Vizetelly, 1923 [One Beat of a Butterfly's Heart](#) Ronald Callander, 2014-10-19 In this book we are given a unique view of East Africa of the 1950s not the stereotyped picture of wildlife safaris and leaping Masai but the emerging independence struggle of a new African nation from the viewpoint of a white police officer in an exceptionally detailed thoroughly readable firsthand account of a rare period of recent history It tells how an Australian veteran fresh from the Korean War became a colonial police officer in Tanganyika Territory later Tanzania after federation with the offshore islands of Zanzibar in 1964 The reader is taken on a journey which tourists in Africa never see from back alleys and police cells in the polyglot city of Dar es Salaam to snake infested camps on Uganda Ruanda border patrols and on police field force emergency operations from barracks at the foot of Kilimanjaro There is much here to discover about a mostly benign semi colonial period in Africa which lasted less than fifty years passing in one African's description as briefly as a butterfly's heartbeat where a few conscientious white administrators and their loyal African assistants managed vast regions of a desolate territory with remarkably selfless care and scarce resources where things worked most of the time but sometimes where chaos reigned It is about the country itself its ubiquitous animals and its people at close range including villagers criminals hunters witch doctors and colonial officials but most of all the African askari policemen who were the author's close and often only companions **Friedrich Nietzsche** Curtis Cate, 2005-09-06 An accessible anecdotally rich biography of the profoundly influential 19th century philosopher author of Beyond Good and Evil and The Will to Power Kirkus Reviews Friedrich Nietzsche was the most fearlessly provocative and original thinker in Western history The protean diversity of his writings make him one of the most influential of modern philosophers yet his often paradoxical statements can be properly understood only within the context of his restless tragic life Physically handicapped by weak eyesight violent

headaches and bouts of nausea this Nietzsche made short shrift of self pity and ostentatious displays of compassion The son of a Lutheran clergyman whom he adored he became a fearless agnostic who proclaimed in Thus Spake Zarathustra that God is dead Curtis Cate s refreshingly accessible new biography brilliantly distills and clarifies Nietzsche s ideas and the reactions they elicited This book explores the musical and philosophical influences that inspired his thought the subtle workings of his creative process and the acute physical suffering he combated from his adolescence until his final mental collapse of January 1889 Cutting through the academic jargon and clearing away the prejudices that have become associated with Nietzsche s name Cate reveals a man whose ideas continue to have prophetic relevance and incredible vibrancy today
