013-07-12 With an Overview by Paul Smith and a Checklist to Hemingway Criticism 1975-1990 *New Critical Approaches to the Short Stories of Ernest Hemingway* is an all new sequel to Benson's highly acclaimed 1975 book which provided the first comprehensive anthology of criticism of Ernest Hemingway's masterful short stories. Since that time, the availability of Hemingway's papers coupled with new critical and theoretical approaches has enlivened and enlarged the field of American literary studies. This companion volume reflects current scholarship and draws together essays that were either published during the past decade or written for this collection. The contributors interpret a variety of individual stories from a number of different critical points of view, from a Lacanian reading of Hemingway's *After the Storm* to a semiotic analysis of *A Very Short Story* to an historical biographical analysis of *Old Man at the Bridge*. In identifying the short story as one of Hemingway's principal thematic and technical tools, this volume reaffirms a focus on the short story as Hemingway's best work. An overview essay covers Hemingway criticism published since the last volume, and the bibliographical checklist to Hemingway short fiction criticism, which covers 1975 to mid 1989, has doubled in size.
