In medieval literature when humans and animals meet whether as friends or foes issues of mastery and submission are often
at stake In the Skin of a Beast shows how the concept of sovereignty comes to the fore in such narratives reflecting larger
concerns about relations of authority and dominion at play in both human animal and human human interactions Peggy
McCracken discusses a range of literary texts and images from medieval France including romances in which animal skins
appear in symbolic displays of power fictional explorations of the wolf s desire for human domestication and tales of women
and snakes converging in a representation of territorial claims and noble status These works reveal that the qualities

traditionally used to define sovereignty lineage and gender among them are in fact mobile and contingent In medieval literary texts as McCracken demonstrates human dominion over animals is a disputed model for sovereign relations among people it justifies exploitation even as it mandates protection and care and it depends on reiterations of human animal difference that paradoxically expose the tenuous nature of human exceptionalism *A Simple Man* Bobby Hall,2017-08-24 Justin Hayes is richly blessed He grew up the son of a preacher and a school teacher and like most boys in the rural South he grew up hunting and fishing He earned his money in the tobacco and hay fields surrounding his home and joined his senior class in the jungles of Vietnam After returning home he married his high school sweetheart and raised a fine son But being blessed doesn't mean that life is easy He worked as a lineman for the power company and was always available to help his neighbors on their farms His wife suddenly left him for a rich man when his son was ten years old so he was left with a son to raise by himself But now that was all behind him Having inherited fortythree acres of land in the beautiful Appalachian Mountains Justin retired and moved to his new property looking forward to spending his remaining years enjoying God's creation and relaxing in his new home Unbeknownst to Justin he had just moved into the center of a hornet's nest a nest filled with lies and corruption an evil neighbor and a crooked sheriff A nest that was under surveillance and monitored twenty four hours a day A nest that has ties to terrorism and organized crime with the most wretched and evil people who have ever walked the earth Not being someone to back down from a fight Justin digs his heels in for the fight of his life but he is not alone Before this fight is over the SBI FBI Homeland Security CIA and even the Pentagon line up behind him to defeat this monster He will need all the skills he acquired in Vietnam plus help and guidance from the Almighty to defeat this enemy

ask yourself how many dogs with only six years of experience could have such faith in God at such an early age Livy is remarkable throughout the book as she points out situations around her that make little or no sense to her For example she has a real issue with why dogs chase squirrels and cats Livy describes her experiences from adoption to her life with her new parents Her owner whom she affectionately calls Mom leaves the TV on gospel stations whenever Livy is left home alone Livy learns about God and seeks answers about how Gods love applies to her life Livy is on a mission to make people aware of what goes through a dogs mind as events happen She wants people to know that dogs have rights
