(Classic Reprint) Charles John Andersson,2016-08-24 Excerpt from *Lake Ngami or Explorations and Discoveries During Four Years Wanderings in the Wilds of South Western Africa* The following Narrative of Explorations and Discoveries during four years in the wilds of the south western parts of Africa contains an account of two expeditions in that continent between the years 1850 and 1854 In the first of these journeys the countries of the Damaras previously all but unknown in Europe and of the Ovambo now a term incognita were explored in the second the newly discovered Lake Ngami was reached by a route that had always been deemed impracticable It is more than probable that this route the shortest and best will be adopted as
