Left In Europe

Samuel Gregg

Left In Europe:

The Left in Europe since 1789 David Caute,1966

The European Left Party Luke March,Richard Dunphy,2019-12-13

With the stability of the European Union under threat and tensions between the national and supranational increasing what will happen to the EU party system For the internationalist European left European integration and the role of transnational parties represent a central contention and concern In May 2004 the European radical left representing parties to the left of social democracy and the Green party family created the transnational European Left Party EL uniting parties like the German Die Linke Italian Rifondazione Comunista and Greek Syriza In 2009 the EL fought the European Parliament elections on the basis of a common manifesto emerging over the last decade as an apparently stable actor at EU level As the first detailed study of the EL this book analyses the role of the party in European politics and the politics of the European radical left What challenges will the EL have to overcome in order for it to become a significant force for the creation of a genuine democratic European polity To what degree has the EL enabled an increase in the electoral or policy influence of the radical left in Europe Written by two of the foremost experts on the European left this book is essential reading to those interested in how the left has fared in post crisis Europe

The European left and the financial crisis Michael Holmes,Knut

Roder,2019-08-27 This timely collection addresses key questions including How did political parties from the Left respond to the crisis What does the crisis mean for the relationship between the Left and European Integration and what does it mean for socialism as an economic political and social project *Becoming Europe* Samuel Gregg,2013-01-08 We re becoming like Europe This expression captures many Americans sense that something has changed in American economic life since the Great Recession s onset in 2008 that an economy once characterized by commitments to economic liberty rule of law limited government and personal responsibility has drifted in a distinctly European direction Americans see across the Atlantic European economies faltering under enormous debt overburdened welfare states governments controlling close to fifty percent of the economy high taxation heavily regulated labor markets aging populations and large numbers of public sector workers They also see a European political class seemingly unable and in some cases unwilling to implement economic reform and seemingly more concerned with preserving its own privileges Looking at their own society Americans are increasingly asking themselves Is this our future In *Becoming Europe* Samuel Gregg examines economic culture the values and institutions that inform our economic priorities to explain how European economic life has drifted in the direction of what Alexis de Tocqueville called soft despotism and the ways in which similar trends are manifesting themselves in the United States America Gregg argues is not yet Europe the good news is that economic decline need not be its future The path to recovery lies in the distinctiveness of American economic culture Yet there are ominous signs that some of the cultural foundations of America s historically unparalleled economic success are being corroded in ways that are not easily reversible and the European experience should serve as the proverbial canary in the coal mine The A to Z of the

European Union Joaquín Roy,Aimee Kanner,2009-09-17 Over half a century old and continuing to grow in strength and authority the European Union consists of 25 member states with more on the waiting list and a population of 450 million people Its influence in foreign and domestic affairs and human rights and law reaches far beyond its earlier fields of trade and politics From the initial ideas about integration leading to the Treaty of Paris and the creation of the European Coal and Steel Community to the current reflection on the Treaty establishing a Constitution for Europe The A to Z of the European Union encompasses the most basic elements of the EU and the components that have emerged as a result of them Through the use of maps photographs a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on topics such as leaders personalities institutions enlargements member states internal policies external relations basic theories treaties and law this dictionary tells a clear and complete story about the European Union that will assist those with greater interest in understanding it

Europe Since 1945 Mary Fulbrook,2001 This text brings home the waves of transformation that have washed across Europe in the second half of the 20th century sketching out general patterns of this change and exploring some of the local themes and variations in parts of Europe

The Crisis of Representation in Europe Jack Hayward,2012-10-12 The 1994 European Elections focused public attention on the perception that representatives put integration above public interest The contributors here critically assess the diagnosis of the ailment and the solutions that have been canvassed to remedy its causes and consequences

The New Europe ,1917

A Certain Idea of Europe Craig Parsons,2018-07-05 The quasi federal European Union stands out as the major exception in the thinly institutionalized world of international politics Something has led Europeans and only Europeans beyond the nation state to a fundamentally new political architecture Craig Parsons argues in A Certain Idea of Europe that this something was a particular set of ideas generated in Western Europe after the Second World War In Parsons s view today s European Union reflects the ideological and perhaps visionary project of an elite minority His book traces the progressive victory of this project in France where the battle over European institutions erupted most divisively Drawing on archival research and extensive interviews with French policymakers the author carefully traces a fifty year conflict between radically different European plans Only through aggressive leadership did the advocates of a supranational community Europe succeed at building the EU and binding their opponents within it Parsons puts the causal impact of ideas and their binding effects through institutions at the center of his book In so doing he presents a strong logic of social construction a sharp departure from other accounts of EU history that downplay the role of ideas and ideology

