# 1 Corinthians

**1** Paul, called to be an apostle of Christ Jesus by the will of God, and our brother Sosthenes,

To the church of God in Corinth, to those sanctified in Christ Jesus and called to be holy, together with all those everywhere who call on the name of our Lord Jesus Christ—their Lord and

the name of Paul? <sup>14</sup>I am thankful that I did not baptize any of you except Crispus and Gaius, <sup>15</sup>so no one can say that you were baptized into my name. <sup>16</sup>(Yes, I also baptized the household of Stephanas; beyond that, I don't remember if I baptized anyone else.) Christ did not send me to baptize or to preach the gospel—not with human wisdom, lest the cross of Christ be emptied of its power.

**Strategies in Church Discipline from 1 Corinthians** Timothy KH Chong, 2016-08-11 This book seeks to recover the New Testament ideal of church discipline and to construct a holistic model for the Church in Asia The Church has wrestled with the issue of discipline ever since her inception Many of Paul's letters addressed the problems that had arisen in the communities that he had established The thrust of church discipline in the New Testament was the formation of Christian character through the Word of God worked out in the process of discipleship through teaching edification admonition as well as banishing serious sin from the community The ideal of church discipline in the New Testament is both Preventive Discipline and Punitive Discipline As the Church became more institutionalized there was a paradigm shift in the process of discipline The New Testament ideal of discipline as a character formation was shifted to regulatory ordinances This led to the development of a strict and regimented Christianity Since then church discipline had taken on a penitential and punitive direction The book seeks to study Paul's management of the disciplinary problems in 1 Corinthians and then to construct a holistic model of church discipline for an Asian context Life-Study of 1 Corinthians Witness Lee, 1990-08 Paul's Political Strategy in 1 Corinthians 1-4 Bradley J. **Sacra Pagina: First Corinthians** Raymond F. Collins, 2016-03-18 2000 Catholic Press Association Award Winner One of the most exciting of Paul's letters 1 Corinthians offers a vantage point from which modern readers can reflect on diverseness in Christian Churches today In First

Corinthians Raymond Collins explores that vantage point as well as the challenge Paul posed to the people of his time and continues to pose in ours to allow the gospel message to engage them in their daily lives Paul introduces us to a flesh and blood community whose humanness was all too apparent Sex death and money were among the issues they had to face Social conflicts and tension within their Christian community were part of their daily lives Paul uses all of his diplomacy rhetorical skill and authority to exhort the Corinthian community to be as one in Christ In examining Paul s message and method Collins approaches 1 Corinthians as a Hellenistic letter written to people dealing with real issues in the Hellenistic world He cites existing Hellenistic letters to show that Paul was truly a letter writer of his own times Collins makes frequent references to the writings of the philosophic moralists to help clarify the way in which Paul spoke to his beloved Corinthians He also comments on some aspects of the social circumstances in which the Christians of Corinth actually lived **1 Corinthians**

**Educated Women** Nathan John Barnes,2014-03-28 Women were involved in every popular philosophy in the first century and the participation of women reaches back to the Greek origins of these schools Philosophers often taught their daughters wives and other friends the basic tenets of their thinking The Isthmian games and a tolerance for independent thinking made Corinth an attractive place for philosophers to engage in dialogue and debate further facilitating the philosophical education of women The activity of philosophically educated women directly informs our understanding of 1 Corinthians when Paul uses concepts that also appear in popular moral philosophy This book explores how philosophically educated women would interact with three such concepts marriage and family patronage and self sufficiency **1 Corinthians** B. J.

Oropeza,2017-10-27 This compact commentary on 1 Corinthians is both readable and full of insights that will engage students ministers and scholars alike The Apostle Paul writes to a relatively new church in which members are failing to maintain solidarity with other members They struggle to find their unique place in Roman society as Gentile followers of Jewish leaders that proclaim Christ as Lord Their many problems include competition over leadership and social prestige sexual impropriety household conflicts idol foods table fellowship protocols on gender and the use of spiritual gifts and confusion about death immortality and Christ s return Oropeza addresses Paul s response to these and other issues as he engages ancient biblical Jewish and Greco Roman sources along with recent scholarship This is a must read for those who want to understand the Corinthian situation and Paul s response in a new way The Warning-Assurance Relationship in 1

Corinthians Andrew J. Wilson, 2017-10-27 Paul's first letter to the Corinthians contains both emphatic warnings and strong statements of assurance and the relationship between them has often puzzled interpreters. At times it sounds as if Paul is warning the Corinthians lest they forfeit their eschatological salvation; at others it sounds like he is assuring them that they will not. Attempts to harmonise the two stances have often ended up nullifying the warnings or the assurances or both. In this fresh analysis of all the relevant texts, Andrew J. Wilson demonstrates that Paul's warnings and assurances stand in tension with each other and suggests that this tension is both coherent and in actual fact deliberate on Paul's part. Discussions of perseverance and apostasy in Paul, grace and works and the relationship between divine and human agency will all now need to reckon with this important contribution.
