authorize construction operation and maintenance of the Lower Colorado River Basin Project     The Colorado Plateau II  
Charles Van Riper, David John Mattson, 2005 The publication of The Colorado Plateau Cultural Biological and Physical  
Research in 2004 marked a timely summation of current research in the Four Corners states This new volume derived from  
the seventh Biennial Conference on the Colorado Plateau in 2003 complements the previous book by focusing on the  
integration of science into resource management issues The 32 chapters range in content from measuring human impacts on  
cultural resources through grazing and the wildland urban interface issues to parameters of climate change on the Plateau  
The book also introduces economic perspectives by considering shifting patterns and regional disparities in the Colorado  
Plateau economy A series of chapters on mountain lions explores the human wildland interface These chapters deal with the  
entire spectrum of challenges associated with managing this large mammal species in Arizona and on the Colorado Plateau  
conveying a wealth of timely information of interest to wildlife managers and enthusiasts Another provocative set of chapters  
on biophysical resources explores the management of forest restoration from the micro scale all the way up to large scale  
GIS analyses of ponderosa pine ecosystems on the Colorado Plateau Given recent concerns for forest health in the wake of  
fires severe drought and bark beetle infestation these chapters will prove enlightening for forest service park service and  
land management professionals at both the federal and state level as well as general readers interested in how forest  
management practices will ultimately affect their recreation activities With broad coverage that touches on topics as diverse  
as movement patterns of rattlesnakes calculating watersheds and rescuing looted rockshelters this volume stands as a  
compendium of cutting edge research on the Colorado Plateau that offers a wealth of insights for many scholars
