The Long Shadow of the Civil War Victoria E.

Bynum, 2010-04-15 *The Long Shadow of the Civil War* relates uncommon narratives about common Southern folks who fought not with the Confederacy but against it. Focusing on regions in three Southern states: North Carolina, Mississippi, and Texas, Victoria E. Bynum introduces Unionist supporters, guerrilla soldiers, defiant women, socialists, populists, free blacks, and large interracial kin groups that belie stereotypes of Southerners as uniformly supportive of the Confederate cause. Centered on the concepts of place, family, and community, Bynum's insightful and carefully documented work effectively counters the idea of a unified South caught in the grip of the Lost Cause. *American History through Hollywood Film* Melvyn

Stokes, 2013-12-05 *American History through Hollywood Film* offers a new perspective on major issues in American history from the 1770s to the end of the twentieth century and explores how they have been represented in film. Melvyn Stokes examines how and why representation has changed over time, looking at the origins, underlying assumptions, production, and reception of an important cross section of historical films. Chapters deal with key events in American history, including the American Revolution, the Civil War and its legacy, the Great Depression, and the anti-communism of the Cold War era. Major themes such as ethnicity, slavery, Native Americans, and Jewish immigrants are covered, and a final chapter looks at the way the 1960s and 70s have been dealt with by Hollywood. This book is essential reading for anyone studying American history and the relationship between history and film. ***Hattiesburg, Mississippi*** Benjamin Morris, 2014-11-18

Founded by William Hardy at the confluence of rivers and rail lines, Hattiesburg, Mississippi, is today a capital of education, healthcare, commerce, and the armed forces in the Gulf South. In this new biography of the Hub City, experience its story as you never have before. Hunt and forage alongside Native American tribes centuries before European settlement. Build a cabin with pioneer lumbermen on the edge of the forest, jostling for profit in the cavernous Piney Woods. Train with soldiers at Camp Shelby on the eve of deployment in World War II and march alongside civil rights activists during Freedom Summer in 1964. In this narrative history, author and Hattiesburg native Benjamin Morris offers a captivating account of the Hub City from its prehistory to the present day, from its darkest hours to its brightest futures. *Guerrillas, Unionists, and Violence on the Confederate Home Front* Daniel E. Sutherland, 1999-01-01 Until recently, this localized violence was largely ignored; scholars focusing instead on large-scale operations of the war, the decisions and actions of generals and presidents. But as Daniel Sutherland reminds us, the impact of battles and elections cannot be properly understood without an examination of the struggle for survival on the home front of lives lived in the atmosphere created by war. Sutherland gathers eleven essays by such noted Civil War scholars as Michael Fellman, Donald Frazier Noel Fisher, and B. F. Cooling, each one exploring the Confederacy's internal war in a different state. All help to broaden our view of the complexity of war and to provide us with a clear picture of war's consequences: its impact on communities, homes, and families. This strong collection of essays delves deeply into what Daniel Sutherland calls the desperate side of war, enriching our understanding of a turbulent and divisive

period in American history
