New ed John Mackay Wilson, 1863 **Men Who Made Labour** Alan Haworth, Dianne Hayter, 2015-04-22 Celebrating the centenary of the Parliamentary Labour Party this fascinating book commemorates the twenty nine founding Labour MPs elected in 1906 including Labour's first Prime Minister first Chancellor of the Exchequer first Minister of Labour and a Nobel Peace Prize winner With a foreword by Tony Blair *Men Who Made Labour* focuses on the pioneers origins expectations world vision and achievements in the context of early twentieth century conditions when the prospect of any Labour government was still a distant dream Drawing upon a vast array of previously unpublished material and with obituaries primarily written by the twenty first century successors to those original MPs the text provides a unique insight into how today's politicians view their party's past ensuring that it is an excellent resource for all politics and modern history students as well as general readers with an interest in the area *Be My Wolff* Emma Richler, 2017-02-14 A nimble extraordinarily moving novel about a sister and adopted brother with a one of a kind connection Zachariah and Rachel Wolff are brother and sister Well not exactly They are star crossed lovers Well not exactly Rachel is the cherished daughter born to a Russian family living in London and Zachariah is her parents adopted son who arrived from the orphanage with one sweater a head of rambunctious curls and a dexterous set of fists or fives as he likes to call them As children they were as close as two people could be But when they crossed this forbidden line there was no going back Now as an adult coping with Zach's estrangement from their formidable father Rachel is determined to invent a family history for her beloved And so the novel cartwheels through Zach's imagined ancestry from a tavern educated boxer in Dickensian times to a Hussar at the Battle of Borodino during the Napoleonic Wars

All the while Zach and Rachel's troubles in the present are building to a new point of no return Filled with art and science fairy tales and folk songs tsars and foundlings epic battles in the prize ring and on the Eastern Front *Be My Wolff* is a novel of astonishing range and imagination a love story an exuberant adventure through time and place a tale of our most unbreakable bonds

Sporting Days and Sporting Ways Ralph Nevill, 1910

The Golden Talking-shop Edward Pearce, 2016 In the late 1890s Britain was basking in the high noon of empire albeit with the sobering experience of the Boer War just around the corner By 1956 the year of the Suez debacle and less than a lifetime later the age of empire was drawing rapidly to a close and Britain's position as an independent great power was over In between the country had experienced two devastating world wars India the jewel in her imperial crown had gained independence And there had been far reaching changes on the domestic front the birth of the welfare state full men's and eventually women's suffrage and the foundation of the National Health Service to name but a few Throughout this momentous period the Oxford Union the world's most famous debating society continued to meet to debate and discuss the changing world around them Sometimes their debates had important repercussions in the wider world such as the notorious King and Country debate of 1933 which made headlines around the globe and which Winston Churchill described as that abject squalid shameless avowal More often than not the debates had merely a local impact even if among the debaters were many of the leaders thinkers and opinion formers of the future figures such as Harold Macmillan Archbishop Temple Edward Heath and Tony Benn In *The Golden Talking Shop* former Parliamentary sketch writer and Union member Edward Pearce tells the story of Britain and the world in the first half of the twentieth century as seen from the perspective of these Union debates sometimes shocking sometimes wittily amusing and often both The students do most of the talking along the way revealing the changing preoccupations prejudices and assumptions of their changing times A distinct pre First World War fashion for Social Darwinism is in due course replaced by a widespread 1930s penchant for Stalinism with civilized opinion reliably breaking in on occasion too Above all browsing these debates taken straight from another age gives the reader a vivid sometimes piquant sense of a Britain which is now passing from living memory and serves as a powerful reminder of the ways in which the past and its attitudes really are a foreign country
