Lady Cop Lady Killer:

Lady Cop/Lady Killer Frank L. Flacy, 2001-11 **The Little Old Lady Killer** Susana Vargas Cervantes, 2017-04-25 The surprising true story of Mexico's hunt, arrest and conviction of its first female serial killer. For three years amid widespread public outrage, police in Mexico City struggled to uncover the identity of the killer responsible for the ghastly deaths of forty elderly women, many of whom had been strangled in their homes with a stethoscope by someone posing as a government nurse. When Juana Barraza Samperio, a female professional wrestler known as la Dama del Silencio, the Lady of Silence, was arrested and eventually sentenced to 759 years in prison for her crimes as the Mataviejitas, the little old lady killer, her case disrupted traditional narratives about gender criminality and victimhood in the popular and criminological imagination. Marshaling ten years of research and one of the only interviews that Juana Barraza Samperio has given while in prison, Susana Vargas Cervantes deconstructs this uniquely provocative story. She focuses in particular on the complex gendered aspects of the case, asking: Who is a killer, Barraza, with her manly features and strength, her career as a masked wrestler in lucha libre, and her violent crimes, is presented here as a study in gender deviance, a disruption of what scholars call *mexicanidad*, or the masculine notion of what it means to be Mexican. Cervantes also challenges our conception of victimhood, specifically who counts as a victim. *The Little Old Lady Killer* presents a fascinating analysis of what serial killing often considered killing for the pleasure of killing represents to us. *Malicious* Jacob Stone, 2018-03-27 No one takes down deranged killers like L.A. detective Brick Morris. But a crazed maniac is savagely murdering Hollywood starlets and sending Morris grisly calling cards. And that's just the first phase of a fiendish death machine: the relentless killer plans to unleash on Los Angeles. Every move Morris makes triggers another step in the psychopath's doomsday scenario. Morris has only one choice to stop the killings: the one the killer never expected. Praise for *DERANGED*: One of the most compelling, thrilling, and truth be told, at times look away from page-frightening serial killer novels I've read in a long, long time. Vincent Zandri. A fascinating and exciting blend of misdirection, topsy-turvy, and violence. Reed Farrel Coleman. A dark and different serial killer novel that will haunt the reader long after the book is closed. John Lutz. Los Angeles has seldom seen such grisly fun. It's James Ellroy meets Alfred Hitchcock on the psychotic side of the street. Paul Levine. **Mercy** David Lindsey, 1991-01-01 With a sure, steady hand, Lindsey ratchets the suspense and sexual tension tighter and tighter, page by merciless page. The only mercy you'll get is the word on the cover: Stephen Cont's Houston is shattered by a shock wave of unbelievably vicious sex killings. And this time the pattern is unique, way out of line with traditional violent crime psychology. In Detective Carmen Palma's experience, a psychopath always chooses anonymous targets. But the Houston victims know and trust their killer. They meet willingly in hotel rooms, even in their homes. They don't fight when the leather cuffs are fastened to their wrists and ankles. They don't even struggle when the first blows fall. Palma's first lightning instinct is that the victims expected their torture. They were practicing masochists, apart of a secret clique that includes some of the city's most prominent women. They

helped choreograph their own punishments every blow They just didn't expect to die **Song of the Atman** Ronnie Govender, 2006 A majestic saga and thoughtful narrative recounting a family's epic struggle this novel weaves together extraordinary characters bursting with richness feeling and dimension The story of Chin Govender's family is blended into the rich cultural tapestry of Indian life and the intricacies of close communities that form the backdrop for this amazing tale Painting an evocative portrait of five generations of descendants of former indentured Indian laborers and their struggle to build an identity in an emerging South Africa *Leaving Megalopolis: Surviving Megalopolis* Gail Simone, 2017-01-31 Fan favorite creators Gail Simone Batgirl Deadpool and J Calafiore Secret Six Exiles return to the city whose citizens are hunted not by villains but by heroes The survivors of Leaving Megalopolis reluctantly return to the doomed city still under the control of formerly beloved superheroes now turned brutal killers on a rescue mission straight into the heart of madness Get in on the ground floor of this critically acclaimed series and see what happens when the good guys go very very bad Collects issues 1-6 of the nail biting series Praise for the first volume of Leaving Megalopolis If this first volume is any indication Simone and Calafiore both have a bright future full of the guts and glory we've all come to love from them in creator owned comics Comicosity **Internet Drama and Mystery Television Series, 1996-2014** Vincent Terrace, 2014-11-26 Created around the world and available only on the Web internet television series are independently produced mostly low budget shows that often feature talented but unknown performers Typically financed through online crowd funding they are produced with borrowed equipment and volunteer casts and crews and viewers find them through word of mouth or by chance The second in a first ever set of books cataloging Internet television series this volume covers in depth the drama and mystery genres with detailed entries on 405 shows from 1996 through July 2014 In addition to casts credits and story lines each entry provides a website commentary and episode descriptions Index of performers and personnel are included

ties Japan has bequeathed to a globalised world a rich variety of ways to imagine, communicate and interrogate tradition and change the self and the technological future. Within these foci, questions of law have often not been far from the surface: the crime and justice of Astro Boy, the property and contract of Pokémon, the ecological justice of Nausicaä, Shinto's focus on order and balance and the anxieties of origins in J-horror. This volume brings together a range of global scholars to reflect on and critically engage with the place of law and justice in Japan's popular cultural legacy. It explores not only the global impact of this legacy but what the images, games, narratives and artefacts that comprise it reveal about law, humanity, justice and authority in the twenty-first century.
