From Earth To The Heavens Crossing Dimensions:

Transitions-Earth, Death, the Afterlife Marianne Maynard, PhD, Marianne Maynard, 2007-05 Humanity is well on its way in embracing the path of enlightenment We have rejected the doomsday prophecies for earth and have taken back our power to create a more loving world We have the choice to change what has not worked and to create a new reality on earth There is no predestination only our agreement to experience what we have manifested In the year 2012 we are told that humanity has the potential of shifting to higher dimensions of thought and to participate in the global ascension of the human race The questions are What can we expect during this time of planetary changes How can we create a heaven on earth Is it possible to expand our consciousness to higher dimensions and plans such as inter dimensional communication with those in afterlife beyond death These and many more questions are addressed in this book which focus on the next step in the human ascension and evolutionary cycle

Starwalkers and the Dimension of the Blessed William Henry, 2011-08-06 Behind all myths there is one message a timeless truth that mystic traditions point to our Earthly lives are a preparation for life as Starwalkers advanced interdimensional beings who travel the Dimension of the Blessed In this comprehensive study the first ever of its kind William Henry reconstructs the ancient beliefs in this Dimension from clues from Egypt to Sumeria to Greece to America When pieced together these myths create an adventure to a realm of incredible possibility A few of the enigmas this book explores are The Egyptian belief that interdimensional beings of light created humanity The meaning behind the reed the key term constantly repeated over thousands of years in these global myths How Moses parting of the Sea of Reeds while leading the Israelites to Canaan the Place of Reeds is an allegory for the opening of a gate to another realm The secret meaning behind Jesus performing his first miracle at Cana which means reed and the tearing open of the heavens at his baptism and crucifixion How the human body is capable of producing a spiritual substance that is made of space time and through which one can see other times and places How the study of other dimensions can affect our biology and will change our lives in the near future Chapters include A Cosmic Species The Dimension of the Blessed The Field Up Out of Egypt The Blessed Falcons The Divine Spark of the Blessed Atlantis The Blessed Land The Sea at the End of the World Manna and the Blessed Realm Blessed Sirius Gilgamesh Tearing Open the Dimension of the Blessed Judas and the Dimension of the Blessed more

Take Charge of Life Live Your Ideal Marianne Maynard, 2005-11 Our life on earth is a short grand adventure with many challenges and lessons for personal and spiritual growth With knowledge and intuitive insight we can have a rewarding harmonious journey However it takes a clear understanding of your ideal focus intent and thought to manifest your goals and dreams The how to do this is spelled out in simple concise steps that enables you to live your ideal and express your magnificence

The Third Path Bud Carroll, 2013-08-01 When I finished reading this book all I could say was WOW What a stunning piece of literary work It is concise brilliantly written backed by scientific findings with clear human logic and intelligence If this doesn't awaken the masses to delve into who and what they truly are I can't imagine what will

Jerry Issa teacher of metaphysics Trenton Michigan This book will change your life if you let it If we are accidental beings on a remote planet in a vast universe existing for merely a blip in cosmic time what s the point of living at all Until we learn life is too significant to be a short lived brilliance that rises out of nothing and ends in nothing we will continue to live out our lives in what Thoreau saw as quiet desperation We sense the materialistic wall when we ask the question Is that all there is Without resorting to miracles or magic this book provides compelling evidence of life beyond the physical world by logically investigating the limitations of matter in the universe by examining the gaps in scientific theories and by analyzing what the mystics already know about a spiritual existence It takes a dedicated seeker with no preconceived ideas and no intent on arriving to see beyond the materialistic wall This book is intended to expand your awareness of life here and hereafter hopefully providing the spark that will start you on your own personal pilgrimage The mystics tell us we will be guided to the next step along our spiritual path when we are ready Are you ready AWARENESS The following might be the thoughts of those at different levels of awareness as they walk through a rose garden I want I wonder how much I could get for these roses I believe God created roses when He created the world and everything in it I doubt Roses evolved from wild flowering shrubs but most garden varieties are hybrids I seek How could anything as beautiful as a rose happen purely by chance I know Roses like all life on Earth are physical manifestations of spirit

