Mueller,2011-02-09 This collection of 35 Celtic tunes represents ten different performance styles from Ireland Scotland Wales and Brittany the majority of these pieces are dance tunes such as the jigs and reels popular at Irish sessions the informal gatherings of musicians in pubs community halls and homes Although relatively new to the session ensemble the autoharp bears a distinct resemblance to the Irish folk harp Fittingly this collection includes harp tunes by famed Irish harpist Turlough O Carolan as well as other slow airs All of the pieces in this book have been arranged to be played on any standard 15 or 21 bar chromatic autoharp in either melodic or rhythmic backup style A melody line with suggested chord accompaniment is included so other instrumentalists can easily join in the book's companion CD includes performances of all 35 selections ably illustrating the rhythmic and stylistic nuances of this engaging music In notation and tablature      *Folk Style Autoharp* Harry Taussig,1967-06-01 From the introduction It has been the author's attempt to present in a concise form an introduction to the country style of playing the Autoharp The styles presented have been kept as general as possible so the student can apply the techniques to any specific artist he wishes to study Once the student has mastered the material in this book he will have no difficulty in studying various traditional artists or on the other hand supplementing his repertoire by his own arrangements and compositions The major difficulty in preparing a book such as this is to invent a notation that is easier to read than the autoharp is to play I have retained the musical notation because it gives the shape of the melody In addition music reading skill will be necessary for working from other printed sources The music is supplemented by simple notation which indicates how the autoharp is to be played I would like to thank Mr Mayne Smith for fruitful discussions in regard to

the notation used in this book      *American Folklore* Jan Harold Brunvand, 2006-05-24 Contains over 500 articles Ranging over foodways and folksongs quiltmaking and computer lore Pecos Bill Butch Cassidy and Elvis sightings more than 500 articles spotlight folk literature music and crafts sports and holidays tall tales and legendary figures genres and forms scholarly approaches and theories regions and ethnic groups performers and collectors writers and scholars religious beliefs and practices The alphabetically arranged entries vary from concise definitions to detailed surveys each accompanied by a brief up to date bibliography Special features More than 2000 contributors Over 500 articles spotlight folk literature music crafts and more Alphabetically arranged Entries accompanied by up to date bibliographies Edited by America's best known folklore authority      **Autoharp** , 1968      *Dirt Simple Autoharp* Evo Bluestein, 2013-07-09 In this book and accompanying audio Autoharp hall of famer Evo Bluestein provides a beginning approach to a repertoire of songs and fiddle tunes popular in old time and bluegrass circles Basic rhythm chord accompaniment lyrics and music notation make this book useful for other lead instruments as well including fiddle mandolin and voice A more advanced approach can be found in Evo Bluestein's book *Autoharp in Four Easy Steps* published by Mel Bay More books and DVDs are available at [www.evobluestein.com](http://www.evobluestein.com) Bluestein is known as an expert player in the style pioneered by the late Autoharp master Kilby Snow Bluestein has also developed two successful and popular brands of Autoharp The Evoharp and the Sparrowharp built by two world class Autoharp luthiers In addition to helping many adults learn music on the Autoharp for over thirty years children in numerous schools have learned to play and sing using the Autoharp in programs that Bluestein has implemented He is also an accomplished dance caller teaching folk dance as an independent contractor throughout California schools Bluestein is co founder of the California Autoharp Gathering This book comes with access to an online audio recording featuring Evo Bluestein Includes access to online audio
