

Lancashire At War

Ernest Broxap

Lancashire At War:

Lancashire at War John Joseph Bagley, A. S. Lewis, 1977 The Great Civil War in Lancashire (1642-1651) Ernest Broxap, 2022-08-01 DigiCat Publishing presents to you this special edition of *The Great Civil War in Lancashire 1642 1651* by Ernest Broxap DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature *The Great Civil War in Lancashire* Ernest Broxap, 2025-03-28 Delve into the tumultuous era of the English Civil War with *The Great Civil War in Lancashire 1642 1651* a detailed historical account by Ernest Broxap Explore the crucial role Lancashire played during this pivotal 17th century conflict This meticulously researched work offers a comprehensive look at the war's impact on the region providing insights into the military strategies social upheavals and local experiences that defined this period Discover the key figures battles and political machinations that shaped Lancashire's destiny amidst the broader context of English history Perfect for those interested in local history military history or the wider sweep of 17th century Britain this book sheds light on a fascinating chapter in the nation's past Uncover the stories of resilience conflict and transformation that unfolded in Lancashire during one of England's most defining moments This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Great War** Craig Horner, Nick Mansfield, 2014-06-19 The First World War was one of the prime motors of social change in modern British history Culture and technology at all levels were transformed The growing impact of the state the introduction of modern democracy and change in political allegiance affected most aspects of the lives of UK citizens Whilst most of the current centenary interest focuses on military aspects of the conflict this volume considers how these fundamental changes varied from locality to locality within Britain's Home Front Taken together did they drastically alter the long established importance of regional variations within British society in the early twentieth century Was there a common national response to these unprecedented events or did strong regional identities cause significant variations The series of case studies presented in this volume ranging geographically and by topic detail how communities coped with the war's outbreak its upheavals its unprecedented mass mobilization on all fronts and its unforeseen longevity **The Territorial Force at War, 1914-16** W. Mitchinson, 2014-10-02 William Mitchinson analyses the role and performance of the Territorial Force during the first two years of World War I The study looks at the way the force was staffed and commanded its relationship with the

Regular Army and the War Office and how most of its 1st Line divisions managed to retain and promote their local identities

The British Police and Home Food Production in the Great War Mary Fraser, 2024-06-25 This book explores the role of the British Police in home food production during the First World War a critical time when decreasing food imports threatened population starvation around the country Drawing from the police s most popular weekly journal the book provides insights into policemen s lives the political context in which they worked and the pressures on police forces throughout Britain during the Great War Unlike neighbouring countries in Europe Britain avoided major food riots due to government control of farming from December 1916 which prioritised agriculture to feed the nation The police force released over 400 policemen in England and Scotland to serve as ploughmen from March 1917 for around two months Almost a third of policemen throughout Britain had previous agricultural backgrounds and so were welcomed by farmers as experienced workers This book illustrates not only why the food crisis arose and the state of British farming during the war but it also sheds light on how individual police forces were approached and encouraged to release their policemen at a time when police forces themselves were critically short of staff due to recruitment into the war The author discusses how the release of policemen into agriculture as first responders benefitted the police and provided surveillance over home food production in the national interest

American Civil War Spencer C. Tucker, 2013-09-30 This expansive multivolume reference work provides a broad multidisciplinary examination of the Civil War period ranging from pre Civil War developments and catalysts such as the Mexican American War to the rebuilding of the war torn nation during Reconstruction The Civil War was undoubtedly the most important and seminal event in 19th century American history Students who understand the Civil War have a better grasp of the central dilemmas in the American historical narrative states rights versus federalism freedom versus slavery the role of the military establishment the extent of presidential powers and individual rights versus collective rights Many of these dilemmas continue to shape modern society and politics This comprehensive work facilitates both detailed reading and quick referencing for readers from the high school level to senior scholars in the field The exhaustive coverage of this encyclopedia includes all significant battles and skirmishes important figures both civilian and military weapons government relations with Native Americans and a plethora of social political cultural military and economic developments The entries also address the many events that led to the conflict the international diplomacy of the war the rise of the Republican Party and the growing crisis and stalemate in American politics slavery and its impact on the nation as a whole the secession crisis the emergence of the total war concept and the complex challenges of the aftermath of the conflict