Darla Jade and the Balance of the Universe D. L. The Fifth Jewel of Earth James W. Greenhalge, 2014-10-21 Then quietly the Counselor continued Your traveling is needed again The pendant you wear was purchased at an awesome price That much is finished And no principality or power in heaven or on earth can undo that

accomplishment The bridge has been rebuilt and the path has been thrown open Now you must complete your traveling in fear and trembling Salvation is between you and the King but working out your salvation is between you and Me Wisdom has been given to allow you to see the plan Knowledge to understand the circumstances and Belief in the Plan to strengthen you for the long hard journey Choosing life here the Counselor hesitated touched again by the inestimable cost of that horrific sacrifice provides you with an inerrant compass toward home Now I need you to acquire Right Standing the privilege to face the Creator in His throne room He is perfection itself chosen mortal and all imperfection will be consumed by His righteous indignation Your best efforts will not be enough Not enough The last sentence echoed down the corridor Your best efforts will not be enough How was he to acquire something which his best efforts could not attain How do you acquire the unattainable Fifth in the Jewels of Earth collection the continued fighting in the forever war has already cost the king His life and the Traveler narrowly escaped with his own To return to the fluid battlefield of time is dangerous enough but the enemy is attempting to alter the timeline and the forces of the Cabala are taking matters into their own hands Failure forfeits the future Yet even if he succeeds the Traveler risks never being able to return home His journey is yours Join the resistance There is a jewel waiting for you

A History of Religion in 5 1/2 Objects S. Brent Plate, 2015-03-10 A leading scholar explores the importance of physical objects and sensory experience in the practice of religion A History of Religion in 5 Objects takes a fresh and much needed approach to the study of that contentious yet vital area of human culture religion Arguing that religion must be understood in the first instance as deriving from rudimentary human experiences from lived embodied practices S Brent Plate asks us to put aside for the moment questions of belief and abstract ideas Instead beginning with the desirous incomplete human body he asks us to focus on five ordinary objects stones incense drums crosses and bread with which we connect in our pursuit of religious meaning and fulfillment As Plate considers each of these objects he explores how the world s religious traditions have put each of them to different uses throughout the millennia Religion it turns out has as much to do with our bodies as our beliefs Maybe even more

Sons Of Heaven Terrence Cheng, 2007-05-21 Sons of Heaven is an epic novel set against the backdrop of one of modern history s most haunting events the Tiananmen Square Massacre In June 1989 the world watched in horror as China s military was mobilized to suppress a student movement that stood for peaceful democracy Hundreds were killed others say thousands No one knows for sure But

the image that remains most powerful is that of a lone young man looking confused yet terribly brave as he held his ground before a rolling line of tanks Who was he and why did he do what he did No one has ever been able to determine his identity or fate Within the pages of *Sons of Heaven* in a stunning blend of history and fiction Terrence Cheng has vividly created a life for this young hero and given him a voice Cheng imagines the young man's life as he goes away to America to complete his education He falls in love with a beautiful young American girl who opens up to him a free life filled with opportunity When he returns to China he is embittered and disillusioned only the potential for political change seems to revive him Also unraveled is the story of the young man's older brother an ardent member of the Red Army who is ordered to capture his little brother In the end their political differences turn deadly On one level this is a novel of history as played out in modern China but first and foremost it is about the universal ties of family and the difficult process of boys learning to become men Also under scrutiny is the life and history of Deng Xiaoping China's leader who is suspected of giving the final orders to turn the People's Army against its own people What historical and political factors affected his decisions that fateful summer Was Deng the monster that the world made him out to be A revolving narrative of family faith and courage *Sons of Heaven* braids the lives of peasants and soldiers politicians and gods It is a powerful novel of one of the most memorable and moving moments of our time Praise for *SONS OF HEAVEN* This remarkably structured and textured debut epic seeks to attach a face to the mysterious man who by stepping in front of the rolling army tanks became the most recognizable symbol of the massacres Cheng succeeds in his endeavor a multifaceted and sophisticated portrait of the Chinese people is rendered This is a rare find This is not the first novel to center around Tiananmen but it may be the best Publishers Weekly starred review A superb first novel *Sons of Heaven* succeeds because its focus is relentlessly personal and moral San Francisco Chronicle Filled with carefully measured doses of history romance and adventure Stylistically and thematically daring Miami Herald Terrence Cheng enters history in such a profound and provocative way his retelling of the events in and around Tiananmen Square is subversive lyrical and full of control Cheng is a painter and a cinematographer and a wordsmith all at once Colum McCann author of *Dancer T* his brave insightful and gifted writer seeks to compassionately understand these fictional and actual but fictionalized characters backgrounds motivations and uncertainties to help readers grasp the moment from divergent perspectives Eugene Weekly Compelling powerful a first class thriller set on the stage of world history that is hard to put down Pittsburgh Post Gazette Cinematic powerful Atlanta Journal Constitution Who cannot think of those days in June 1989 without recalling the image of an unknown protester facing off against a tank thanks to Terrence Cheng's *Sons of Heaven* we shall have an enduring reminder Denver Post An irresistible peek into the human face of modern China USA Today The writing here is terse and often beautiful this clash between pole Wonders of the Heavens, Earth, and Ocean James P. Boyd, 1887 *The Man Who Crossed Worlds* Chris Strange, 2011-11-27 All freelance Tunneler Miles Franco wants is a bit of freedom and a couple of bucks to rub together So when the cops haul him downtown for smuggling people between

