Leica The First Sixty Years:

Leica Gianni Rogliatti,1982 **Leica** Gianni Rogliatti,1985 **Leica M Compendium** Jonathan Eastland,1994 The Leica M system has been with us since 1954 It rapidly became and has remained the favorite instrument of photographers especially photojournalists who like Henri Cartier Bresson seek to catch life in the act to record the decisive moment In this Leica M Compendium Jonathan Eastland describes the whole Leica M system from his experience as a professional photographer He explains how to use enjoy and get the best out of the cameras and lenses regardless of age The latest lenses can be used on the earliest cameras and vice versa and the Visoflex although no longer made is now much easier to use with the M6 and its TTL metering Advice on planning and shooting a story with the Leica and extensive tables of technical data complete this ideal companion for the practical Leica M photographer as well as for the Leica collector and enthusiast

Leica Gianni Rogliatti,1979 *Sixty Years in Sixty Minutes* Don Jacklin,2021-06-27 This is a portfolio of a mixed bag of events and objects that have caught my eye and been recorded as of interest to me Ilford s old slogan For Faces and Places was very apt It could take just sixty minutes to look through the book or you may want to look through sixty times who knows It spans a sixty year period of life which has passed by my lens I have selected the most memorable ones which are likely to mean more to viewers beyond the family circle so to speak Photography can be so so personal I have found Many of these images can never be repeated Some will stand the test of time better than others I would like to think that British Amateur Photojournalism never dies and ordinary people such as myself can and will make the effort to continue recording for posterity In black and white please it has for me and many enthusiasts alike an archaic charm that no other art form can beat

Transportation Laboratories and Testing Facilities in Canada ,1980 Leica Accessory Guide Dennis Laney,1996 This book is used in conjunction with The Leica Pocket Book and Leica Price Guide and has been compiled from original Leitz sources The book has two aims the first is to act as the constant pocket companion for the Leica Collector in his travels the second is to help Leica enthusiasts who want to study fascinating accessories in greater depth It covers the whole period from 1924 to Spring 1996 and will enable the reader to place an individual accessory in its historical context with contemporary Leica models and lenses Readers wishing to study Leica accessories further and looking for a more suitable bedside companion are referred to the author s Leica Collectors Guide which also includes comprehensive accounts of Leitz enlargers projectors and binoculars **Travel, Writing and the Media** Barbara Korte,Anna Karina

Sennefelder,2022-03-03 The nexus between travel writing and media in the contemporary world is dense travel practice is increasingly interwoven with media representations in old and new media are co present and converge Digitisation has had a profound impact on the practice and mediation of travel but this volume aims to show that travel and its representation have always been enlaced with media With contributions by experts in literary and cultural studies journalism studies and informatics the book takes a multi and interdisciplinary approach and covers a wide range of media from the hand crafted

album to social media It illustrates how current transformations invite us to revisit earlier periods of travel writing and their media environments and to explore the ways in which contemporary forms of mediation are prefigured by earlier practices and forms The book addresses readers interested in travel writing travel studies and cultural studies Chapters Introduction 3 7 and 9 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Funded by University of Freiburg
