British Berkshire Herd Book British Berkshire Society,1906 **Lancastrians** Paul Salveson,2023 In the early morning the mill girls clumping down the cobbled street all in clogs making a curiously formidable sound like an army hurrying into battle I suppose this is the typical sound of Lancashire George Orwell The Road to Wigan Pier This popular history explores the cultural heritage and identity of Lancashire stretching from the Mersey to the Lake District Paul Salveson charts the county s transformation from a largely agricultural region noted for its religious learning into the

Industrial Revolution's powerhouse as an emerging self-confident bourgeoisie drove economic growth. This capital boom came with a cultural blossoming creating today's Lancashire Industrialists strongly committed to the arts, endowed galleries and museums producing a diverse world of science, technology, music and literature. Lancashire developed a distinct business culture but this was also the birthplace of the world co-operative movement and the heart of democracy campaigns including Chartism and women's suffrage. Lancashire has generally welcomed incomers who have long helped to inform its distinctive identity: fourteenth-century Flemish weavers, nineteenth-century Irish immigrants and Jewish refugees, and more recently New Lancastrians from Asia, Africa and Eastern Europe. This long overdue book explores contemporary Lancastrian culture following modern upheavals and Lancashire's fragmentation compared with its old rival Yorkshire. What future awaits the 6 million people of this rich historic region?
