Out of the Darkness Marion Crook, 2004-01-01 Teen suicide has long been considered one of society's darkest secrets the idea of troubled young people driven to take their own lives was a tragedy too horrible to contemplate let alone talk about openly But the fact remains that teen suicide is an issue that refuses to go away so long as young people in crisis have nowhere to turn But now in this age of frank discussions about bullying peer pressure and issues of difference there is a growing sense that teen suicide is no longer a taboo subject and that talking about it can help us to identify and acknowledge the kind of problems that lead teens to make such drastic and tragic decisions Based on interviews with teen suicide survivors parents and professionals Marion Crook sensitively explores all aspects of teen suicide in particular the reasons why certain young people are driven to it The motives are far ranging but central to all is a sense of desperation Despite their dire circumstances however many found a way out of the darkness and into adult lives of meaning and worth Marion Crook also examines the history of teen suicide in Western and other cultures as well as what roles parents and schools can play in suicide prevention and coping strategies for teens in crisis Out of the Darkness is a book for both teens and adults that breaks the silence surrounding teen suicide offering hope for those who think there is none Marion Crook has spent the last fifteen years actively researching the difficulties teens face relying on the expertise of the teens themselves This is her twenty third published book She teaches at the university in Surrey B C while continuing to research and write

Shakespearean Ethics in Extremity James Kearney, 2025-02-27 Shakespearean Ethics in Extremity addresses forms of ethical experience on the Shakespearean stage Early modern theater traffics in the vicarious experience of ethics often ethics in some extreme or impossible circumstance It does so not by parading concepts across the stage or ventriloquizing ideas from the philosophical tradition but by bringing to life stories and characters and worlds by crafting scenes and moments of great emotional and cognitive intensity What does it feel like to be enjoined to avenge your father's murder What is it like to banish your daughter or disavow your community To murder James Kearney contends that Shakespearean theater fundamentally oriented to the experiential invites its audiences to entertain and to be entertained by what the philosopher Bernard Williams calls a phenomenology of the ethical life The early modern world inherited and developed rhetorical and philosophical practices geared toward the creation of immersive virtual experience These phenomenological arts share underlying assumptions about the cultivation and management of the self as well as a straightforward orientation toward ethics Taking up key concepts from the long history of moral philosophy recognition obligation decision luck Shakespearean Ethics in Extremity brings together a discursive history of ideas and the more phenomenological realms of body and affect environment and world In Shakespearean theater we encounter or witness or simply have our attention called to the ethical problem of other minds the obligation to neighbor and community the mysteries of decision the moral quandaries posed by epistemological uncertainty the risk of ethico affective relations and the vagaries of luck Each of these concepts points to an elemental aspect of ethical life and they all have long and rich histories ancient and modern With a concentrated focus on formally inventive plays written in the later part of Shakespeare's theatrical career King Lear Timon of Athens Macbeth Pericles The Tempest and The Winter's Tale Kearney explores Shakespearean theater as an arena or lab in which the experience of ethics in extremis is simulated or reverse engineered counterfeited or created **Already There** Mark Mossa, 2010 If you are young or young only in heart and attempting to discover who you are meant to be Fr Mark Mossa can help you find the ways God is already in your life Mossa provides an honest and entertaining account of how he as a younger adult now a Jesuit priest attempts to find God's will for his life Mossa's friends tell him that he has a talent for making weird they politely say different connections He responds that images lyrics and repeatedly quoted lines from popular culture stick with us because they connect with something deep down inside of us and say something meaningful about our human experience We need only take some time to reflect on our experience and that is what Mark Mossa helps us to do and we'll see that God has already been trying to communicate with us in unexpected and surprising ways Maybe even weird ways The audio edition of this book can be downloaded via Audible **Some of My Friends Are.** Jaime Alvarez, 2009-07-01 Deborah Plummer, 2019-01-22 Examines why it's difficult to form friendships with people of different races how we can make

those connections and how they will encourage more meaningful conversations about race Surveys have shown that the majority of people believe cross racial friendships are essential for improving race relations However further polling reveals that most Americans tend to gravitate toward friendships within their own race Psychologist Deborah L Plummer examines how factors such as leisure politics humor faith social media and education influence the nature and intensity of cross racial friendships Inspiring and engaging Plummer draws from focus groups statistics and surveys to provide insight into the fears and discomforts associated with cross racial friendships Through personal narratives and social analyses of friendship patterns this book gives an insightful look at how cross racial friendships work and fail within American society Plummer encourages all of us to examine our friendship patterns and to deepen and strengthen our current cross racial friendships
