didn't occur to him to tell his counselors never mind his parents where he could have gotten nose clips It didn't occur to him that anyone would be responsive to his needs In Psychotherapy of Character Dr Berezin presents a much needed alternative to the prevailing doctrine one that is grounded in an understanding of human nature Suffering is not a brain problem it is a human problem He illuminates the practice and effectiveness of psychotherapy through the story of his patient Eddie Eddie's complicated inner life varied experiences and ultimate breakthrough stand in contrast to the destructive and false promises of a magical cure He introduces a new and inclusive paradigm of consciousness for the twenty first century On the surface he lived a successful college life Eddie was due to graduate with honors and was accepted into a prestigious PhD program in biology All the while he felt alone and dead inside No one really knew him *Return to Nature* Jon Burras,2011-02-04
