From Augustine To The Eve Of Reformation:

From Augustine to the eve of the Reformation Justo L. González, 1987 *A History of Christian Thought* Justo L. González, 1987 In this first of a three part series designed to display the rich variety and complexity in Christian thought both theological students and lay readers can benefit from Dr Gonzalez broad ecumenical scope and theological understanding Publisher *A history of Christian thought* Justo L. González, 1987 **A History of Christian Thought** Justo L. González, 1987 **A History of Christian Thought Volume II** Dr. Justo L. Gonzalez, 2010-09-01 A treatment of the evolution of Christian thought from the birth of Christ to the Apostles to the early church to the great flowering of Christianity across the world Beginning with Augustine Volume 2 covers the flowering of Christian thought that characterized both the Latin West and the Byzantine East during the Middle Ages *The Culture of Confession from Augustine to Foucault* Chloe Taylor, 2010-05-26 This book is a genealogical study of confession Drawing on the work of Michel Foucault as well as the history of Western confessional writings from Ancient Greece to contemporary pop culture this book challenges the transhistorical and commonsense views of confession as an innate impulse resulting in the psychological liberation of the confessing subject On the contrary confessional desire is argued to be contingent and constraining and alternatives to confessional subjectivity are explored *The Law of the Eucharist* George J. Gatgounis, 2021-12-21 Christians have been debating for centuries what Jesus meant at the Last Supper when he held out a piece of bread to his disciples and said This is my body which is given for you Do this in remembrance of me Christians regularly celebrate the Eucharist or Holy Communion based on those words of Jesus with some form of bread and wine Most Christians believe that Christ is somehow present but disagree on what that actually means The Law of the Eucharist Radbertus vs Ratramnus Their Controversy as to the Nature of the Eucharist by the Rev Dr George Gatgounis Esq examines the issue from the writings of two ninth century monks Their arguments can be illuminating to modern exegetes who have to answer the same questions *A history of Christian thought, vol 2* Justo L. González, 1971 **The Story of Christian Theology** Roger E. Olson, 2009-08-20 In his book poised to become a standard historical theology textbook Roger Olson takes us on a journey of events ranging from the apostolic fathers to the Reformation to the present **A Central European Synthesis of Radical and Magisterial Reform** Kirk R. MacGregor, 2006 Challenging the widespread classification of evangelical theologian Balthasar Hubmaier 1480 1528 as a Schleithem adhering Anabaptist this book argues that Hubmaier should instead be understood as a bridge between the Radical and Magisterial branches of the Reformation and provides for a deeper understanding of one of the 16th century s most creative and sophisticated thinkers **The Oxford Handbook of the Pelagian Controversy**, 2025-05-22 The Oxford Handbook of the Pelagian Controversy delves into the heart of one of Christianity s earliest and most profound theological disputes The Pelagian controversy characterized by fierce debates on topics such as original sin grace and predestination was a pivotal moment in the development of Christian doctrine during

the early fifth century unfolding across continents and involving influential figures like Augustine of Hippo Pelagius Caelestius and Julian of Aeclanum Beyond a mere theological and ecclesiastical debate Pelagianism was an historical event which had far reaching consequences even influencing imperial decisions and shaping later evolutions in the West theologically philosophically but also politically and historically While shedding light on the historical intricacies of the Pelagian controversy this Handbook also explores its enduring legacy The discussions surrounding human autonomy sexuality and human limitations continue to shape contemporary theological and ethical discussions With a strong emphasis on methodological precision this comprehensive volume offers a balanced view of the Pelagian controversy avoiding oversimplification highlighting the importance of lost sources and the contributions of lesser known figures and uncovering the reception history of the controversy through the centuries This Handbook is an indispensable resource for scholars and students interested in the history of the West and of Christianity particularly concerning the profound philosophical and theological questions that continue to influence our modern culture

The Age of Reform, 1250-1550 Steven Ozment, 2020-08-25 Celebrating the fortieth anniversary of this seminal book this new edition includes an illuminating foreword by Carlos Eire and Ronald K Rittges The seeds of the swift and sweeping religious movement that reshaped European thought in the 1500s were sown in the late Middle Ages In this book Steven Ozment traces the growth and dissemination of dissenting intellectual trends through three centuries to their explosive burgeoning in the Reformations both Protestant and Catholic of the sixteenth century He elucidates with great clarity the complex philosophical and theological issues that inspired antagonistic

schools traditions and movements from Aquinas to Calvin This masterly synthesis of the intellectual and religious history of the period illuminates the impact of late medieval ideas on early modern society With a new foreword by Carlos Eire and Ronald K Rittgers this modern classic is ripe for rediscovery by a new generation of students and scholars Mission Partnership in Creative Tension Samuel Cueva,2015-04-14 Samuel Cueva has refined his concept of partnership in mission by advocating the use of reciprocal contextual collaboration in this important contribution to scholarly reflection on contemporary missiology Referencing historical theological and functional aspects of how mission has been carried out as well as analyzing it s impact on the evangelical movement the author identifies that mission always develops with positive and negative tensions Emphasizing an understanding of current missions which include traditional networking and emergent models and how they can be combined interconnected and interchanged the author proposes a fresh model that ensures the suitability for every mission context *The Grammar of Grace* Rev. Sujin Pak,2018-05-31 Protestant reformers found the prophet and biblical prophecy to be exceptionally effective for framing their reforming work under the authority of Scripture for the true prophet speaks the Word of God alone and calls the people their worship and their beliefs and practices back to the Word of God uses the prophet and biblical prophecy as a powerful lens through which to view many aspects of the reformers in the sixteenth and seventeenth centuries G Sujin Pak argues that these prophetic concepts served the substantial purposes of articulating a theology of the priesthood of all believers a biblical model of the pastoral office a biblical vision of the reform of worship and biblical processes for discerning right interpretation of Scripture Pak demonstrates the ways in which understandings of the prophet and biblical prophecy contributed to the formation of distinct confessional identities She goes on to demonstrate the waning of explicit prophetic terminology particularly among the next generation of Protestant leadership Eventually she shows the Protestant reformers concluded that the figure of the prophet carried with it as many problems as it did benefits though they continued to give much time and attention to the exegesis of biblical prophetic writings **The Dark Box** John Cornwell,2014-03-04 A bestselling journalist exposes the
