Legal Aid Practices In The Prc In The 9:

Legal Aid Practices in the PRC in the 1990s Qizhi Luo,1997 Changing Meanings of Citizenship in Modern China Merle Goldman,Elizabeth J. Perry,2002-06-30 This collection of essays addresses the meaning and practice of political citizenship in China over the past century raising the question of whether reform initiatives in citizenship imply movement toward increased democratization After slow but steady moves toward a new conception of citizenship before 1949 there was a nearly complete reversal during the Mao regime with a gradual reemergence beginning in the Deng era of concerns with the political rights as well as the duties of citizens The distinguished contributors to this volume address how citizenship has been understood in China from the late imperial era to the present day the processes by which citizenship has been fostered or undermined the influence of the government the different development of citizenship in mainland China and Taiwan and the prospects of strengthening citizens rights in contemporary China Valuable for its century long perspective and for placing the historical patterns of Chinese citizenship within the context of European and American experiences Changing Meanings of Citizenship in Modern China investigates a critical issue for contemporary Chinese society *Implementation of Law in the People's Republic of China* Jianfu Chen,Yuwen Li,Jan Michiel Otto,2021-08-04 China after some twenty years of reform is no longer a country without law Indeed one may legitimately complain that there are too many laws that are changing too rapidly However law acquires no life nor performs its intended social functions without proper implementation and enforcement Here few people Chinese or foreign are content with the general situation of implementation of law in China The problems and difficulties in implementing and enforcing laws and regulations are reported and discussed in the various forums of the Chinese media almost on a daily basis and often reported in Western media also Academics in China are filling the pages of various legal journals with their diagnoses and analyses of the causes of and solutions to the lack of proper implementation of law and legal regulations and policy measures are being issued to deal with these problems and to overcome the difficulties The future of the rule of law in China as we are so often reminded by scholars of Chinese politics and law largely depends on the proper implementation and enforcement of law This is a book about law in action in China that is it focuses on the administration of the law as a process through which law in the books is put into action and hence is made to perform its intended social functions It deals with the process the institutional settings the players and the political economic social and cultural settings the factors involved in the administration of law in China Throughout the book we will see a variety of problems and difficulties involved in implementing and enforcing laws and regulations that are identified and analyzed by the contributors We will also see analyses on legal regulations and policy measures that have been issued to rectify the many identified problems to raise the standard of actual implementation of law and to improve the functioning of the various law implementing enforcing authorities Additionally the book provides various case studies on implementation of law in China The present book we believe is among the first collective efforts at a systematic and comprehensive study of the

implementation of law in China and we hope that it will stimulate many more such studies on the actual operation and impact of law on society and on individuals

Dispute Resolution in the People's Republic of China Zhiqiong June Wang,Jianfu Chen,2019-12-02

Dispute resolution reforms in China in the last decade or so have all centred around the strategy of establishing an integrated dispute resolution system as part of China s modern governance system This new integrated system referred to as the Mechanism for Pluralist Dispute Resolution PDR in China serves as a dispute resolution system as well as a comprehensive social control mechanism This book is the first academic attempt to explain the methods of civil and commercial dispute resolution in China from the perspective of PDR It systematically and critically examines the development of China s dispute resolution system with each chapter analysing in detail the development and transformation of the different institutions mechanisms and processes in their historical politico economic and comparative context

Democratizing Legal Services Laura Snyder,2016-10-11

We live in a law thick world For individuals and organizations in both the public and private sectors navigating the large number of complex laws rules institutions and procedures that pervade American life is virtually impossible without some assistance Some argue that there are too many lawyers Others argue that the unmet need for legal services is so high that it constitutes a human rights crisis This book exposes why it is easy to access legal services for some while it is virtually impossible for others and why some lawyers have successful careers but others cannot This book argues that the problems plaguing legal services in the US can be only be addressed by a radical overhaul of the rules that govern how legal services may be delivered as well as radical changes to who exercises the power to make those rules Through interviews with those with experience with alternative legal service providers this book exposes the formidable obstacles that exist along the path to those changes as well as the opportunities that await More information can be found at [www notjustforlawyers com](http://www.notjustforlawyers.com)

Law, Policy, and Practice on China's Periphery Pitman B. Potter,2010-09-13

This book examines the Chinese government s policies and practices for relations with the Inner Periphery areas of Tibet Xinjiang and Inner Mongolia and the Outer Periphery areas of Hong Kong and Taiwan focusing on themes of political authority socio cultural relations and economic development China s history may be seen as one of managing the geographic periphery surrounding China proper Successive

imperial republican and communist governments have struggled to maintain sovereignty over the regions surrounding the great river valleys of China. The importance of the periphery is no less real today: concerns over national security, access to natural resources and long held concerns about relations between Han and other ethnic groups continue to dominate Chinese law policy and practice regarding governance in the Inner Periphery regions of Inner Mongolia, Xinjiang and Tibet. In the Outer Periphery, Beijing sees engagement with the outside world, particularly the West, as inextricably tied to Chinese sovereignty over former foreign colonies of Hong Kong and Taiwan. Using the case study of national integration to indicate how policies are articulated and implemented through law and political legal institutions, this book will be of interest to students and scholars of the peripheral regions. It will also appeal to academic and policy communities interested in legal reform in China.

Legal Reforms in China and Vietnam John Gillespie, Albert Chen, 2010-09-13 This book provides a comprehensive comparative assessment of legal developments in China and Vietnam, examining similarities and differences and highlighting the factors likely to promote change or resist the spread of the Chinese model.

Payments for Ecological Services and Eco-Compensation Asian Development Bank, 2010-12-01 Policy makers in the People's Republic of China have been experimenting with new approaches to environmental management, resulting in a wide array of policy and program innovations under the broad heading of eco-compensation. Many of these are market-based instruments, particularly payments for ecological services. Currently, an emerging policy debate regarding the extent to which beneficiaries should pay and the providers should be compensated for the provision of natural resources and environmental services to promote sustainable, balanced growth. These proceedings are a collection of papers presented at the International Conference on Payments for Ecological Services convened in Ningxia Hui Autonomous Region in September 2009 to support eco-compensation programs in the country.

Human Rights and Good Governance Wei Zhang, Ruoyu Li, Zihan Yan, 2016-03-11 The Chinese Perspectives on Human Rights and Good Governance series reviews various aspects of human rights and good governance in China, including international human rights standards, specific substantive rights protection and rule of law, as well as constitutionalism, especially in the context of contemporary China. Its aim is to stimulate discussion on these and related topics with a focus on international standards whenever these are applicable and relevant to China. In this first volume in the series, the contributors adopt different disciplinary approaches to

look at China both in the context of its internal constraints and as a global player in the overall development of human rights
Where is China headed in the near future Does Chinese culture stand in contradiction to human rights Is the rule of law alien
