Planning Department, 1959 *Birmingham's Highland Park* Richard Dabney, 2006-11-08

Birmingham's Highland Park originated in the 1880s when a grand boulevard was dug and three lush parks were planned at the northern foothills of Red Mountain. This boulevard was Highland Avenue at the time the widest street in the South. The development built within three miles of the center of Birmingham included the construction of a resort hotel and lake. A dummy line rail system conveyed the populace of The Magic City out to the beautiful Highland Park neighborhood where in summer the air was both cooler and cleaner. Although Highland Avenue was lined with mansions of every architectural style, only 12 remain today. Indeed, some Highland Park dwellers have resided for generations in this neighborhood of true character and charm.

Highland Park Jeanne Kolva, Joanne Pisciotta, 2005. The story of Highland Park begins long before the New Jersey town's founding in 1905 with the Lenape hunting these high woodlands along the banks of the Raritan River thousands of years before the arrival of George Drake, brother of Sir Francis Drake in the seventeenth century. From British encampments during the Revolution to a 1903 convention of hoboes through the business and politics of the present, Highland Park's history is full of life and drama.

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954, 2003. *Taking Back the Boulevard* Jan Lin, 2019-01-15. The promises and conflicts faced by public figures, artists, and leaders of Northeast Los Angeles as they enliven and defend their neighborhoods. Los Angeles is well known as a sprawling metropolis with endless freeways that can make the city feel isolating and separate its communities. Yet in the past decade, as Jan Lin argues in *Taking Back the Boulevard*, there has been a noticeable renewal of public life on several of the city's iconic boulevards including Atlantic, Crenshaw, Lankershim, Sunset, Western, and Wilshire. These arteries connect neighborhoods across the city, traverse socioeconomic divides, and ethnic enclaves, and can be understood as the true locational heart of public life in the metropolis. Focusing especially on the cultural scene of Northeast Los Angeles, Lin shows how these gentrifying communities help satisfy a white middle class consumer demand for authentic experiences of living on the edge and a spirit of cultural rebellion. These neighborhoods have gone through several stages: from streetcar suburbs to disinvested neighborhoods with the construction of freeways and white flight; to immigrant enclaves; to the home of Chicano artists in the 1970s. Those artists were then followed by non-Chicano white artists who were later threatened with displacement by gentrifiers attracted by the neighborhoods' culture, street life, and green amenities that earlier inhabitants had worked to create. Lin argues that gentrification is not a single transition but a series of changes that disinvest and reinvest neighborhoods with financial and cultural capital. Drawing on community survey research, interviews with community residents and leaders, and ethnographic observation, this book argues that the revitalization in Northeast LA by arts leaders and neighborhood activists marks a departure in the political culture from the older civic engagement to more socially progressive coalition work involving preservationists, environmentalists, citizen protestors, and arts organizers. Finally, Lin explores how accelerated gentrification and mass displacement of Latino and working class households in the 2010s has

sparked new rounds of activism as the community grapples with new class conflicts and racial divides in the struggle to self determine its future Highland Park Highland Park Company, Henrico County, Va,189? **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** ,1987 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** United States.
