Left In The Wilderneb:

All Things Left Wild James Wade, 2020-06-16 A powerful and lyrical debut a botched robbery sets two men on conflicting journeys across the untamed landscape of the American West After an attempted horse theft goes tragically wrong sixteen year old Caleb Bentley is on the run with his mean spirited older brother across the American Southwest at the turn of the twentieth century Caleb's moral compass and inner courage will be tested as they travel the harsh terrain and encounter those who have carved out a life there for good or ill Wealthy and bookish Randall Dawson out of place in this rugged and violent country is begrudgingly chasing after the Bentley brothers With little sense of how to survive much less how to take his revenge Randall meets Charlotte a woman experienced in the deadly ways of life in the West Together they navigate the murky values of vigilante justice Powerful and atmospheric lyrical and fast paced *All Things Left Wild* is a coming of age for one man a midlife odyssey for the other and an illustration of the violence and corruption prevalent in our fast expanding country It artfully sketches the magnificence of the American West as mirrored in the human soul

Wild Visions Ben A. Minteer,Mark Klett,Stephen J. Pyne,2022-01-01 A stunning combination of landscape photography and thematic essays exploring how the concept of wilderness has evolved over time Our ideas of wilderness have evolved dramatically over the past one hundred and fifty years from a view of wild country as an inviolable place apart to one that exists only within the matrix of human activity This shift in understanding has provoked complicated questions about the

importance of the wild in American environmentalism as well as new aesthetic expectations as we reframe the wilderness as to some degree a human creation *Wild Visions* is distinctive in its union of landscape photography and environmental thought a merging of short thematic essays with a striking visual narrative Often the wild is viewed in binary terms either revered as sacred and ecologically pure or dismissed as spoiled by human activities This book portrays wilderness instead as an evolving gamut of understandings a collage of views and ideas that is still in process

Wilderness Forever Mark W. T. Harvey, 2009-11-23 Winner of the Forest History Society's 2006 Charles A. Weyerhaeuser Book Award

As a central figure in the American wilderness preservation movement in the mid twentieth century Howard Zahniser 1906-1964 was the person most responsible for the landmark Wilderness Act of 1964 While the rugged outdoorsmen of the early environmental movement such as John Muir and Bob Marshall gave the cause a charismatic face Zahniser strove to bring conservation's concerns into the public eye and the preservationists' plans to fruition In many fights to save besieged wild lands he pulled together fractious coalitions built grassroots support networks wooed skittish and truculent politicians and generated streams of eloquent prose celebrating wilderness Zahniser worked for the Bureau of Biological Survey a precursor to the Fish and Wildlife Service and the Department of the Interior wrote for *Nature* magazine and eventually managed the Wilderness Society and edited its magazine *Living Wilderness* The culmination of his wilderness writing and political lobbying was the Wilderness Act of 1964 All of its drafts included his eloquent definition of wilderness which still serves as a central tenet for the Wilderness Society an area where the earth and its community of life are untrammelled by man where man himself is a visitor who does not remain The bill was finally signed into law shortly after his death Pervading his tireless work was a deeply held belief in the healing powers of nature for a humanity ground down by the mechanized hustle bustle of modern urban life Zahniser grew up in a family of Methodist ministers and although he moved away from any specific denomination a spiritual outlook informed his thinking about wilderness His love of nature was not so much a result of scientific curiosity as a sense of wonder at its beauty and majesty and a wish to exist in harmony with all other living things In this deeply researched and affectionate portrait Mark Harvey brings to life this great leader of environmental activism
