## **Lamulatrese Solitude:**

Postcolonial Echoes and Evocations Derek O'Regan, 2006 This work is a sedulous enquiry into the intertextual practice of Maryse Condé in *Moi Tituba sorcière noire de Salem* 1986 *Traversée de la mangrove* 1989 and *La Migration des coeurs* 1995 the texts of her oeuvre in which the practice is the most elaborate and discursively significant Arguing that no satisfactory reading of these novels is possible without due intertextual reference and interpretation the author analyses salient intertexts which flesh out and in the case of *Traversée de la mangrove* shed considerable new light on meaning and authorial discourse Whether it be in respect of canonical William Faulkner Emily Brontë Nathaniel Hawthorne postcolonial Aimé Césaire Jacques Roumain or other Anne Hébert Saint John Perse writers the author explores Condé's intertextual choices not only around such themes as identity resistance métissage and errance but also through the dialectics of race culture male female centre periphery and past present As both textual symbol and enactment of an increasingly creolised world intertextuality constitutes a pervasively powerful force in Condé's writing the elucidation of which is indispensable to evaluating the significance of this unique fictional oeuvre

**General History of the Caribbean** Higman, B.W., UNESCO, 1985-06-21 This volume looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The chapters discussing methodology are followed by studies of particular themes of historiography The second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure The final section is a full and detailed bibliography serving not only as a guide to the volume but also as an invaluable reference for the General History of the Caribbean as a whole

**Hiding in Plain Sight** Christian P. Potholm, 2021-10-22 *Hiding in Plain Sight* Women Warriors throughout Time and Space takes the many long standing dimensions of military history including the various modalities of warfare across cultures and periods and integrates them with the more recent and very substantial contributions of social history women's history black history feminist theory LGBTQ community and other perspectives By providing an extensive annotated bibliography of the new findings the work provides the reader with an exciting compilation of new knowledge placed within a longstanding military historical

framework one which provides a broader study and understanding of warfare into which to put the very recent disparate findings culled from many disciplines The book reaffirms that women have long been deeply embedded in the practice of warfare not simply as victims or minor curiosities but as important actors tactically strategically in combat and directing warfare from afar just as their male counterparts The concomitant amalgam also shows that certain types and patterns of warfare such as the defense of castles and fortresses commanding a ship or a fleet revolutionary warfare and today's drone and cyber forms of warfare have been more conducive to female activity than other forms of warfare even as women are also present in a wider variety of other broader temporal and geographical dimensions of the history of warfare Hiding in Plain Sight is the only extensive annotated bibliography currently available which provides such a holistic overview of recent scholarship by grounding that scholarship in the existing military canon and history *General History of the Caribbean UNESCO Volume 6* NA NA,2019-06-12 Volume6 looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The authors examine how the lingual diversity of the region has affected the historian's ability to coalesce an historical account The second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure This volume concludes with a detailed bibliography that is comprehensive of the entire series

**Chronotropics** Odile Ferly, Tegan Zimmerman, 2023-12-12. This book deconstructs androcentric approaches to spacetime inherited from western modernity through its theoretical frame of the chronotropics. It sheds light on the literary acts of archival disruption, radical remapping and epistemic marronnage by twenty first century Caribbean women writers to restore a connection to spacetime expanding it within and beyond the region. Arguing that the chronotropics points to a vocation for social justice and collective healing, this pan Caribbean volume returns to autochthonous ontologies and epistemologies to propose a poetics and politics of the chronotropics that is anticolonial, gender inclusive, pluralistic and non anthropocentric. This is an open access book.

Los otros importantes Whitney Chadwick, 1994. Las biografías tradicionales suelen describir la creatividad como la lucha solitaria de un individuo por la expresión artística. Los trece ensayos que componen esta obra se centran en parejas famosas: Claudel Rodin, Kahlo Rivera, Nin Miller, que han compartido experiencias sexuales y artísticas y combinan la biografía con la evaluación del trabajo en cada miembro de la pareja. Cada ensayo analiza los problemas de identidad, los papeles de género y la sexualidad y los estereotipos impuestos por la sociedad.

**Neither Black Nor White Yet Both** Werner Sollors, 1999. Why can a white woman give birth to a black baby while a black woman can never give birth to a white baby in the United States? What makes racial passing so different from social mobility? Why are interracial and

incestuous relations often confused or conflated in literature making miscegenation appear as if it were incest Werner Sollors examines these questions and others in *Neither Black nor White yet Both* a fully researched investigation of literary works that in the past have been read more for a black white contrast of either or than for an interracial realm of neither nor both and in between From the origins of the term race to the cultural sources of the Tragic Mulatto and from the calculus of color to the retellings of various plots Sollors examines what we know about race analyzing recurrent motifs in scientific and legal works as well as in fiction drama and poetry