SYRIZA Cas Mudde,2016-11-14 This book studies the rollercoaster first year in office of the Coalition of the Radical Left SYRIZA which for many Europeans constituted the hope for a different Europe beyond austerity and national egocentrism Through a collection of sharp and short articles and interviews that critically chronicle the rapid rise of SYRIZA the author argues that SYRIZA is not so much a new European phenomenon but rather a rejuvenated form of an old Greek phenomenon left populism which overpromises and

seldom delivers By putting the phenomenon of SYRIZA within a broader Greek and European context in which political extremism and populism are increasingly threatening liberal democracy Mudde argues that Greece is neither a new Weimar Germany nor the future of Europe As SYRIZA has failed to bring the change it promised the only remaining question now is whether it can establish itself in the Greek party system This book will be of use to students and scholars interested in Greek politics comparative politics populism and extremism

Europe Today Ronald Tiersky,Erik Jones,2011-06-10 A fifth edition of this book is now available This elegantly written and comprehensive book is the only text that combines a unified set of both country case studies with sustained analysis of the European Union The contributors an authoritative group of Americans and Europeans explore the new Europe west and east using intertwining themes of domestic politics European integration and European security In this fourth edition all existing chapters have been thoroughly revised and updated and completely new chapters have been added on France Italy Poland the global economic crisis economic governance law and politics migration and security Cosmopolitan in outlook realistic in analysis this unique text will lead readers toward a coherent view of Europe today

European Societies Thomas Boje,Bart Van Steenberghe,Sylvia Walby,2013-03-07 Are the recent developments in Europe bringing countries together or pulling them apart The leading experts in this book including Sheila Allen Marlis Buchmann Piotr Sztompka and Patrick Ziltener cover a wide range of subjects including the move towards political democracy and market economy in Central and Eastern societies the project of the European Union ethnic conflict the rise of nationalism social exclusion and women s role in public life

Annuaire Européen 1990 - European Handbook 1990 G. Adinolfi,Council of Europe,1992-06-18 The European Yearbook promotes the scientific study of European organisations and the Organisation for Economic Co operation and Development Each volume contains a detailed survey of the history structure and yearly activities of each organisation and an up to date chart providing a clear overview of the member states of each organisation In addition a number of articles on topics of general interest are included in each volume A general index by subject and name and a cumulative index of all the articles which have appeared in the Yearbook are included in every volume and provide direct access to the Yearbook s subject matter Each volume contains a comprehensive bibliography covering the year s relevant publications This is an indispensable work of reference for anyone dealing with the European institutions

New Labour and the European Union Stefano Fella,2018-05-08 This title was first published in 2002 This book makes a valuable contribution to the literature on the UK EU relationship and on the development of the Labour party since Tony Blair became leader in 1994 providing a detailed examination of the process of policy making undertaken by Labour in relation to the 1996 97 intergovernmental conference IGC of the EU It tracks policy development from opposition to government culminating in the conclusion of treaty negotiations at Amsterdam in June 1997 The book moves beyond the existing literature in providing an original account of policy making based on internal party and government sources It highlights a New Labour approach to the EU set in place by the time of the Amsterdam summit and

characteristic of the Blair government's European policy thereafter and suggests that this approach represents both continuity and change with previous UK governments and a break from the European social democratic perspective that had been central to Labour's previous pro-European conversion The Foreign Policy of Europe Lewis Appleton, 1892 From Colony to Superpower George C. Herring, 2008-10-28 The Oxford History of the United States is the most respected multi-volume history of our nation in print. The series includes three Pulitzer Prize winners, a New York Times bestseller, and winners of prestigious Bancroft and Parkman Prizes. From Colony to Superpower is the only thematic volume commissioned for the series. Here George C. Herring uses foreign relations as the lens through which to tell the story of America's dramatic rise from thirteen disparate colonies huddled along the Atlantic coast to the world's greatest superpower. A sweeping account of United States foreign relations and diplomacy, this magisterial volume documents America's interaction with other peoples and nations of the world. Herring tells a story of stunning successes and sometimes tragic failures captured in a fast-paced narrative that illuminates the central importance of foreign relations to the existence and survival of the nation and highlights its ongoing impact on the lives of ordinary citizens. He shows how policymakers defined American interests broadly to include territorial expansion, access to growing markets, and the spread of an American way of life. And Herring does all this in a story rich in human drama and filled with epic events. Statesmen such as Benjamin Franklin and Woodrow Wilson and Harry Truman and Dean Acheson played key roles in America's rise to world power. But America's expansion as a nation also owes much to the adventurers and explorers, the sea captains, merchants, and captains of industry, the missionaries and diplomats who discovered or charted new lands, developed new avenues of commerce, and established and defended the nation's interests in foreign lands. From the American Revolution to the fifty-year struggle with communism and conflicts in Afghanistan and Iraq, From Colony to Superpower tells the dramatic story of America's emergence as superpower, its birth in revolution, its troubled present, and its uncertain future The European Dream Walter Schwimmer, 2004-01-01 Europe is a strange continent. Strictly speaking, it is not a continent at all but a mere peninsula tacked on to Asia from where many of its first inhabitants undoubtedly came. And yet, despite its huge variety of features, languages, landscape, and peoples, this smallest of continents has achieved a clear cultural identity. It is certainly true that Eurospeak lacks poetry and that the myths of today are mainly nationalist, chauvinistic, and of the "No to Europe" type. But says the author, "My Europe is not the Europe that regulates the curve on bananas, quarrels over subsidies for farmers, or fights for places on the Council or Commission. I still believe in dreams, especially the European dream." The author quotes Vaclav Havel: "Without dreaming of a better Europe, we shall never build a better Europe." Going back to the origins of the European idea, Dr. Schwimmer traces the true content of Robert Schumann's vision and shows how this must still be our inspiration. But the author goes back beyond that and looks at other visions of a Federal Europe. From the Hapsburg Empire to the League of Nations and Woodrow Wilson's celebrated speech in 1918, various concepts are examined carefully. In propounding his dream for the future, the author takes on the