The Cauldron of War, 1914-1918 John Philip Jones, 2019-08-05 THE CAULDRON OF WAR 1914 1918 Robert Gardner 1899 1972 was a member of a generation of highly educated Englishmen who went to war in 1914 a war in which they suffered a horrifying loss of life Robert Gardner was one of the survivors Before the war after taking First Class Honours in both parts of the Classics Tripos at Emmanuel College Cambridge he was awarded the much prized Craven Studentship that

took him to Italy for two years to carry out research into aspects of Roman military history Towards the end of his time in Italy the outbreak of the First World War brought him immediately back to England He was a Lancashire man and he was commissioned in the senior infantry regiment from that county the King s Own Royal Lancashire Regiment His battalion spent the winter of 1914 1915 training for war Robert Gardner went with his battalion to France in May 1915 and was with them when they fought in four major battles in which they suffered heavy casualties His service was interrupted by a serious injury from an accident with a firearm and although he was away from his battalion for fourteen months he served for more than two years in the trenches He was awarded the Military Cross and was steadily promoted until at the end of the war he commanded his battalion as a lieutenant colonel He took his battalion back to England in 1919 and with the rest of his men he was demobilized Emmanuel College lost no time in electing him to a fellowship He spent a long and productive career delivering university lectures and supervising students and he also became Bursar of the College with the responsibility for finances investments and all business affairs His life revolved around the College He was a very popular figure and one of the more distinguished public rooms in the College was named after him He had a happy family life he was devout and remarkably abstemious During all the years after the First World War he maintained regular contact with the King s Own and although he lived in Cambridge he regularly attended regimental reunions in Lancashire He retired in 1960 but this did not stop him from his regular association with the fellows and undergraduates of Emmanuel In the words of the Master of the College He was an Emmanuel institution who for more than half a century represented a vital link with the past

British Infantry Battalion Commanders in the First World War Peter E. Hodgkinson, 2016-04-15 Recent studies of the British Army during the First World War have fundamentally overturned historical understandings of its strategy and tactics yet the chain of command that linked the upper echelons of GHQ to the soldiers in the trenches remains poorly understood In order to reconnect the lines of communication between the General Staff and the front line this book examines the British army s commanders at battalion level via four key questions i How and where resources were found from the small officer corps of 1914 to cope with the requirement for commanding officers COs in the expanding army ii What was the quality of the men who rose to command iii Beyond simple overall quality exactly what qualities were perceived as making an effective CO and iv To what extent a meritocracy developed in the British army by the Armistice Based upon a prosopographical analysis of a database over 4 000 officers who commanded infantry battalions during the war the book tackles one of the central historiographical issues pertaining to the war the qualities of the senior British officer In so doing it challenges lingering popular conceptions of callous incompetence as well more scholarly criticism that has derided the senior British officer but has done so without a data driven perspective Through his thorough statistical analysis Dr Peter Hodgkinson adds a valuable new perspective to the historical debate underway regarding the nature of British officers during the extraordinary expansion of the Army between 1914 and 1918 and the remarkable yet often forgotten British victories of The Hundred Days

The English Civil War Charles J Esdaile,2024-08-30 Cavaliers and Roundheads are figures who appear in hundreds of English ghost stories In this innovative account Charles Esdaile argues that such tales are in reality folk memories of an episode of English history that was second only to the Black Death in terms of individual and collective suffering alike and further that they reveal important truths about the way in which the conflict was represented it is no surprise then to find that spectral Cavaliers are often romantic figures and revenant Roundheads grim ones full of menace Yet the book is no mere catalogue On the contrary rather than being discussed in a vacuum the tales of haunting are rather set within a detailed regional history of the conflicts of 1642 1651 of a sort that has never yet been attempted but is for all that badly needed

Preston in the First World War David Huggonson,2014-04-15 The First World War for the people of Preston Publication ties in with the centenary year of the outbreak of the First World War

Liverpool Territorials in the Great War Paul Knight,2016-09-30 The Territorial Force is the forgotten army of the First World War Between the pre war Regular Army which attempted to stem the German advance in 1914 and the New Armies who took to the field with such disastrous consequences on the Somme in 1916 stood the Territorial Army Liverpool s Territorials could be found on the Western Front before the famous Christmas truce of 1914 fighting in Gallipoli and supporting the Canadians Throughout 1916 and 1917 they succeeded and failed in some of the most brutal battles of the war During the German 1918 Spring Offensive Liverpool Territorials in the 55th West Lancashire Division halted the German advance effectively ending Germany s final bid to win the war Amazingly the Territorials were never intended trained or equipped for overseas service their role was to defend the UK mainland against invasion Yet men across Liverpool s diverse communities volunteered for the Territorials in the thousands forming the core of two divisions during the war Formed in 1908 but building on the Volunteer tradition of the 1850s the Territorials remain in Liverpool to this day Renamed the Army Reserve they are still training and volunteering for operations Offering a fresh integrated perspective on the Territorial Army during the First World War this is the remarkable story of the Liverpool Territorials
