## **Legitimacy In International Society:**

**Legitimacy in International Society** Ian Clark, 2005-02-24 The word legitimacy is seldom far from the lips of practitioners of international affairs The legitimacy of recent events such as the wars in Kosovo and Iraq the post September 11 war on terror and instances of humanitarian intervention have been endlessly debated by publics around the globe And yet the academic discipline of IR has largely neglected this concept This book encourages us to take legitimacy seriously both as a facet of international behaviour with practical consequences and as a theoretical concept necessary for understanding that behaviour It offers a comprehensive historical and theoretical account of international legitimacy It argues that the development of principles of legitimacy lie at the heart of what is meant by an international society and in so doing fills a notable void in English school accounts of the subject Part I provides a historical survey of the evolution of the practice of legitimacy from the age of discovery at the end of the 15th century It explores how issues of legitimacy were interwoven with the great peace settlements of modern history in 1648 1713 1815 1919 and 1945 It offers a revisionist reading of the significance of Westphalia not as the origin of a modern doctrine of sovereignty but as a seminal stage in the development of an international society based on shared principles of legitimacy All of the historical chapters demonstrate how the twin dimensions of legitimacy principles of rightful membership and of rightful conduct have been thought about and developed in differing contexts Part II then provides a trenchant analysis of legitimacy in contemporary international society Deploying a number of short case studies drawn mainly from the wars against Iraq in 1991 and 2003 and the Kosovo war of 1999 it sets out a theoretical account of the relationship between legitimacy on the one hand and consensus norms and equilibrium on the other This is the most sustained attempt to make sense of legitimacy in an IR context Its conclusion in the end is that legitimacy matters but in a complex way Legitimacy is not to be discovered simply by straightforward application of other norms such as legality and morality Instead legitimacy is an inherently political condition What determines its attainability or not is as much the general political condition of international society at any one moment as the conformity of its specific actions to set normative principles

*International Legitimacy and World Society* Ian Clark, 2007-04-26 The conventional view of international society is that it is interested only in co existence and order amongst states This creates a puzzle When the historical record is examined we discover that international society has repeatedly signed up to normative principles that go well beyond this purpose When it has done so it has built new normative constraints into international legitimacy and this is most conspicuously so when it has espoused broadly humanitarian principles This suggests that the norms adopted by international society might be encouraged from the distinct constituency of world society The book traces a series of historical case studies which issued in international affirmation of such principles slave trade abolition in 1815 the public conscience in 1899 social justice but not racial equality in 1919 human rights in 1945 and democracy as the only acceptable form of state in 1990 In each case evidence is presented of world society actors transnational movements advocacy networks

and INGOs making the political running in support of a new principle often in alliance with a leading state At the same time world society has mounted a normative case and this can be seen as a degree of normative integration between international and world society Each of the cases tells a fascinating story in its own right Collectively they contribute to the growing IR literature on the role of norms and especially that written from a broadly English School or constructivist perspective The book thereby puts some real historical flesh on the concept of world society while forcing us to reconsider traditional views about the essential nature of international society

De Facto State Identity and International Legitimation Sebastian Klich, 2021-11-28 Examining the state identity formation and international legitimation of de facto states this book provides a deeper understanding of the relationship between de facto states the international state system and international society The book integrates International Relations theories to construct a framework of normative standing for de facto states to better understand the social system they inhabit and the stasis in their relationship with international society demonstrated through detailed case study analysis Klich appraises the recognition narrative of de facto states in order to analyse their state identities and constructs a framework for normative standing in an original synthesis of English School constructivism and legitimacy scholarship The explanatory utility of that framework is then applied and analysed through detailed fieldwork conducted across an original set of case studies Nagorno Karabakh Somaliland and the Kurdistan Region of Iraq that have varying degrees of international engagement and parent state relationships It will be of interest to scholars and students of International Relations International Relations theory Peace and Conflict studies Comparative Politics as well as Middle Eastern studies East African studies and Post Soviet studies

**The Evolution of International Society**, *Research Handbook on the Theory and History of International Law* Alexander Orakhelashvili, 2020-12-25 This updated and revised second edition with contributions from renowned experts provides a comprehensive scholarly framework for analyzing the theory and history of international law Featuring an array of legal and interdisciplinary analyses it focuses on those theories and developments that illuminate the central and timeless basic concepts and categories of the international legal system highlighting the interdependency of various aspects of theory and history and demonstrating the connections between theory and practice

