**Leningrad** Pavel Ākovlevich Kann,1990      *Leningrad* Anna Reid,2011-08-30 A narrative account of the siege of Leningrad reveals the Nazi decision to starve Leningrad into surrender and related Soviet leadership failures describing the harrowing experiences of residents within the blockaded city      **Leningrad 1941 - 42** Sergey Yarov,2017-07-24 This book recounts one of the greatest tragedies of the twentieth century the siege of Leningrad It is based on the searing testimony of eyewitnesses some of whom managed to survive while others were to die in streets devastated by bombing in icy houses or the endless bread queues All of them nevertheless wanted to pass on to us the story of the torments they endured their stoicism compassion and humanity and of how people reached out to each other in the nightmare of the siege Though the siege continues to loom large in collective memory an overemphasis on the heroic endurance of the victims has tended to distort our understanding of events In this book which focuses on the Time of Death the harsh winter of 1941 42 Sergey Yarov adopts a new approach demonstrating that if we are to truly appreciate the nature of this suffering we must face the full realities of people s actions and behaviour Many of the documents published here letters diaries memoirs and interviews not previously available to researchers or retrieved from family archives show unexpected aspects of what it was like to live in the besieged city Leningrad changed and so did the morals customs and habits of Leningraders People wanted at all costs to survive Their notes about the siege reflect a drama which cost a million people their lives There is no spurious cheeriness and optimism in them and much that we might like to pass over But we must not We have a duty to know the whole bitter truth about the siege the price that had to be paid in order to stay human in a time of brutal inhumanity      *Leningrad* Masha Nordbye,1991 Guidebook to the history and culture of Leningard including museums monuments and theaters

Drawing on a superb collection of rare and unpublished photographs with detailed captions and explanatory text this dramatic book vividly portrays every aspect of the siege of Leningrad The historic 872 day siege of Leningrad by German Army Group North began in earnest on 8 September 1941 and was not lifted until 27 January 1944 During this period the Red Army made numerous desperate attempts to break the blockade which the Nazis and their Spanish and Finnish allies doggedly resisted Eventually due to overwhelming enemy pressure Hitler s forces were compelled to retreat but not before looting and destroying numerous historic palaces and landmarks and looting their priceless art collections The bitter and prolonged fighting often under appalling climatic conditions resulted in many thousands of casualties for both sides from direct action and constant indirect artillery and air attack Arguably most shocking was the loss of life due to the systematic starvation of the civilian population trapped inside and the intentional destruction of its buildings Drawing on a superb collection of rare and unpublished photographs with detailed captions and explanatory text this dramatic book vividly portrays every aspect of the siege which has the dubious claim of being arguably the most costly in human and material terms of any in recent military history The Last Heroes of Leningrad Alexandra Wachter,2022-08-08 Alexandra Wachter investigates how survivors of the Siege of Leningrad 1941 44 were able to come to terms with their memories in Soviet and post Soviet society Subject to political fluctuations official remembrance ranged from enforced silence to extensive exploitation for propaganda purposes a framework which corresponded with psychological strategies to cope but not deal with trauma repression denial acting out and idealization Based on a combination of oral history interviews ethnographic and archival research this study examines narratives and activities of child and adolescent survivors Individual experiences are related to varying degrees of involvement in survivors organisations and thick description adds to the understanding of trauma in the context of a post totalitarian society **Leningrad** Birgit Borowsky,Karl Baedeker (Firm),1991
