High Adventure 24:

Season of High Adventure S. Bernard Thomas, 2024-06-07 In 1928 Edgar Snow 1905 1972 set out to see the world hoping to make his mark as a travel adventure writer Shanghai was to be a mere stopover but Snow stayed on in China for thirteen more years The idealistic young Midwesterner became a journalist and ultimately developed close friendships with China's emerging revolutionary leaders His 1938 classic *Red Star over China* strongly influenced American views of the Chinese Communists and is still in print nearly sixty years later This biography breaks fresh ground with its unique and extensive use of Snow's diaries of over forty years These writings convey Snow's private hopes and fears his moods and motivations Thomas skillfully links them with Snow's public writings and deeds By recreating the milieu in which Snow worked in China Thomas provides a clearer understanding of both the man and his times Snow came to China devoid of any political agenda or sinological background He returned home a politically astute China hand and famed journalist author His writing had taken on the nature of political action which resulted in troubled soul searching that Snow usually confined to his diary Thomas's portrait of Ed Snow reveals a man caught up in an important historical moment a man who profoundly influenced and was influenced by the events that swirled around him This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1997

Reckless Fellows Edward Bujak, 2015-09-25 The Royal Flying Corps later the Royal Air Force was formed in 1912 and went to war in 1914 where it played a vital role in reconnaissance supporting the British Expeditionary Force as air cavalry and also in combat establishing air superiority over the Imperial German Air Force Edward Bujak here combines the history of the air war including details of strategy tactics technical issues and combat with a social and cultural history The RFC was

originally dominated by the landed elite in Lloyd George's phrase from the stately homes in England and its pilots were regarded as knights of the air Harlaxton Manor in Lincolnshire seat of landed gentry became their major training base Bujak shows how within the circle of the RFC the class divide and unconscious superiority of Edwardian Britain disappeared absorbed by common purpose technical expertise and by an influx of pilots from Canada Australia New Zealand and South Africa He thus provides an original and unusual take on the air war in World War I combining military social and cultural history

Hall,2025-07-01 A salve for our current reactionary times ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao s stunning victory in October 1949 and Fidel s triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In Three Revolutions the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin s 1917 return to Russia from exile in Switzerland Mao s Long March of 1934 35 covering some 6 000 miles across China and Fidel Castro s return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall s masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep Three Revolutions raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today Fishes of the Rainbow David A. Locke, 2006 Simon the Jester by William John Locke is a novel likely written in the early 20th century The story centers around Simon de Gex an M P who seeks solitude in the desolate seaside town of Murglebed on Sea after receiving a terminal diagnosis As he grapples with his impending demise Simon reflects on his life love and the ambitions he is leaving behind all while bringing humor and a contemplative attitude to his misfortunes The beginning of the novel introduces Simon as he arrives in the bleak coastal town seeking peace

and distance from the hustle of political life In his conversations with Renniker a knowledgeable friend Simon humorously inquires about the most dismal place in England leading him to Murglebed which he describes in vividly dismal terms Through his eyes we see a man confronting existential questions and exploring ideas of mortality and meaning He reveals his engagement to Eleanor Faversham who he admires but feels he cannot marry due to his illness The opening sets a tone of sharp wit and introspection as Simon embarks on a journey of self discovery amidst the gloom intending to find joy and purpose in his remaining time This is an automatically generated summary