Eurosceptics directly and shows how Europe must be the key to its inhabitants tackling the problems of world terrorism human rights and the internal strife of Russia and the Balkan States

East Central European Migrations During the Cold War Anna Mazurkiewicz, 2019-05-06 An extremely useful and much needed survey Over eleven chapters authors from eight countries cover the complex history of migration from the perspective of Central and Eastern Europe between 1945 and 1993 Following in the footsteps of Klaus Bade's Encyclopedia of European Migrations the authors make extensive use of sources in national languages while providing an extensive overview of population movements in the region between the Baltic Black and Adriatic Seas The individual chapters shed light on phenomena overlooked in other volumes including individual state reactions to various migratory phenomenon and the political economic and ideological consequences of human movement The chapters of this volume are uniform not only in their informative nature but also in suggesting new pathways for in depth research Adam Walaszek Jagiellonian University Krak w Poland Eastern Europe is an emblematic space of mobility and its Cold War history cannot be told without considering migration from and into the countries of the region This volume comes at a timely moment and provides a uniquely comprehensive account full with useful information for further research It will be a must read both for migration studies scholars and for area specialists Ulf Brunnbauer Leibniz Institute for East and Southeast European Studies Regensburg Germany The Handbook is a gift to students of migration on three counts It gathers the expertise of scholars fluent in the languages and familiar with the archives of Eastern and Central Europe Thus it brings the multi layered and complex histories of movement beyond the flat descriptor of Soviet bloc or Eastern European migrations The Handbook is both rich and lucid presenting in depth materials on the European twentieth century on one hand and organizing each chapter in a similar way offering the reader transparently comparable histories From Estonia south to Albania and from the USSR west to the GDR each chapter elucidates a complex migration history distinguished by national politics ethnic composition and economics moving from the cataclysmic impacts of World War II to the international migrations and politics of Cold War movement as well as the politics of Cold War emigrants themselves Each chapter ends with an epilogue on post 1989 international migrations and a valuable addendum on published and archival sources Finally the Handbook models the kind of high quality work produced by international scholarly cooperation at its best Leslie Page Moch Michigan State University Table of contents Introduction Anna Mazurkiewicz Albania Agata Domachowska Baltic States Estonia Latvia and Lithuania Pauli Heikkil Bulgaria Detelina Dineva Czechoslovakia Michael Cude and Ellen Paul Germany Bethany Hicks Hungary Katalin K d r Lynn Poland S awomir ukasiewicz Romania Beatrice Scutaru Ukraine Anna Fi USSR Alexey Antoshin Yugoslavia Brigitte Le Normand

The Ashgate Research Companion to War Hall Gardner, Oleg Kobtzeff, 2012 This Companion brings together 29 essays from leading theorists and historians on the origins of wars their immediate causes and consequences and the mechanisms leading to the breakdown of peaceful relations The essays are arranged thematically in four parts and include analysis of significant conflicts and consideration of long term

systemic conflicts and highlight the need for interdisciplinary approaches to the study of war as a global phenomenon

Europe as the Other Judith Becker, Brian Stanley, 2013-12-11 There has been much academic debate over recent years on Europe defining itself over against the Other This volume asks from the opposite perspective What views did non Europeans hold of European Christianity In this way the volume turns the agency of definition over to non Europeans Over the last centuries the contacts between Europeans and non Europeans have been diverse and complex Non Europeans encountered Europeans as colonialists traders missionaries and travellers Most of those Europeans were Christians or were perceived as Christians Therefore in terms of religion Europe was often identified with Christianity Europeans thus also conveyed a certain image of Christianity to non European countries At the same time non Europeans increasingly travelled to Europe and experienced a kind of Christianity that often did not conform to the picture they had formed earlier Their descriptions of European Christianity ranged from sympathetic acceptance to harsh criticism The contributions in this volume reveal the breadth of these opinions They also show that there is no clear line of division between insiders and outsiders but that Europeans could sometimes perceive themselves as being outsiders in their own culture while non Europeans could adopt insider perspectives Furthermore from these encounters new religious and cultural expressions could emerge

The Captivating World of Kindle Books: A Detailed Guide Unveiling the Benefits of E-book Books: A World of Ease and Versatility Kindle books, with their inherent portability and ease of access, have liberated readers from the limitations of physical books. Gone are the days of lugging cumbersome novels or meticulously searching for specific titles in bookstores. Left In Europe Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Left In Europe PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Left In Europe PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Left In Europe free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Left In Europe Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.
