Gbee, 2015-12-11 Francis Gbees dream for his country is thus for our motherland for us to rise and raise our flag with the guiding star while singing songs of freedom with joy for justice liberty and prosperity shall forever more reign But he realizes that the price of many lives will have to be paid to achieve this vision This can be realized through this book **The Colors of My Country** Esther Lee Barron, 2018-10-25 Unsure of where I belong geographically I grow in personal identity In myself I find a blending of nations and the intersection of culture What pleasure to think that perhaps I am my own country What begins as a compilation of memories morphs into a broader analysis of transition when one moves from country to country or stays in one place and encounters an unexpected variety of people otherwise presumed to be like oneself The writing examines a personal journey of cultural assimilation maneuvering through nuances of acceptable language and social rituals followed by feeling the loss of friends and place when heading to yet another unfamiliar location Questions arise about one s worth when geographical roots are perceived as unattainable and identity seems as fragmented as the mosaic of cultural influences Herein lies hope that perspective gained through the passing of years helps to seal the quandaries with stability and that home can be found in loving people and faith in God Grace be upon those whose children have chosen global citizenship