worlds he'll take any chance he can get to stay out of the pen And funnily enough the cops have just the job for him A mysterious interdimensional drug lord is staking his claim on Miles city and the cops need Miles expertise to cut off the drug lord's supply before it starts the biggest gang war in the city's history But snooping around in gang business is a dangerous job in a town where everyone's on the take and the gangsters play for keeps And there are a lot of ways a nosy Tunneler can disappear Raw insane and hard boiled as hell The Man Who Crossed Worlds is a violent fever dream for those who like their urban fantasy to kick them in the teeth

Gateway to The Heavens Karen L. French, 2014-05-20 Simple geometric shapes and symbols combine to make the universal powerful sacred model Karen French calls Gateway to the Heavens In this book French explains the meaning and purpose of these shapes how they mold our reality and perception of it and how they have a direct bearing on what you are and why you are here These shapes and symbols contain messages that have been consistently represented in religion philosophy mythology mysticism the arts and sciences Their messages are built into our genetic make up and we recognize them instinctively The book is divided up into 3 parts Part 1 covers the properties of the basic geometric shapes and numbers Part 2 describes how these in turn form layers of construction creating principals that are fundamental to the purpose of the universe the spiral sustains reality the cross highlighting the central point of existence and the heart is where we weigh up our choices Part 3 describes how we can use these principals to create positive change in our lives by helping us to expand our awareness of reality

A New Chronology for Old Testament Times Jan van Tuyl, 2012-10-31 This book brings solutions to a very great list of hitherto unsolved chronological and synchronisation problems The reason why those solutions could be found lies in the extensive research the author made in old and often rare texts instead of limiting himself to the near exclusive source of the Bible Ample use has been made of information that is available in works like the Books of Enoch The Apocrypha The Legends of the Jews The Seder Olam the Book of Jasher and many more as well as in the texts from known historians like Herodotus and the famous Jewish historian and priest Flavius Josephus Just a few of the many special findings are The real reason why Joseph was so popular with the Pharaoh Sarah was not Abraham's half sister Moses was uncircumcised and even forbade the ritual for 40 years Terah was not 70 years old when he begat Abraham The exact period of the Judges when they started and when they ended A solution for the verse of the about 450 years of Paul's speech Why did the Lord God give form and then blew life into Adam Eve was not made out of Adam's rib but from another body part A solution to the impossible synchronism of Judah and his sons Enoch made not one but 4 trips to Heaven The definitive answer why did King Josiah attack Necho II Why did King Ahab not fight at Qarqar And many more The book has a unique style It has nothing of the study book difficult to understand texts The subject is serious well researched and treated with respect But that does not mean that it cannot be presented at a fast moving pace in easy to read style with here and there even a bit of humour The purpose of the book is to prove that the promise that the Lord God made to Adam was kept It held that there would be exactly 5500 years between the arrival of Adam in this world and the

