**Safe Work Practices for the Electrician** Ray A. Jones, Jane G. Jones, 2008-06. *Safe Work Practices for the Electrician* educates students on the safety regulations and potential hazards of working with industrial and commercial electrical systems. This one-of-a-kind text provides a thorough overview of existing work practices as they relate to electrical safety, discussing the methods and techniques students must be familiar with to reduce the risk of personal injury and equipment damage. Written by Chairman of NFPA 70E Committee Ray A. Jones, *Safe Work Practices for the Electrician* contains expert advice on how to identify electrical hazards and offers tips for mitigating potentially dangerous situations. With his comprehensive writing style and practical tips, Jones introduces students to OSHA standards and requirements, NFPA 70E personal protective equipment (PPE) safe installation practices, and much more.

This fourth volume of the History of the Prairie West Series contains fifteen articles examining the rich history of business and early industry in Canada's Prairie Provinces prior to the Great Depression. Without denying the central importance of agriculture in the development and growth of the early Prairie West, the essays in *Business and Industry* explore the lesser-known history of some of the earliest businesses in the region. As we enter the second decade of the twenty-first century, a time when the three Prairie Provinces comprise the fastest growing and perhaps the most dynamic economic regions in Canada, it may be worthwhile to cast our gaze back to an earlier and simpler era. In these essays, we can glimpse the origins of the entrepreneurial spirit and business ethos that have come to define the business culture of the Prairie West.
