**From Threatening Guerrillas to Forever Illegals** Yajaira M. Padilla, 2022-06-21 The experience of Central Americans in the United States is marked by a vicious contradiction In entertainment and information media Salvadorans Guatemalans Nicaraguans and Hondurans are hypervisible as threatening guerrillas MS 13 gangsters maids and forever illegals Central Americans are unseen within the broader conception of Latinx community foreclosing avenues to recognition Yajaira M Padilla explores how this regime of visibility and invisibility emerged over the past forty years bookended by the right wing presidencies of Ronald Reagan and Donald Trump and how Central American immigrants and subsequent generations have contested their rhetorical disfiguration Drawing from popular films and TV news reporting and social media Padilla shows how Central Americans in the United States have been constituted as belonging nowhere imagined as permanent refugees outside the boundaries of even minority representation Yet in documentaries about cross border transit through Mexico street murals and other media US Central Americans have counteracted their exclusion in ways that defy dominant paradigms of citizenship and integration