arrival of Christ Every person who was of importance in that timespan has been visited For every single one there are his years of birth and death or the years of his rule Every person has a short story about some important part of his life his actions or the influence he had on the history of the Hebrew people that lived in that period **More Things in Heaven and Earth** Benjamin Bederson,2012-12-06 The 20th century has been the century of physics a period of unparalleled scientific advances fueled primarily by discoveries by physicists The 20th century also represents the life span of the American Physical Society not coincidentally and to celebrate both its own centennial and this remarkable century the APS has prepared a book highlighting the seminal discoveries of the 20th century with invited articles by the world s most eminent living physicists including 12 physics Nobel Prize winners Included will be chapters by R Richardson on superfluidity J Lebowitz on statistical mechanics P deGennes on granular material J Hopfield on neural networks C Wieman on matter waves A Pais on high energy physics in the early 20th century The book will contain about 40 chapters on a broad range of topics in physics written in an engaging and personal style While the technical level is high these are not review articles but rather perspectives on discoveries written by those scientists most closely associated with the original work as well future directions of research The book will be promoted to the meeting attendees in advance of the March meeting and should be of interest to the broad scientific community Ben Bederson professor of physics at NYU was editor in chief of the APS journals from 1986 1997 He is also editor of the Advances in Atomic Physics Series Academic Press *Following the Red Bird* Kate H. Rademacher,2017-06-20 In *Following the Red Bird* Kate Rademacher describes how she came to embrace a relationship with God after maintaining a pick and choose approach to spirituality for many years Raised in a staunchly secular liberal community Christianity was never a path she had seriously considered Married to a devout Buddhist Rademacher was sitting on a cushion at her husband s meditation center one day when Jesus appeared unexpectedly in her consciousness and called her to follow him She was baptized a year later to the day Part memoir and part meditation on Christian teachings *Following the Red Bird* First Steps into a Life of Faith explores not only the why of Christianity but also the how How do we learn to listen for God s voice How do we apply Christian teachings to everyday life How do we develop and sustain a relationship with Jesus The image from the book s title becomes a metaphor for the ways Rademacher slowly discovers answers to these questions as she stumbles into a new life in the church Both the searcher and the long time believer will benefit from her experience and insight God's Secrets Revealed: As the War in Heaven Continues on Earth - PREPARE FOR THE FALL OF AMERICA Cynthia Anne Dahm,2010-06-21 Will America suffer the same fate as Atlantis Atlantis was God s first large province created after Lucifer was cast from heaven but not before the ultimate fallen angel renamed Satan rebelled causing untold chaos death and destruction in the universe Eventually the devil s hatred of God s creation law and order carried over into this world to such an extreme only God Himself could intervene It came in the form of a pole shift the great Cataclysm that sank Atlantis killing millions and sending the fallen angels or dark lights scattering But God knew history would repeat

itself as our world is once again experiencing the devastating effects of when man doesn't learn from his mistakes as greed corruption and abuse of power relentlessly continues The turmoil on earth has always been a Spiritual War between the Forces of Good and Evil that began in the cosmos Earth was created as a schoolhouse to provide lessons for those who lost their physical bodies but not their souls in the great Universal Battle due to Satan's deception This battle will be permitted to play out according to Bible prophecy wherein ones will again be given the chance to choose whose side they're on Christ or the devil When global order deteriorates especially in America to the point of no return as is happening now God will need to directly intervene again just as He did before in the antediluvian era by bringing Judgment in the form of another pole shift Meanwhile Satan knowing his time is short is working overtime to take as many souls with him to eternal damnation doing so through earthly minions those who've sold out and are doing his bidding The Mark of the Beast of Rev 13 is destined to become the devil's greatest tool to make this happen And it's just around the corner This book shares some of God's best kept secrets such as an elaborate account of the War in Heaven and how it affects everyone also the Levels Planet System why Earth was created and how it's actually an extension of God's mercy the truth of past lives benevolent human looking beings from other planets and living spacecraft the lost continent of Atlantis and how it parallels with America soul mates or the marriage made in heaven who guides and missioned beings are and much more But its greatest purpose is to warn and help people prepare for the future so all can make the right choice for God and live forever not only on a purified earth but also within the realms of our original homeland the place where everyone's from the universe

Building a Heaven on Earth Albert L. Park, 2014-12-31 Why and how did Korean religious groups respond to growing rural poverty social dislocation and the corrosion of culture caused by forces of modernization under strict Japanese colonial rule 1910-1945 Questions about religion's relationship and response to capitalism industrialization urbanization and secularization lie at the heart of understanding the intersection between colonialism religion and modernity in Korea Yet getting answers to these questions has been a challenge because of narrow historical investigations that fail to study religious processes in relation to political economic social and cultural developments In *Building a Heaven on Earth* Albert L. Park studies the progressive drives by religious groups to contest standard conceptions of modernity and forge a heavenly kingdom on the Korean peninsula to relieve people from fierce ruptures in their everyday lives The results of his study will reconfigure the debates on colonial modernity the origins of faith-based social activism in Korea and the role of religion in a modern world *Building a Heaven on Earth* in particular presents a compelling story about the determination of the Young Men's Christian Association YMCA the Presbyterian Church and the Chondogyo to carry out large-scale rural movements to form a paradise on earth anchored in religion agriculture and a pastoral life It is a transnational story of leaders from these three groups leaning on ideas and systems from countries such as Denmark France Japan and the United States to help them reform political economic social and cultural structures in colonial Korea This book shows that these religious institutions provided discursive

and material frameworks that allowed for an alternative form of modernity that featured new forms of agency social organization and the nation In so doing Building a Heaven on Earth repositions our understandings of modern Korean history