Genocide and its Threat to Contemporary International Order A. Gallagher, 2013-01-21 For far too long the discipline of International Relations has failed to engage with the study of genocide This is despite the fact that genocide holds a direct relationship with the central concepts of international relations the state war power and security This bold innovative and unique book sets out to tackle this by bringing the concept of genocide into the discipline of IR via the English School in order to theorise the relationship between genocide justice and order Drawing on a wide range of primary and secondary interdisciplinary material from International Relations Genocide Studies Security Studies International Law History Politics and Political Theory this book aims to understand genocide within the context of International Relations and the implications that this has on policymaking Gallagher identifies the obstacles and challenges involved in bringing the

study of genocide into IR and uniquely analyses the impact of genocide on the ordering structure of international society

**The Participation of States in International Organisations** Alison Duxbury, 2011-02-10 The admission of a state to membership is an important decision for an international organisation In making this determination organisations are increasingly promoting the observance of human rights and democratic governance as relevant principles They have also applied the same criteria in resolving the question of whether existing members should be excluded from an organisation's processes Through a systematic examination of the records proceedings and practice of international organisations in this book Alison Duxbury examines the role and legitimacy of human rights and democracy as membership criteria A diverse range of examples is discussed including the membership policies and practice of the League of Nations and the United Nations the admission of the Central and Eastern European states to the European Union developments in regional organisations in Africa Asia and the Americas and the exclusion of members from the UN specialised agencies Hegemony in International Society Ian Clark, 2011-04-07 A major re thinking of the concept of hegemony in international relations On the basis of historical examples Ian Clark presents an innovative scheme for rethinking hegemony and applies it to the US role in international organizations in East Asia and in the policy on climate change *The United States and Great Power Responsibility in International Society* Wali Aslam, 2013-07-24 This book evaluates American foreign policy actions from the perspective of great power responsibility with three case studies Operation Iraqi Freedom American drone strikes in Pakistan and the post 9 11 practice of extraordinary rendition This book argues that the US invasion of Iraq in 2003 American drone attacks in Pakistan and the practice of extraordinary rendition are the examples of irresponsible actions undertaken by the U S acting as a great power in international society Focusing on a major theoretical approach of International Relations the English School this book considers the responsibilities of great powers in international society It points to three obligations of great powers to act according to the norm of legality to act according to the norm of legitimacy and to adhere to the principles of prudence The author applies the criteria of legality legitimacy and prudence to analyse the three foreign policy endeavours of the U S and developing a normative framework clarifies the implications for future U S foreign policy This book will be of strong interest to students and scholars of international relations international relations theory American politics foreign policy studies international law South Asian studies and Middle Eastern studies *International Legitimacy and World Society* Ian Clark, 2007 This is a study of the theory and history of international norms How does international society come to adopt certain norms in particular This book shows how ideas of international legitimacy have evolved and makes us rethink the nature of international society *The Oxford Handbook of International Adjudication* Cesare Romano, Karen Alter, Yuval Shany, 2014 This Oxford Handbook provides interdisciplinary perspectives on international adjudication analysing the proliferation of international courts and tribunals from the perspective of both international law and political science It presents the different theoretical approaches to these courts their main functions and the issues

confronting them *Justifying violence* Naomi Head, 2017-10-03 When is the use of force for humanitarian purposes legitimate The book examines this question through one of the most controversial examples of humanitarian intervention in the post Cold War period the 1999 NATO intervention in Kosovo Justifying Violence applies a critical theoretical approach to an interrogation of the communicative practices which underpin claims to legitimacy for the use of force by actors in international politics Drawing on the theory of communicative ethics the book develops an innovative conceptual framework which contributes a critical communicative dimension to the question of legitimacy that extends beyond the moral and legal approaches so often applied to the intervention in Kosovo The empirical application of communicative ethics offers a provocative and nuanced account which contests conventional interpretations of the legitimacy of NATO's intervention

**Theories of International Relations**, 2022-01-13 This introductory textbook on international relations theory brings together a selection of leading experts to offer an unparalleled insight into the main paradigms and latest developments in the discipline Presenting a full range of theories from realism and liberalism to institutionalism and green theory the sixth edition of this book has been extensively revised to offer a more global introduction to international relations It showcases insights from across the world and employs a historical and sociological perspective throughout to demonstrate how any understanding of IR is time and place contingent New to this edition are two new chapters on postcolonialism and institutionalism as well as boxed cases which apply theory to contemporary empirical examples including gendered policy in the UN the phenomenon of fake news issues on migration and the crisis of the Amazon's forest fires Assuming no prior knowledge of international relations theory this text remains the definitive companion for all students of international relations and anyone with an interest in the latest scholarship of this fascinating field **International Organizations**

