The Bolsheviks led the workers to power in the October Revolution of 1917 To ensure its survival they grappled with the task of spreading the revolution beyond Russia

Left Wing Communism An Infantile Disorder was written in 1920 to educate the newly formed communist parties of the Third International and to correct the ultra left sectarian trends that infected many of them

Inspired by the Revolution and repelled by the betrayals of social democracy these communists had not absorbed the real lessons of Bolshevism The majority of workers still looked to reformist parties and needed to be won away from the influence of reformist leaders in these

The task was to win them over to the banner of revolutionary communism In this text Lenin explains the methods and skilful tactics of the Bolshevik Party which enabled them to win over a majority of the workers to their programme

Any serious revolutionary communist today must study absorb and apply Lenin s methods on these vital questions of revolutionary strategy and tactics
