Management consulting. The Why, What and How. Kjetil Sandermoen, 2019-07-22 This book gives an overview of ways to work as a management consultant including relationships with clients ethics pricing contracts and some basic tools for delivering consulting services This book was written for those who want to work in this area for existing consultants and also for managers and buyers of management consulting services Quotes from the book This is the book I wish I could have read myself about 30 years ago when I first started my career as a young management consultant When young people are asked about their dream job management consulting is often high on the list when I was asked by the managing partner of the consulting firm what kind of consultant I wanted to become my reply was honest surprise Are there really different kinds What is the most important skill for a leader or manager to master I would say it is

the decision making process Perhaps the most important strategic decision in management consulting is how to price your services both how much you charge and what for Yes I claim that to understand the internal and interpersonal politics of any organization is a necessary prerequisite for a good management consultant I am sure that many organisational problems are based more on politics than on policies it will draw significant resources away into internal disintegration and fights rather than freeing the same energy for external opportunities and tasks

Leadership in a VUCA World Michael Fuchs, Jochen Messner, Robert Sok, 2018-08-02 VUCA is not just another acronym Originally coined by the American military to describe a situation fraught with a variety of challenges it now has a permanent place in the realms of strategic leadership Those who have made it into an enterprise management role are finding that their leadership skills are truly being tried and tested on account of the volatile uncertain complex and ambiguous environment we are in Agility is now the name of the game Developing one's leadership skills to match this requirement and to not only surmount the challenges posed by the VUCA world but do so in a mature and authentic way is what this book is all about It gently submerges the reader into an impressive tank of knowledge that the authors experts in the field of personal development have amassed during their careers Psychology mythology and examples of real life enterprises are accompanied by the excellent analogy of one of our best known heroes Luke Skywalker of the Star Wars films to illustrate that there is nothing to fear that we all have the potential to act courageously At regular intervals throughout the book the reader is presented with thought provoking questions and statements the answers to which will help them eventually resurface with a clear picture of how to use their skills and talents to motivate themselves and others to proceed wisely in the corporate landscape Contents An expert guide from three vastly experienced and accomplished executive coaches Learn effectively at your own pace any time and anywhere Convincing background knowledge and examples