**under Pressure** Klaus Dingwerth, Antonia Witt, Ina Lehmann, Ellen Reichel, Tobias Weise, 2019-02-14 International organizations like the United Nations the International Monetary Fund or the European Union are a defining feature of contemporary world politics In recent years many of them have also become heavily politicized In this book we examine how the norms and values that underpin the evaluations of international organizations have changed over the past 50 years Looking at five organizations in depth we observe two major trends Taken together both trends make the legitimization of international organizations more challenging today First people based legitimacy standards are on the rise international organizations are increasingly asked to demonstrate not only what they do for their member states but also for the people living in these states Second procedural legitimacy standards gain ground international organizations are increasingly evaluated not only based on what they accomplish but also based on how they arrive at decisions manage themselves or coordinate with other organizations in the field In sum the study thus documents how the list of expectations international organizations need to fulfil to count as legitimate has expanded over time The sources of this expansion are manifold Among others they include the politicization of expanded international authority and the rise of non state actors as new audiences

from which international organizations seek legitimacy

**Governance and Resistance in World Politics** David Armstrong, James David Armstrong, Theo Farrell, Bice Maiguashca, 2003 The emergence of global governance challenges conventional interpretations of world politics regarding conflicts of interests between sovereign states under conditions of anarchy At the same time the new phenomena of anti globalization demonstrations transnational social movements and an emergent global civil society point to important developments in international relations Leading scholars reflect on the usefulness of thinking about these processes as a dichotomy between the politics of governance and the politics of resistance and consider its application to international relations

*Social Power in International Politics* Peter van Ham, 2010-04-05 This text introduces and defines the concept of social power and examines how it works in international politics Including perspectives from the EU the US Middle East and China it features a range of case studies on culture and pop culture media public diplomacy and branding

*Empires, Systems and States* Michael Cox, Timothy Dunne, Ken Booth, 2001 This volume brings together a collection of leading scholars to consider various dimensions of the turn to history in International Relations The scope of this volume is broad It includes conventional accounts of the development of the European states system but is not limited by it Other essays consider the non European experience a number of path breaking essays on how other cultures and continents have ordered their political communities in particular the question how and why a states system triumphed over other forms of political organisation The theme of the subtitle great transformations is pursued by each author The essays consider one of the biggest questions of our time namely how did we arrive at this historical and institutional expression of political community And what alternative future world orders exist The volume will be of interest to scholars of International Relations and History interested in great transformations in world politics

**International Ethics** Mark R. Amstutz, 2005 This text presents the concepts theories methods and traditions of ethical analysis and then applies them to case studies in the areas of human rights military force foreign intervention economic statecraft and global political justice

**The Oxford Handbook of International Relations** Christian Reus-Smit, Duncan Snidal, 2010-07 This Oxford Handbook assembles the world's leading scholars in International Relations to present diverse perspectives about purposes questions theories and methods It will become the first point of reference for scholars and students interested in these key issues

Legitimacy in International Society I. Miyaoka, 2003-11-25 Legitimacy in International Society addresses collective legitimization of emergent norms at international meetings and its effect on state behaviour Drawing mainly on constructivist approaches in International Relations and social psychology Isao Miyaoka discusses the international and domestic sources of legitimacy and the basic conditions under which collective legitimization matters for norm adoption Three case studies examine Japan's responses to wildlife preservationist norms against high seas driftnet fishing scientific whaling and international trade in African elephant ivory

### **Legitimacy In International Society Introduction**

In today's digital age, the availability of Legitimacy In International Society books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Legitimacy In International Society books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Legitimacy In International Society books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Legitimacy In International Society versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Legitimacy In International Society books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Legitimacy In International Society books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Legitimacy In International Society books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and

making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Legitimacy In International Society books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Legitimacy In International Society books and manuals for download and embark on your journey of knowledge?

### **FAQs About Legitimacy In International Society Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Legitimacy In International Society is one of the best book in our library for free trial. We provide copy of Legitimacy In International Society in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Legitimacy In International Society. Where to download Legitimacy In International Society online for free? Are you looking for Legitimacy In International Society PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then

search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Legitimacy In International Society. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Legitimacy In International Society are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Legitimacy In International Society. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Legitimacy In International Society To get started finding Legitimacy In International Society, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Legitimacy In International Society So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Legitimacy In International Society. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Legitimacy In International Society, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Legitimacy In International Society is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Legitimacy In International Society is universally compatible with any devices to read.
