Real Talk: Ten Parenting Strategies to Raise Confident Successful Children Kumari V. Ghafoor-Davis, 2011-11-30 The definition of parenting and childrearing according to the dictionary says the experiences skills qualities and responsibilities involved in being a parent and in teaching and caring for a child This is a very basic description considering all that is entailed in raising children The fact that children do not come with instructions leaves parents to figure out what is best for their child Many times parents use the experiences they had as children good or bad as a guide to raise their own **How to Raise an Adult** Albert Piaget, 2020-10-17 Are you stressed about your child s behavior Do you want him or her to become more like an adult responsible more mindful disciplined and happy If you ve answered YES keep reading *You Are About To Discover How To Raise Happy Healthy Responsible And Disciplined Children Even If You Feel Inadequate Uncertain Inexperienced And Lost* Raising a child is mentally and physically draining Some people even agree that it is the toughest job What s worse is that in the modern society parenting sometimes means navigating a dizzying array of contradictory advice on just about everything In fact a recent survey showed that parents agreed by a 6 to 1 margin that parenting is more difficult today than in the past So if you ve been finding it unnervingly difficult to raise your child believe me you re not alone More precisely here is what you will learn from this book Why the responsibility of the child solely lies on their parents The

importance of self discipline How your child can benefit from success Procrastination and why it s limiting in helping your child become the best version of themselves that you wish them to become Why and how your fears can spread and become a reality to your child How pessimism spreads to your child and how to tame it How to teach your child to be mindful And so much more Whether you re a beginner trying to raise your first child or a parent who wants to make things right for a change you will find this book extremely helpful Indeed if you ve ever had a wish to see a responsible compassionate disciplined and happy little adult in your child this book is giving you the chance to achieve that through a simple understanding of the most important concepts and by taking easy steps clearly outlined in the book I understand that kids are different and yours might be one of the most problematic they might have caused you some of the worst headaches over the years but with what you re going to learn in a moment you ll realize that even the worst of kids can become every parent s dream child Don t wait any longer

How To Raise Successful People Julie Paul,2019-11-16 Have you ever wondered what parents did to ensure their child became a successful adult Have you come across folks who are constantly complaining about how their children are driving them crazy Have you often found yourself fearing the prospect of being a parent yourself If so keep reading this is the book that can change all that for you For generations parenting has been hailed as one of the toughest phases of life the most challenging of tasks and a nightmarishly long process It doesn t need to be at least not anymore Parenting a child who is hardly able to speak may seem easy but when you bring the sheer number of elements to the table everything changes There is no denying that parenting is indeed tough but it really doesn t need to be if you know what to

avoid and what to do For couples who have never experienced parenting there is a good chance that you might end up spoiling the child from the never ending love you will continue to shower them with If you have more than one child there is a good likelihood that one of them is already pushing you to the ragged edge of sanity What if you were told there are ways you can ensure things go back to normal and for good How To Raise Successful People Lead Your Kid To Become An Independent Happy And Fulfilled Adult is the book that will answer all the burning questions and provide you with real life examples you can immediately relate to We will go through a journey to meet both the good and the bad By the end of the book you will find yourself with a brimming confidence and a winning smile You will be armed with all the knowledge you need to ensure you turn out to be a great parent while your child heads on to become a truly successful adult Inside this book you will learn How to find out what your child really needs How to respect your child as an individual How to create trust and a true friendship relation between you and your child The three crucial qualities to become a better person and how to teach them to your child Commonly found issues all the possible effects these can have on you and your child and how to avoid them How to deal or not deal with tantrums How to help your child to realize their talents Bonus practical examples of how to deal with real life situations And so much more As parents it is our only desire to see our children succeed in everything they do Somewhere during that journey we start interfering in their life choices forcing them to take part in activities or studies they may not be interested in even remotely We might end up suffocating their privacy because we might be too busy in essentially raising a clone of ours that we forget how different our child is This book will cover all such issues which are commonly found and will explain in detail regarding the possible effects these can have on you and your child Let this book be your source of reference and guidance for your path towards raising a successful adult Let the journey commence on a high note and end with an accomplishment one that you will continue to remember for the rest of your life Scroll up and click the Buy Now button
